BULL CREATES PANIC AMONG MERRY-MAKERS
San Francisco, Cal., Aug. 24.—The park commissioners are today preparing an appeal to the chief of police and police commission to enforce the regulations against allowing cattle to run at large in the city and have asked that the mounted police prevent a repetition of yesterday's incident when a mad bull ran into Golden Gate park while it was full of merry-makers and created havoc.

The bull appeared at the children's playground and drove the little ones to safety in flight. Pandemonium reigned among the women and children for several hours. Mounted police chased the intruder through the park and finally captured him with lariats.

Granulated Sore Eyes Cured.
"For 20 years I suffered from a bad case of granulated sore eyes," says Martin Boyd of Henrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is for sale by Dr. Stone's drug store.

"He that is void of wisdom" borrows his neighbor's paper.

Sultz was standing upon some pipes running through the brewery trying to locate a short circuit of the electric wires which light up the building, and attempted to cut overhead a wire which was charged with 500 voltage with his piers. The shock did not throw him from his footing, but it was so strong he could do nothing but drop which he did alighting on both feet 12 feet below on the hardest of concrete floor.
