Go to Josse's—Court street, for wall burlap.

No Wheat Decrease—From all indications there will be as much wheat handled in this section as there was last year, notwithstanding the fact that the acreage this year is smaller. The prevailing high prices of wheat have caused the farmers to dispose of their crops as fast as the grain is threshed, and already the Bryant & Reeder mills in this city have received about 25,000 bushels of the new crop. The Salem Flouring Mills Co. have also purchased all the wheat they expect to handle from this crop.

Sinclair Bros.' Sanitary Market—Is the place to get your meat. They always carry the best. Phone 221.

Special Fair Rates—The Wells Fargo Express company has announced that all shipments of exhibits to the Oregon state fair will be expressed at one-half the regular rate.

Bicycles Stolen—Thieves in this city on circus day got away with four bicycles which the authorities have not yet been able to locate. The stolen property includes a Racycle belonging to Charles Matlock, a Columbia belonging to his son, an Eagle, the property of James Chenoweth, and a wheel, the name of which is not known, belonging to George Clyner. The bicycles were taken from the Southern Pacific depot.

To Correct Any Misunderstanding—Article in the Oregonian, Aug. 27, regarding change in supple rate to the east. This to advise the shippers and shippers that the changes mentioned does not in any way advance rates from S. P. points in Oregon.

Why James Lee Got Well—Everybody in Zanesville, O., knows Mrs. Mary Lee of rural route 8. She writes: "My husband, James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at J. C. Perry's drug store, 36c, and \$1.00. Trial bottle free.

MELBOURNE WELCOMES BIG FLEET

BEST RECEPTION OF VOYAGE

Melbourne, Aug. 29.—By H. Lee Clotworthy, United Press Correspondent aboard the United States ship Georgia.—The Atlantic fleet arrived here at 3 o'clock this afternoon and was accorded a welcome that outranked in magnificence anything so far on this eventful trip.

From Port Phillip heads to the anchorage grounds in Port Phillip bay, a distance of 30 miles, the entrance of the squadron was one long ovation.

Thousands of pleasure craft had come out to the heads to meet the American battleships and the shores were lined with almost as many people as witnessed the entrance of the fleet into San Francisco harbor.

The British cruiser Payche boomed her cannon 13 times and dipped her flag to the Connecticut as he entered the harbor and the salute was returned.

Although the official landing of the officers and men of the fleet will not take place until Monday morning, Admiral Sperry and his staff came ashore today and paid an official visit to Hon. Sir Reginald A. J. Talbot, governor of Victoria. He entertained them with a dinner and later returned their official call on board the Connecticut.

Melbourne is crowded with thousands of people who have come from the interior to visit the city during the stay of the fleet. Her 500,000 population has been greatly increased and everyone is beaming a welcome to the American sailors.

The newspapers of the city are all warm in their expressions of welcome. The press urges an understanding between Great Britain and the United States for the control of the Pacific ocean by the English speaking people.

Tomorrow will be spent quietly. No visitors will be allowed on board the American war ships until Monday. The usual devotional services on all the ships will be observed.

Mr. Albright's mother, Mrs. Martha Albright.

L. G. Schultz of Roseburg arrived this morning to attend to business matters and visit with friends for a short time.

Mrs. J. F. Staiger left for Hubbard this morning, accompanied by her niece, Mrs. Whitney of California, to visit with friends and relatives for a short time.

Walter Milas, formerly a Salem druggist, but for the past year in Portland, is here visiting friends and relatives.

A. L. Guerin, of Weiser, Idaho, arrived yesterday to visit with his mother, Mrs. C. Suray. Mr. Guerin is a United States mail carrier out of Weiser.

C. K. Spaulding left for Newport today to spend Sunday with his family, who are spending the summer at that place.

Rev. H. O. Henderson has returned from an outing in the mountains near the Gold creek and Electric mines.

Frank Stearns was a passenger on the noon overland for Ashland where he will attend to business matters and visit friends for a few days.

D. M. Watson, proprietor of the Watson restaurant in Portland, arrived this morning to look over his dining rooms which are being erected in the south half of the grandstand lower floor at the fair grounds.

John C. Oeder, a hop man of Sacramento, transacted business here yesterday, leaving for Portland in the evening.

Mr. and Mrs. J. O. Simeral and daughter Elnor departed this morning for South Bend, Wash., to visit with relatives for a week.

William Schult, formerly connected with the Salem brewery, but now manager of the Acme brewery in San Francisco, was in this city yesterday on business and pleasure.

Miss Florence Moore, of Rupert, Ida., niece of Rev. A. Moore of the St. Joseph church, arrived in Salem this morning to attend the Sacred Heart academy during the coming year.

E. B. Van Arman, speciality man on the road for the Honeyman Hardware Co., is transacting business here. Mr. Van Arman is better known in this city as "Billy La Van," one of the best baseball players in this country 16 years ago when the "old-timers" of the Capital City team were in their prime. Mr. Van Arman made many acquaintances during his ball career here, several of whom are now dead.

DIED
PAINTER—At the family home, 2 1/2 miles north of Salem, Friday at 3 p. m., Octava Jean Painter, daughter of Mr. and Mrs. Phil. Painter, aged 2 years, 3 months and 4 days.

The funeral will be held at the residence Sunday at 2:30 p. m., services conducted by Rev. J. Barr Lee, burial in the Odd Fellow's cemetery.

COUNTER SUIT BY EVELYN

(United Press Lensed Wire.)

New York, Aug. 29.—Following the report circulated yesterday to the effect that Harry K. Thaw is planning to bring suit for divorce against his wife at the end of his trial next month, it is declared today that Evelyn has notified her attorneys to prepare a counter suit and to begin action immediately after Thaw files his papers for separation.

Thaw has told his friends that he has in hand sufficient evidence to secure a divorce from his wife, but he hesitates to bring suit now because of the heavy litigation in which he is involved. He is also a bit nonplussed by the announcement that Mrs. Thaw will bring a counter action.

BALLOONS READY FOR BIG RACE

(United Press Lensed Wire.)

Columbus, O., Aug. 29.—Enormous crowds thronged Columbus early today in anticipation of the start late this afternoon of the fourth international balloon race, in which six monster gas bags will be entered in competition for a silver trophy valued at \$500. The race is from Columbus to the Atlantic sea coast, a distance of approximately 1000 miles.

The contest is conducted under the general direction of W. H. Pickens, representing the Columbus Aero club, under the auspices of which the contest is being held.

Four of the entries are widely known through performances in past contests.

Colonel C. A. Coey is pilot of his own balloon, the Chicago, which won the St. Paul race last July.

J. J. Mende, of the United States army, is pilot of the Ironclad, owned by Henry C. Pirrug of Columbus.

Captain A. E. Mueller, the famous French aeronaut, is pilot of the Ville de Dieppe, owned by Paul Lucier, mayor of Dieppe, France. This balloon is the one which dived into Lake Michigan during the Chicago race, July 4.

Lieutenant Brenk is pilot of the British entry, Kink Enward, which is owned by the Canadian Aero club of Winnipeg.

MARSHFIELD GRAND STAND COLLAPSES

(United Press Lensed Wire.)

Marshfield, Or., Aug. 29.—A small percentage of Marshfield's population is today either swathed in bandages and spending the day at home, or limping the streets receiving the hearty congratulations on their remarkable escape from more serious injury or possible death when a section of the grandstand, seating 500 persons, collapsed yesterday at the southern Oregon district fair.

The spectators were piled one upon another. It was feared at first that many had been hurt, but when the crowd had been quieted it was found that minor bruises constituted the extent of the injuries.

WOODPECKERS WREAK HAVOC ON POLES

Washington, Aug. 28.—Woodpeckers are destroying telephone and telegraph poles by the wholesale in the south and southwest, particularly in Texas, Arizona and California, says a bureau bulletin issued by the forest service. In some places 50 per cent of all the poles along the right-of-way have been riddled.

A Western Union official, who has recently returned from an inspection through the west, reported having seen 25 telephone poles with two or three hundred holes drilled clear through them. Some were three or four inches in diameter.

An officer of the Illinois Central Railroad found that out of 268 white cedar telephone poles along the right of way near Covington, Tenn., 110 had been bored.

In some cases destruction of the pole takes only a few months, and the weakened condition makes it dangerous for a line man to climb the stick.

The woodpeckers' object in drilling the holes is uncertain. One telephone man said that the humming of the wires was mistaken by the birds for insects excavating beneath the surface of the wood, and that they drilled the poles in quest of these imaginary insects. It is very probable, however, says the forest service expert, that the holes are excavated for storage purposes. The woodpecker is a provident bird. At the proper season it stores up a supply of acorns and other foods for future consumption. In the summer these holes are often found stored with acorns.

Many methods for preventing the damage have been suggested, but probably the most successful is said to be preservation with creosote. A line of creosote poles, opposite the one near Covington, was examined, and out a single hole was found.
