Zinn's Confectionery, 478 State street. Dr. Stone's, 241 North Commercial street. Huffman's Store, North Sixth street. German Bakery, corner Twelfth and Chemeketa.

### AUTO ROADS TO

#### KLAMATH FALLS

Two auto roads into Crater Lake National park. One from the line of the Southern Pacific, eastward to the summit of the Cascades, the other from some point east of the mountains, westward into the scenic reserve.

Governor Chamberlain has appointed the committee which will have in hand the ways and means of providing the money necessary to build the roads and of selecting the points from which the highways will penetrate into the mountain vastnesses and about the natural beauties which surround Crater lake. The committee consists of the following:

E. H. Harriman, Judge Lionel R. Webster, Henry L. Benson, Klamath Falls; F. J. Reddy, Medford; F. H. Hopkins, Central Point; Benton Bowers, Ashland; J. H. Scott, Salem; G. T. Baldwin, Klamath Falls; T. B. Wilcox, Portland; W. I. Yawter, Medford; C. S. Jackson, Portland, and Colonel Frank H. Raly, New York city, who is largely interested in the development of the Rogue River district.

Governor Chamberlain's action in soon formulating plans for the construction of the wooded avenues in the deep forests surrounding Crater Lake National park came about as the result of a move to gain easy access to one of the most scenic regions in the world.

While Mr. Harriman was in conference with the governor's party and General Manager O'Brien at Pelican Bay Lodge the past week he was forwarded the following telegram, after a conference between some of those interested in building roads to the park:

"E. H. Harriman: Proposed to raise \$250,000 to build first-class auto roads from Medford to Crater lake and from lake to Klamath Falls, connecting with your line at both ends. State of Oregon, Jackson county, Klamath county, cities of Medford, Central Point, Klamath Falls, interested individuals, to provide money. Many prominent men favor movement. Will you accept appointment as one of commission which governor will name to formulate plans and carry project to completion? Will not encroach greatly upon your time?"

Then out of the dense wood surrounding the idyllic spot where the railroad king is free for a time from the cares and worries of the financial maelstrom, came the following reply:

## Your Money

in the bank is in active use and benefits the whole community.

It helps to plant the fields and harvest the grain.

It picks and cures the fruit and hops.

It keeps the mills and factories running.

It helps to make good and prosperous times for all.

It helps YOU too by earning interest if deposited with us.

SAVINGS DEPARTMENT  
CAPITAL NATIONAL  
BANK

"Thanks for your message, I will confer with the governor when he comes down here. Am ready to do anything I can to aid intelligent improvement."

And so Governor Chamberlain has placed E. H. Harriman at the head of the committee.

### COFFEE

Nothing does more for a grocer, one way or the other, than coffee. He must sell poor; (he needn't sell it to you) it is good that makes him.

Your grocer returns your money if you don't like Schilling's Best; we pay him

### LAUNCHES IN

#### THE FOREST SERVICE

A. E. Cohoon, supervisor of the Siuslaw forest reserve, has three gasoline launches in operation and another under construction for the convenience of the service. One launch is on the Umpqua, another on the Siuslaw, and a third on the Alsea river. The fourth launch is being built for Smith river, a branch of the Umpqua inlet, which is navigable for 12 miles.

All of these streams have a number of miles of navigable water, usually just as far as the tide reaches, on the main trunk and its branches. The Umpqua river of itself runs back nearly 30 miles, the Siuslaw over 20, while the Alsea extends back into the interior perhaps 15.

The government has been put to considerable expense by not having launches at the service of the rangers. One time Mr. Cohoon had to wait a whole day to cross one of the streams. By the rules governing the boats, they can only be used for government purposes. At any time when a traveler or settler can be aided when in trouble by the launches and the man or men in control, the instructions are that they shall be put at the service of the unfortunate.

In fact, this is one of the principles of the whole service, and the settlers frequently find themselves indebted to the rangers who look after the interests of the government.

### Chronic Diarrhoea Relieved.

Mr. Edward E. Henry, with the United States Express Co., Chicago, writes, "Our general superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack of the old chronic diarrhoea. I have used it since that time and cured many on our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment, and have no ailment except chronic diarrhoea, which this remedy stops at once." For sale by Dr. Stone's drug store.

### ROSEBURG-COOS

#### BAY AUTO ROAD

(Coos Bay Times.)

A plan to build an automobile road between Coos Bay and Roseburg and to operate a line of autos over it has been launched by Mr. Crow, representing a Los Angeles syndicate which owns and operates several auto transportation companies in Nevada. Mr. Crow has a surveying party going over the road now.

Mr. Crow figures that the road can be put in good shape for a comparatively nominal sum, making it passable for autos the year around. He says that it will not be necessary to cut the grades so much as to

plank and fill the low places so that they will not become almost impassable mudholes. He is confident that he can fix it so that a minimum speed of 20 miles per hour can be maintained over it.

He has taken the matter up with the Marshfield and Roseburg Chambers of Commerce and hopes to get the improvement made so that the line can be started this fall. It is proposed to put portable sawmill on the job, cutting down the timber along the right of way and planking wherever necessary. Already eight miles of the distance has been planked.

DeWitt's Kidney and Bladder Pills will promptly relieve all Kidney and Bladder disorders. Sold and recommended by all druggists.

If you take Kodol in the beginning the bad attacks of Dyspepsia will be avoided, but if you allow these little attacks to go unheeded it will take Kodol a longer time to put your stomach in good condition again. Get a bottle of Kodol today. Sold by all druggists.

### WILL GIVE SMALL CITIES TELEPOST SERVICE

New York, August 31.—That the new telegraph company, the Telepost is determined to establish its system in even the remotest parts of the country is shown by the announcement that the company has perfected specially designed apparatus for small branch offices, where a larger and more expensive equipment necessitating electric power might be impracticable.

The new apparatus is a combination of two Delaney automatic instruments in one—being both a "sender" and "receiver," working either simultaneously or alternately, the power being supplied by a spring motor. No electric power is necessary.

The instrument may also be attached to telephone wires for the transmitting and receiving of telegraph messages without interfering with telephone conversations.

Its portability and absence of power attachments permit the apparatus to be used at any place desired and to be shifted about from spot to spot or room to room at the will of the operator. Not the least important feature of this instrument will be to newspapers in reporting event from points where no telegraph office is available.

This new instrument marks an important achievement in the rapid progress of the work of establishing the Telepost lines, besides securing an enormous saving in working expenses, for not only is the expense of electric motor power eliminated but the cost of the apparatus itself is trifling compared with that of the installation necessary for the larger offices.

### Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. Its not disposition, its the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by all dealers.

### CLUB CARETAKERS

#### ARE ASPHYXIATED

(United Press Leased Wire.)  
Seattle, Wn., Aug. 31.—Harry Long, chief caretaker of the fashionable Seattle tennis club house, and an assistant are dead today, having fallen victims of gas while sleeping in the club.

Both men were found in the same room late yesterday while was escaping freely from a gas pipe in the same room. Long was dead, but his assistant, whose name has not been learned, was still living. He died, however, on the way to the hospital.

### EASILY DECIDED

This Question Should Be Answered Easily by Salem People.

Which is wiser—to have confidence in the opinions of your fellow-citizens, of people you know, or depend on statements made by sly strangers residing in far-away places? Read the following:

W. J. Carlton, of 1446 Third St., Salem, Or., says: "Doan's Kidney Pills, which I procured at Dr. Stone's drug store, not only strengthened my kidneys but they speedily removed the backache and lameness. A remedy that acts with such prompt and beneficial results as Doan's Kidney Pills is worthy of all confidence. I can conscientiously recommend them to others for I know I never had any medicine of the kind equal to them for curing backache and kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### FARMERS PRAISE HYBRID WHEAT

(East Oregonian.)

That the Washington State college experiment station has propagated new varieties of wheat which are proving of excellent quality, yield well and are, in fact, almost ideal wheats for this section, seems certain, says a Pullman item. After many years of patient work, started by Professor W. J. Spillman, now with the department of agriculture at Washington, D. C., and followed by his successor, as head of the college experiment station, Professor E. E. Elliott, these new varieties of wheat have been perfected and are produced in sufficient quantities to seed vast areas.

Professor Elliott distributed some of the seed among a lot of the best farmers, trying to get some of it in every neighborhood that could be reached and requesting that the grain be carefully watched and reports sent in showing what had been accomplished. These reports are coming in and almost every one shows splendid results.

### Hybrid Best Wheat Grown.

C. A. Price, a grain dealer of Pullman, who has a fine farm near town, said: "My hybrid wheat has yielded well and is of excellent quality. I believe it will prove one of the best grains ever grown here. I have been urging that not a bushel of this wheat be sold for export, but that it all be used for seed. If the Washington State college had accomplished nothing else but produce these improved varieties of wheat it would prove a financial blessing to the state and the entire northwest."

C. B. Kegley, master of the Washington State grange, said: "My hybrid wheat averaged a little more than 40 bushels per acre. My red Russian averaged 25 bushels. The two fields join, the soil is the same, the ground was cultivated in the same way, and sown at the same time, the seeder going from one field to the other, part of both being planted the same day. The hybrid wheat is worth more than the red Russian. With an increase of 40 per cent in the yield and 2 to 4 cents additional on the price, further comment seems unnecessary. It costs no more to raise an acre of one than of the other."

### Gets Applications for Seed.

A. J. D. Cornelius of Colfax writes: "I am much pleased with my hybrid wheat. We have not threshed it yet, but it promises so well that I have had more than 20 applications for some of the seed. Will let you know more when it is threshed."

J. A. Fontaine, Dayton, writes: "The wheat did well this season, despite the dry weather."

J. J. May, Whelan, writes: "Wheat is not yet threshed, but we expect 40 bushels per acre. All my neighbors want seed from it."

Andy Meal, near Pullman, writes: "I threshed my wheat today. The new variety, known as 'No. 123,' yielded 19½ sacks per acre. The 40-fold grown on an adjoining field and under exactly the same conditions, yielded 15 sacks per acre. I am going to sow all my summer-fallowed land to this wheat this fall."

Karl Gerhard, Hatton, Wash., writes: "I threshed 13 sacks of wheat from one sack of seed I got from you. Owing to the hot weather and the winds it shriveled some and did not yield as well as under favorable conditions, this being a bad year. I find it does not shell out as easy as the old kinds and the straw is strong. Had we had normal weather conditions I am satisfied the yield would have been large. I will sell none of the wheat, as I want to sow it this fall."

Schreck Gets 40-Bushel Average.  
M. E. Schreck of La Crosse had an average of 40 bushels per acre from the hybrid wheat and is enthusiastic over it. A report of Mr. Schreck's yield was published in the Spokesman-Review from La Crosse, recently.

Theo Stirewalt, Pullman, writes: "I sowed 40 acres of No. 123 wheat and it was fine in every respect. I am going to sow all of my land to this variety and the hybrid called No. 143, of which I got one sack in the fall of 1907. I sowed this one sack on about two acre and got 38½ sacks of wheat from it and as fine wheat as you need to look at. It was very thin on the ground and I did not expect more than 20 sacks, but it turned out almost double what I expected. I think it far ahead of the club or 40-fold."

### What is Best for Indigestion?

Mr. A. Robinson of Drumquin, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." If troubled with indigestion or constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at Dr. Stone's drug store.

## Catarrh

Is a constitutional disease originating in impure blood and requiring constitutional treatment acting through and purifying the blood for its radical and permanent cure. The greatest constitutional remedy is

### Hood's Sarsaparilla

In usual liquid form or in chocolate tablets known as Sarsatabs. 100 doses \$1. Nasal and other local forms of catarrh are relieved by Catarrlets, which allay inflammation and deodorize discharge. 50c.

### SPECIAL TRAIN FOR

#### HOP PICKERS

(Cottage Grove W. Oregon.)  
With the season for hop picking practically at hand, the market for hops in Portland, either old or new, is the dullest it has been this year, said a produce dealer this morning. The demand has absolutely ceased, except at prices too low to permit of any business between buyer and seller. The last contracting was done at 7c to 8c, and this is nominally the price of 1908 hops now. Eastern brewers cannot be interested in new business, as they claim to be supplied with old hops, and in view of the falling off in beer consumption are not concerned over their possible future wants.

Krebs Bros. have decided to start their big excursion train of hop pickers from Portland on September 3, leaving for Independence at 6:40 a. m., and will consist of 15 coaches. Nine hundred pickers will be carried on the train.

### She Likes Good Things.

Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at J. C. Perry's drug store. 25c.

### RAILROAD TIME TABLES

#### CORVALLIS & EASTERN R. R. TIME TABLE.

Trains for Corvallis.  
Follows commencing January 16, 1908:

No. 4—  
Leaves Detroit.....1:00 p. m.  
No. 8—  
Leaves Albany.....7:55 p. m.  
Arrives at Corvallis.....8:35 a. m.  
No. 10—  
Leaves Albany.....3:55 p. m.  
Arrives at Corvallis.....4:35 p. m.  
No. 6—  
Leaves Albany.....7:45 p. m.  
Arrives at Corvallis.....8:25 p. m.

#### Trains for Albany.

No. 5—  
Leaves Corvallis.....6:30 a. m.  
Arrives at Albany.....7:10 a. m.  
No. 9—  
Leaves Corvallis.....2:15 p. m.  
Arrives at Albany.....2:55 p. m.  
No. 7—  
Leaves Corvallis.....6:00 p. m.  
Arrives at Albany.....6:40 p. m.  
No. 11 (Sunday only)—  
Leaves Corvallis.....11:15 a. m.  
Arrives at Albany.....11:55 a. m.  
No. 12 (Sunday only)—  
Leaves Albany.....12:35 p. m.  
Arrives at Corvallis.....1:18 p. m.

Portland, Oregon, June 17.—Commencing June 22nd and until further notice, the following train service will be in effect on the line of the C. & E. R.R. between Albany and Yaquina, daily except Sunday:

Train No. 16 Train No. 2  
Mixed Passenger  
Leave Albany 7:45 a.m. 12:40 p.m.  
Arr. Yaquina 1:30 p.m. 5:30 p.m.  
Train No. 15 Train No. 1  
Passenger Mixed  
Lv. Yaquina 2:15 p.m. 7:00 p.m.  
Arr. Albany 7:00 p.m. 11:55 a.m.  
On Sundays the service will be as follows:  
Lv. Albany 7:35 a. m.; arr. Yaquina 11:40 a. m.; Lv. Yaquina 6:00 p. m.; arr. Albany 11:30 p. m.

For further information apply to  
WM. McMURRAY,  
Gen. Pass. Agent.

6-23-08

Time Card No. 53, Southern Pacific Co., Effective Sunday, May 17, 1908.

Toward Portland, Passenger.
