SALEM, OREGON, SATURDAY, SEPTEMBER 5, 1908

NO. 219

HARRIMAN MAKES BRIEF VISIT IN SALEM

PROHI PRESIDENTIAL CANDIDATE SPEAKS TO LARGE AUDIENCE

BIG FLEET IS ON WAY ONCE MORE

QUEENSLAND IS NEXT STOP

(United Press Leased Wire.)
Melbourne, Sept. 5.—(By H. Lee Gortworthy, United Press Correspondent on board U. S. S. Georgia.)—Amid the roaring of guns from the forts and British ships on the harbor, the American battleship fleet left here promptly at 8 o'clock this morning for Albany, King George's sound, Queensland.
There was no delay. The New Jersey remained behind to get mail that is expected here tomorrow. The officers of the fleet commented.

REVENGED FOR DEATH OF CHILD

SHOOT CARELESS AUTOISTS

(United Press Leased Wire.)
Genoa, Italy, Sept. 5.—Distracted by the sight of his little son, Antonio, being crushed to death by an automobile today, Angelo Galloni, an engineer, shot and killed the chauffeur and fatally injured two sisters, the Marchionesses of Revedim, who were in the car.
The child was crossing the street when the big touring car bore down upon him.
The father, who was near by, saw the danger but could not reach the boy in time to save him. The little

BANK IN PITTSBURG IS CLOSED

AUTHORITIES MAKE NO STATEMENT

(United Press Leased Wire.)
Pittsburg, Sept. 5.—The Cosmopolitan National bank of this city was closed today under the order of the comptroller of the currency.
Washington, D. C., Sept. 5.—The comptroller of the currency today appointed Robert Lyons receiver of the Cosmopolitan National bank of Pittsburg. Lyons is receiver of the Allegheny National bank at Pittsburg also.
The government authorities today refused to make any statement of their reasons for closing the Cosmopolitan National bank further than to say that it is insolvent.
The bank officials are extremely indignant and assert that the closing of the bank is an outrage and that it was entirely unnecessary.
The deposits of the bank are about \$500,000, including \$100,000 of government funds and \$100,000 of state funds. The government and state deposits are secured by bonds.

MARTIN GOT WIFE TO RETURN

BUT SHE SAYS HE HID IN BARN

Counter-charging her husband, S. S. Martin, with cruel and inhuman treatment, Mrs. Alice Martin, in an affidavit filed in the circuit court this morning through her attorney, Peter F. D'Arcy, answering the divorce suit of her husband, asks that she be granted the divorce, \$100 for maintenance pending the decision and \$50 a month alimony. Mrs. Martin accuses her husband of having written two tender epistles in which he tells her of how he misses her "fried chicken," and how lonesome it was without her, and requesting that she return from Woodville, where she had gone to live with her mother; but that when she did return he did not meet her, but hid in the barn during the entire day she spent at the house waiting for the happy re-union. Mrs. Martin also states in the affidavit that she has been compelled to work as a servant to maintain herself and that she believes her husband to be worth about \$5900.
Extracts from the two letters quoted in the affidavit follow:
"Dear Alice: I am hungry for fried chicken. I am very lonesome. There is muskmelon in town now," and in another letter, "The neighbors are lonesome since you left. Will you come back again? I am lonesome. I am hungry for fried chicken."

RAILROAD WIZARD IS RECEIVED

AND GIVEN HURRIED AUTO RIDE

The Harriman special, containing the railroad king, J. P. O'Brien, and other Southern Pacific officials, arrived in the Capital City at 1:05 o'clock this afternoon. A large delegation of citizens, including the governor, the mayor and committees from the Board of Trade and the Business Men's league were at the depot to welcome Harriman.
For some reason Harriman was not ready to come out of his car when the special arrived, and the crowd waited patiently for half an hour before they secured a glimpse of the man of millions. Manager O'Brien stepped out upon the platform as soon as the train pulled in, and, in answer to the questions of the welcoming committee, stated that Mr. Harriman could remain in the city probably an hour.
Harriman finally appeared and was cordially welcomed by the governor, the mayor and others. The railroad builder is a quiet, unassuming, little man, and does not look at all like a great financier. He has a pleasant manner and a quiet humor. "I have read a great deal about you," said one of Salem's leading citizens, when he was introduced to the railroad magnate. "So have I," replied Harriman.
Harriman was almost immediately escorted to an automobile, as the welcoming committee was determined to make the most of his brief stay. In the first autos were Mr. Harriman, Governor Chamberlain, Mayor Rodgers, A. Bush and C. L. McNary. J. P. O'Brien and several members of the Business Men's league were in the second, and four others were also filled with representative Salemites.
The autos started at once for the big hill opposite the Wallace farm in Polk county, where one of the finest views in the valley is to be had. A short public reception was held in the Board of Trade rooms, and another auto trip will be taken to the fruit raising district south of the city.

CHAFIN IS HEARTILY WELCOMED

CHRISTIAN CHURCH IS PACKED

The Prohibitionists turned out en masse to listen to the address of their presidential candidate, Eugene W. Chafin, who began speaking at 2:30 o'clock this afternoon in the First Christian church.
Some time before 2 o'clock, the time set for the meeting, all the seats in the church were filled. Chafin was formally welcomed and introduced by Oliver Jory, chairman of the county Prohibition convention. Others to partake in the welcoming of the candidate were: Mrs. Oliver, president of the W. C. T. U., and H. F. Jory.
Chafin spoke along the same lines he has in all his past addresses during the present campaign. He was given very hearty applause and encouragement by his hearers.

fellow was killed instantly by the machine and the father, realizing it, turned quickly after the car.
He fired several shots. The first struck the younger marchioness inflicting a fatal wound. The second shot killed the chauffeur. As the driver fell from his seat, the automobile, traveling at a high rate of speed, started on a wild, unguided career, finally upsetting. In the crash of the wreck the elder marchioness was so badly crushed that there is no hope of her recovery.
Gallani was arrested, he was wild with fury and it took half a dozen policemen to control him. The incident has aroused great excitement as there is bitter feeling among the poorer classes toward reckless automobilists.

FATALITIES IN ALASKA MINES

(United Press Leased Wire.)
Nome, Alaska, Sept. 5.—Within the last 24 hours four men have been killed in the mine near here. Three men were killed on the property of the Miocene Ditch company. One of the men fell into the dump hole in front of the hydraulic elevator and his body was partially sucked into the elevator, the great pressure literally tearing the body apart. Two of the men were killed by the banks on the same claim caving in. Another man was killed at Solomon by the gravel banks caving in on him.

UNABLE TO EXPLAIN FLOATING LUMBER

(United Press Leased Wire.)
San Francisco, Sept. 5.—The officers of the revenue cutter Manning today are at a loss to explain the peculiar circumstances surrounding the floating of a quantity of pine lumber at Point Arena Wednesday night. The Manning returned to this port last night after a search of the Marin and Mendocino coasts, without having located any wreck.
Captain Jacobs said today that he believed that a lumber vessel had lost her deckload in rough weather.

DUKE HAS PLENTY TO SPEND

(United Press Leased Wire.)
San Francisco, Sept. 5.—Eleven thousand dollars is but a mere handful of money with which to see the sights of San Francisco to Duke Ferdinand de Montpensier, cousin of the king of Spain and son of Louis Philippe D'Orleans, pretender to the throne of France, who today thinks that he can get along comfortably on that sum for a few days.
The duke came ashore and straightway had a few drafts to the tune of \$11,000 cashed. He then went shopping and started to see the sights.
Today, the party is dashing about in a large touring car. They will go to Del Monte and back. The duke will go to Vancouver where he will be the guest of some Englishmen on a hunt.

WIFE KILLS WOMAN RIDING WITH HUSBAND

Wichita Falls, Tex., Sept. 5.—Miss Lilly Wheatley is dead and Mrs. Walter Allen accused of causing her death, is in jail today as the result of a tragedy occurring directly after Mrs. Allen had caught the girl in the presence of her husband.
Walter Allen, the husband, who is proprietor of the St. Charles hotel of this city, and Miss Wheatley were driving on one of the main streets of the town last night when Mrs. Allen, in a fit of jealousy, sprang to the middle of the thoroughfare and shot the girl dead in her seat.

"ALASKA" WHEAT A FAKE SAYS EXPERT

(United Press Leased Wire.)
Washington, Sept. 5.—Secretary Wilson of the department of agriculture today announced that Dr. Galloway, the agent he sent to Junata, Idaho, to investigate the reports of the supposedly wonderful new wheat claimed to have been discovered in Alaska and introduced in Idaho with great success, has reported that the wheat is a fake.
The report made to Secretary Wilson reads:
"The Alaska wheat yields 25 bushels to the acre. The grain is badly mixed and of an inferior quality. Soft white wheat yields fully as much and the best varieties more.
"An analysis recently made under my supervision shows that the so-called Alaska wheat contains only a little more than 9 per cent of protein while soft white winter wheat contains an average of 16 per cent. Hard winter wheat contains 12 per cent of gluten."

Ditch Trouble Settled.

It is reported this afternoon that the differences between the Oregon Electric and the North Mill creek ditch proprietors has been adjusted. The city has not yet taken any part in that particular matter as was represented by some and the whole matter will be adjusted amicably. Will Babcock of this city has been authorized by Mr. Lall of Portland to make any reasonable concessions on the part of the mill company.

FIFTY THOUSAND RAISED BY RAWHIDE MERCHANTS

(United Press Leased Wire.)
Rawhide, Nev., Sept. 5.—This camp is today the picture of activity. All night long and all today wagons and automobiles have been arriving with provisions for those who were burned out in the great fire of yesterday. Most of the places are guarded and no attempt has been made to loot the buildings.
Fifty thousand dollars was raised yesterday by the business men of the town and was used to buy provisions for the stricken residents. People are now living in tents on the edge of what was formerly the center of the camp.
Preparations are already being made for the re-building of the camp. Orders have been placed in San Francisco and Sacramento for this building material.

Ambush French Troops.

(United Press Leased Wire.)
Vancouver, B. C., Sept. 5.—News was received from South China today of the ambush of 100 French troops, Tirailleurs and Legionnaires, in a valley near Langvao on the Tonkin border. Captain Fleury, leader of the force, and Lieutenant Delattre were shot down soon after the fight opened. Between 500 and 600 Chinese had a position on the low hills at each side of a gully, through which the French troops entered the village. The French captured the village twice, it being re-taken by the Chinese. Shots were exchanged during the greater part of the fight at from 30 to 50 meters. When Captain Fleury and Captain Delattre, who went to assist his leader, were shot, the Chinese threw themselves upon the bodies, not yet dead, and decapitated them, carrying away the heads amid cheers.
