BROADWAY GRADE IS SETTLED

The intricate and knotty problem of the Broadway grade, which for the past two months has been discussed and wrangled over at every meeting of the council, has at last been settled, for the present at least, and the track of the Oregon Electric company on Broadway will be allowed to remain at its present grade until the city has made permanent improvements on that street and on two intersecting streets, as far north as Madison street.

The matter came up in the form of a resolution, and when the vote was taken none of the city fathers dissented. Councilman Radcliff introduced the resolution, which is as follows:

"Whereas, by resolution adopted by the common council of the city of Salem on the 3d day of August, 1908, the Oregon Electric Railway company was required to lower its track on Broadway street in the city of Salem between certain points specified in such resolution, for the purpose of conforming such track to the grade established by ordinance, and

"Whereas, it does not seem expedient or for the best interest of the city to proceed with the improvement of Broadway street which has heretofore been ordered, and

"Whereas, the Oregon Electric Railway company has offered to improve that portion of the street between its rails and for one foot on each side thereof at each street intersection on Broadway street by planking the same and abutting the same with gravel, and has further offered forthwith to lower the grade of its track under the direction of the authorities of the city of Salem on High street from Mill Creek to Center street.

"Be it resolved, that the Oregon Electric Railway company be and it is hereby permitted, subject to all the provisions contained in its franchise, to maintain its track upon Broadway street as now located and constructed, until a comprehensive improvement shall be ordered by the council of Broadway street and at least two cross streets intersecting Broadway street, provided, however, that the said Railway company shall comply with the offers hereinbefore recited, with respect to the crossings at street intersections and the lowering of its track on High street.

Councilman Elliot moved that the resolution be adopted with the provision that a written agreement been entered into with the Oregon Electric company, whereby the company shall fulfill all the promises contained in the resolution.

Councilman Presnall moved that the third clase of the resolution be amended so as to include all the street intersections in North Salem. Greenbaum moved that the matter be postponed until the next meeting, but his motion failed of a second.

Councilman Stolz suggested that the company's officials explain all the articles in the resolution, so that the councilmen would know exactly what they were voting for. Attorney Kerr for the railway company addressed the meeting and exp'a'ned what was meant by "comprehensive improvement." By this term, he said, was meant the improvement of Broadway and also of two intersecting streets for two blocks on each side of Broadway.

In answer to a question from Councilman Greenbaum Mr. Kerr said that he would consider crushed rock pavement as a comprehensive improvement. The words "macadam, or pavement equally as good" were then added, th word comprehensive changed to "permanent," and the whole included in the amendment of Councilman Presnall. The resolution was further amended to limit the improvement of Broadway to Madison street only and th resolution was passed unanimously as amended.

The city attorney was instructed to serve notice to Weller Bros. to construct a sidewalk in front of their property on State street. The street commissioner was instructed to widen to culvert on Broadway, north of Hood street.

Upon the motion of Councilman Stolz a special committee consisting of Councilmen Presnall, Elliott and Greenbaum, was appointed to confer with the proper county officials to investigate the securing of crushed rock for future improvements.

Councilman Low addressed the council on the matter of the open mill race in South Salem. The matter was referred to the committee on fire and water.

Several crosswalks were ordered constructed on Seventeenth street.

A communication from Wm. Brown regarding the connection of his sewer on his property on State street was referred to the committee on sewers with power to act.

The bid of the Capital Improvement company for the improvement of Broadway was rejected and their bid ordered returned. Advertisements for bids for the construction of the Bellvue street sewer were ordered published.

A resolution was adopted ordering the following persons to build sidewalks in front of their property: D. B. Steves, Lula M. Legg, Salem Water company, Oregon Electric company, Jennings Smith, Carrie E. Roland, J. A. Darr, Mabel T. Robertson, Mary A. Avert and E. M. Croisan.

A bill amending the ordinance on show licenses to include moving picture shows, was referred to the committee on ordinances. The bill provides a tax of $25 per quarter.

A bill prescribing the form for satisfying liens held by the city against any property owner was carried to its final reading and passed.

The assessment ordinances for improvement of Winter street from North Mill creek to the Fair Ground road was carried to its third reading and passed. The estimated cost of the improvement is $3159.22.

The street commissioner was instructed to put in a new bridge over the mill race near the new Oregon Electric depot, and to repair the cross walks leading to the company's property at Ferry and Trade streets.

She Likes Good Things.

Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at J. C. Perry's drug store. 25c.

The new prune packing organization will fight the combine.

Take Kodol whenever you feel that you need it. That is the only time you need to take Kodol. Just when you need it; then you will not be troubled with sour stomach, belching, gas on the stomach, etc. Sold by all druggists.

New Notaries.

James S. Foss, Francis I. McKenna, Portland.

YOUNG MOTHERS

A mother who is in good physical condition transmits to her child the blessing of a good constitution; sickly, ailing mothers, the reverse.

The tiny babe brings to her a living responsibility. At such a time too great care cannot be taken to build up the mother's general constitution, and restore her feminine system to a healthy, normal condition. The greatest assistance that any woman can have in accomplishing this all-important work is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. M. Gilmer, of West Union, S. C., writes to Mrs. Pinkham, Lynn, Mass.

"I was greatly run down in health, suffering from a weakness peculiar to my sex. I began to take Lydia E. Pinkham's Vegetable Compound, and I was not only restored to health but am the proud mother of a fine baby girl. I wish every sick and ailing woman would give Lydia E. Pinkham's Vegetable Compound a trial."

Mrs. Paul Oliver, of St. Martinville, La., writes to Mrs. Pinkham:

"For years I suffered from the worst form of female troubles, and the doctor said I could not get well without an operation. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I have the sweetest little baby girl. I will never cease to praise Lydia E. Pinkham's medicine."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with the worst forms. Why don't you try it?

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion nervous prostration, neuralgia, hysteria spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.
