CIRCUS SUED FOR WAGES.

Henry Stengassa, who has been employed as a laborer with the Barnum & Bailey Circus, and who quit work while the show was in this city yesterday brought suit in the police court yesterday afternoon to recover \$47.95 alleged to be due him for labor performed between April 20 and August 27 of this year. The complaint states that the amount due aggregated \$127, but that he received only \$79.00 and that the circus people refuse to pay him any more. The complaint discloses a fact

that will be of interest to many; that is that the Ringling Brothers have a veritable corner on the circus business, being the owners of the Barnum & Bailey show along with their numerous other circuses. The complaint is made out against "Otto Ringling, John Ringling, et al, co-partners doing business under the firm name of Barnum & Bailey." The owners of the circus have seven days in which to answer the complaint and appear in this city for trial, in default of which the plaintiff may secure a judgment and have the circus attached. Carey Martin is the attorney for the plaintiff.

CITY SUED FOR WORK OF MOBS

(United Press Leased Wire.)
Springfield, Aug. 28.—The wife of Scott Burton, the first negro lynched in the recent riots here, is suing the city for the death of her husband. The amount is \$5000 which the law allows to persons who are killed by mobs. It is announced also that a similar suit will be filed by the heirs of William Donagan, another negro who was lynched.

The heirs of four other negroes killed during the rioting cannot obtain the money because they were killed by stray bullets or in open battle and were not slain by the mob. Property owners continue to file suits for damage against the city and the sum of claims made is over \$50,000.

It is expected that these cases will be given preference in the courts and will receive quick action. The general sentiment among the citizens is that the survivors of the families of the mob victims should be paid at once and that the city should pay for the damage done by the rioters promptly. Many of the claims however undoubtedly will be hotly contested.

MURDERER STOLIDLY MEETS FATE

(United Press Leased Wire.)
San Rafael, Cal., Aug. 28.—Dolphin Albitre, of Los Angeles county, paid the extreme penalty on the gallows at 10 o'clock for the murder of his wife.

The man showed no signs of emotion and walked stolidly to his death. He had no statement to make and said nothing to the guards. He apparently was prepared to meet his fate and did not flinch.

The trap was sprung exactly at 10 o'clock and the man was pronounced dead at 10:16 o'clock.

The guards and attendants at the prison said the execution was one of the most successful on record. There was not the slightest break in the scheduled arrangements.

Albitre, who was 35 years old, and a foreigner, seemed to be the one least interested in the proceedings this morning and as he looked about for the last time before the hood was slipped over his head, his eyes seemed clear, and his expression was that of determination.

SPECIAL JUDGE TO TRY HAINS

(United Press Leased Wire.)
New York, Aug. 28.—Captain P. C. Hains and Thornton Jenkins Hains, both charged with the murder of William E. Annis, were handcuffed again today and taken before Magistrate Gilroy, in the police court. After a brief hearing, the brothers were bound over to the grand jury without bail.

Under an order issued by Governor Hughes a grand jury will be empaneled specially to take up the case and it is expected that it will convene about Sept. 21. The governor also will appoint a special judge to try the case.

Hains Brother Sorry.

The most startling evidence brought out at the hearing was the statement of Charles H. Roberts, who said that immediately after the shooting, T. Jenkins Hains told him he was sorry that Captain Hains shot Annis. "Jenkins told me," said Roberts, "that he tried to dissuade Captain Hains from shooting Annis and accompanied him only when he found

that it was impossible to deter him. Jenkins said he threatened to shoot anyone who tried to interfere in order to prevent further bloodshed." Captain Hains wore civilian clothes today and sat through the hearing with his head on his hand. His eyes had a meaningless vacant stare, though he was pale and clearly agitated. Jenkins was keenly alert. He talked frequently with counsel.

Roberts, Charles Baker, the officer who made the arrests, and Dr. Frye, the coroner's physician, were the only witnesses. General Hains, father of the defendants was present.

POSTOFFICE ROBBERS GET \$1500

(United Press Leased Wire.)
Tacoma, Aug. 28.—Safe blowers forced their way into the postoffice at Parkland, a suburb of Tacoma, early today, blew open the safe, partially wrecking it, ransacked every nook of the office and escaped with \$1500 in cash, stamps and other postoffice supplies.

According to an estimate made today by Postmaster Erickson, the loss consists of 22,000 two-cent stamps, 20,000 one-cent stamps, \$300 in postoffice money, \$300 of Erickson's personal money, and a book of blank money orders. Some valuable and rare coins owned by Erickson are also missing.

BURGLAR CAUGHT BY WOMAN

(United Press Leased Wire.)
San Francisco, Aug. 28.—George Clark, an ex-convict, was today charged with burglary by Mrs. Edward Riley, a guest at the Mohawk hotel, who last night captured the thief as he was ransacking her room.

Mrs. Riley returned home to find the burglar going through the bureau in her room and before he could dodge past her through the door, she locked him in and telephoned for the police. The burglar surrendered to the patrolmen who arrived in a few minutes.

CALIFORNIANS ADOPT PLATFORM

(United Press Leased Wire.)
Oakland, Cal., Aug. 28.—When the Republican state convention reconvened at 10:30 o'clock this morning Chairman McNab, of the resolution committee, read the draft of the platform and it was adopted unanimously as read. In addition to the features announced in advanced, the platform also recommends a law establishing a reformatory for first offenders in this state and for the segregation of this class of criminals from old offenders.

It contains no reference to the capital removal agitation. The Springfield race riots are condemned and protection promised to the negro. Improvement of harbors and rivers is demanded and the proposed taxation amendment providing for the segregation of state and county taxes is endorsed.

Nominations for presidential electors were begun immediately.

Oakland, Cal., Aug. 28.—The platform as adopted by the committee on resolutions omits all mention of the Suffragettes and their demand for submission to the people of a constitutional amendment calling for equal suffrage. It is understood that the vote on the proposition was close. The platform, which binds the assembly men and senators nominated by the Republicans this year contains a strong endorsement of Senator Perkins, amounting almost to an instruction for his re-election.

It contains a plank endorsing Taft and Sherman; favors the revision of the tariff provided California products are not affected; pledges the next legislature to economy in the expenditure of public funds; calls for the direct primary; praises the administration of Governor Gillett and demands Asiatic exclusion.

Women Create Scene.

Oakland, Cal., Aug. 28.—The Suffragettes of California hurled defiance at the delegates of the Republican state convention today by refusing to accept a "filing" vote of thanks rendered them as consolation. The business of the convention had been finished at noon and the

delegates were ready to adjourn, when Frank Dominguez of Los Angeles moved that the convention extend a vote of thanks to the suffragettes who had attended the convention and "inspired the delegates to acts of high statesmanship by their presence."

Chairman Dozier called for a filing vote on the motion and asked the delegates to take off their hats. They all stood up and began to cheer for the women, when Mrs. Agnes Pease, the militant suffragette from Colorado took command.

Making her way down to the railing of the balcony where she was seated, she held her fist aloft and shouted at the chairman for attention.

"Mr. Chairman," she shouted "the women refuse to accept a vote of thanks from this convention." There was a general silence over the theater. The delegates took their seats.

Inquest on Scholl Death.

(United Press Leased Wire.)
Portland, Or., Aug. 28.—Coroner Norden expects to hold an inquest tomorrow afternoon over the remains of Charles Scholl, secretary of the Salem brewery company, who died at the Good Samaritan hospital in this city last Wednesday. Death is said to have been caused directly by exposure following a fall from the porch of the Collins Springs hotel, the fall resulting in a compound fracture of the man's leg, the limb being snapped off short in two places below the knee.

Diarrhoea Cured.

"My father has for years been troubled with diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhoea Remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for 18 months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although 60 years old, can do as much work as a young man." Sold by Dr. Stone's drug store.

EX-GOVERNOR SEMPLE OF WASHINGTON DYING

(United Press Leased Wire.)
San Diego, Cal., Aug. 28.—Eugene F. Semple, former governor of Washington, died here today after four months illness.
