PRINCIPLE VERSUS TRICKERY.

In the great struggle for the Oregon senatorship there is a sharp issue drawn between principle and trickery.

WHO CAN DOUBT THAT PRINCIPLE WILL WIN?

Cake for senator stood for principle and won the nomination.

THE MACHINE STOOD FOR TRICKERY AND WAS DEFEATED.

Then Cake, who was nominated on principle was deprived of Republican support by machine trickery and lost the popular vote.

IT WAS EVER THUS: THE POLITICAL RESORTS TO TRICKS, THE PEOPLE WANT WHAT IS RIGHT AND VOTE FOR PRINCIPLE.

Shall principle prevail or trickery triumph?

It is a matter of history that the machine organ played up Chamberlain and gave Cake the double-cross.

IT IS A MATTER OF HISTORY THAT THE MACHINE LEADERS ADVISED VOTING FOR CHAMBERLAIN FOR SENATOR.

They were not sincere in this. It was considered a smart political trick to defeat election by the people.

The honest voters of all parties went into the voting booth at the April primary and made their marks on the ballot for senator conscientiously.

THEY ACTED WITH HONESTY AND SINCERITY FROM MOTIVES OF PRINCIPLE.

The voters of Oregon did the same at the June election.

THEY MADE THE CROSS ON THE AUSTRALIAN BALLOT TO DETERMINE WHO SHOULD BE SENATOR.

The people voted honestly in April and June to choose a United States senator FROM PRINCIPLE BY THEIR DIRECT BALLOT.

The bosses and machine politicians acted dishonestly in the June election to defeat the Republican nominee BY TRICKERY.

Will the representatives of the people who signed Statement No. 1 rattle principle of trickery when the legislature meets?

WILL THEY VOICE THE UNBOUGHT AND UNSOLD WILL OF THE PEOPLE OR PLACE THE CROWN UPON TREACHERY TO THE REPUBLICAN PARTY AND TRICKERY OF THE PEOPLE?

So long steeped in corruption and indirect methods, it seems the Republican machine leaders are incapable of dealing FAIRLY WITH THE RANK AND FILE OF THEIR OWN PARTY.

What would have been more honorable than for the machine leaders to have said: "MR. CAKE IS THE REPUBLICAN NOMINEE. LET US SEE TO IT THAT HE IS ELECTED."

Did they do that? Did a single one of them do that?

In fact, did they not do the opposite? The election returns will show where Cake was defeated.

Is it not a fact that in some counties completely dominated by the machine THE BOSSES BOLDLY OCCUPIED THE DEMOCRATIC HEADQUARTERS.

Yet they pose as the representatives of pure Republicanism and the preservers of party purity!

The cold, historic, frozen facts of truth are that the old machine IS SO STEEPED IN TRICKERY that it is incapable of sustaining the fundamental Republican principle—MAJORITY RULE.

If the machine cannot dictate nominations it will defeat the nominee.

WHAT IS WHAT IT DID FOR CAKE FOR SENATOR. THAT IS WHAT IT DID FOR DR. WITHERSOME FOR GOVERNOR.

Assailing fundamental Republican principle, it asks the representatives of the people O VIOLATE THEIR PLEDGES AND RATIFY MACHINE TRICKERY.

No question of personality enters into electing the next Oregon senator. It is the simple issue—shall principle or trickery prevail?

THE MAGICAL BEAUTY OF THE WILLAMETTE VALLEY

It is wonderful in spring with its witchery of green and its checker-board of blooming orchards.

But at this season of the year, when the mists overhanging the mountains, ITS BEAUTY IS INDESCRIBABLE.

Its springtime beauty is that of a budding, blushing girl in the bloom of youth.

Its midsummer charm is that of THE PERFECT MATURITY OF WOMANHOOD.

The year is ripening. The fields are yellow of harvest. The forests are solid walls of living green.

The fields stretch out like sheets of beaten gold with backgrounds of restful forests.

And from nearby to the farthest distance SPREADS THE SHEEN OF DELICATE AUTUMNAL AZURES.

Coming down into the valley from the Coast Range by the Mary's river canyon the landscape is of magical beauty.

The sun-warmed valley spreads like a rich tapestry of cloth of gold with evergreen tasselled fringes.

OVER ALL IS THE ARCH OF THE BLUE-WHITE SKY, serrated at the edges by the skylines of fir forests fringing the hills.

Looking across the wide rich prairie from Albany the eye loses itself IN THE GLORIOUS EXPANSE OF LANDSCAPES.

Great valleys extend far back into the Cascades at Lebanon, Selo and Brownville, the canyon sides fading into deepest blues.

Great buttes here and there loom up, their south slopes brown and scared by the sun, their northern exposure green with forest.

Going up the valley toward Eugene and Cottage Grove the valley increases in picturesque beauty and UNFOLDS IN BEAUTY LIKE A DREAM OF ANOTHER WORLD.

Where the Willamette forks, where the waters begin to spray and foam over the rocks, where the Mackenzie sweeps away to the east, OPENING THE DOORS OF AN ISLAND EMPIRE ALL TO ITSELF, the scenery of the valley grows beautiful beyond description.

Nearer its head-waters, along the coast forks, losing itself in the mountains, THE EFFECT IS A CONTINUANCE IN ART.

When the world becomes trained to a more perfect appreciation of natural beauty, it will declare this the paradise of American scenery.

The imported landscapes of France and Italy, the evanescent effects of Japanese art, are tame and unreal compared to our valley.

What is Best for Indigestion? Mr. A. Robinson of Drumquinn, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used."

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for 18 years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for 35 years he knows its value and is competent to speak. For sale by Dr. Stone's drug store.

Errors are educators. Granulated Sore Eyes Cured. "For 20 years I suffered from a bad case of granulated sore eyes," says Martin Boyd of Henrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is for sale by Dr. Stone's drug store.

FIGHTING HARD FOR CAR SERVICE

The people of Salem Heights, that thriving fruit district just south of the city limits, are making a united effort to get car service on the line from the cemetery as far south as the rock quarry. This road is built but is only being used to haul crushed rock to the city for paving purposes. Since it was built, three years ago, that section has been transformed. One farm which for 40 years has been occupied by but one family now has 40 homes of happy workers, and the population has increased to such an extent that car service is demanded of the General Electric people.

A petition has been brought in giving the names of residents in that district of about a mile, numbering 515. This is one of the most striking examples of what boosting and subdivision of farms will do. Scores of new houses have gone up in this little district within the past two years. A new school district has just been created and a four-room school house built to accommodate their children.

These people are growing fruit and walnuts. Their district is reached by the finest crushed rock road, and they are virtually putting on city airs. It is one of the most flattering pieces of development that has materialized in the Willamette valley.

Values of Emperors and Queens. Emperor William has prided himself for years upon his fan-shaped mustache. The ends instead of coming to a point, were spread out like a peacock's feathers. To train them in this fashion required a gauze net, hot irons and a little wax.

German officers copied the imperial precedent, and fan-shaped mustaches became the fashion. So distinctive was the style that the

privates in the German army usually presented arms to every shaped mustache.

The Emperor also smoked while lighting a cigar, he chose to singe one of the fans. This singe his mustache so lopsided that the other end had to be trimmed to symmetry. The officers of his staff promptly trimmed their mustaches to correspond. The next time the Emperor and his staff in official dress visited a fort the sentries refused them admittance.

The German fashion in mustaches has now changed, as English fashions changed to suit Queen Victoria's hair and neck. That is one of the greatest values of emperors and queens. They make new fashions. Queen Elizabeth invented the ruff to hide a somewhat crooked neck. Prince Consort Albert vogue to the frock coat, frequently called the Prince Albert, because made him look taller. Tailors, milliners, dressmakers and hat-dressers thrive on royalty's whims and vanities.—New York World.

Irritation of the throat and hoarseness are relieved immediately by two or three little swallows of Kemp's Balsam, the best cough and Grip patients should make a habit of this.
