NINETEEN SAILORS DROWNED IN STORM

OMAHA DOCTOR MADE A TRIPLE MURDER AND SUICIDE PACT

FLIES FOR ALMOST AN HOUR

WRIGHT BEATS ALL RECORDS

(United Press Leased Wire.)
Washington, D. C., Sept. 9.—Orville Wright, of Dayton, Ohio, today proved himself the king of the air, setting all previous records for aeroplanes, by sailing about the parade grounds at Fort Meyer, Va., for 57 minutes and 31 seconds.
This beats by 26 minutes the world record made Monday by De LaGrange near Paris.
The performance of the Wright machine so far out-classes any flight ever made in public that it puts the Wrights in a class by himself.

REFORM LEADERS WINNING

OUT IN WASHINGTON PRIMARY

(United Press Leased Wire.)
Seattle, Wash., Sept. 9.—In every precinct counted in Seattle yesterday Henry McBride leads for governor. The count is exasperatingly slow, and from many precincts it is now indicated that it will not be finished before night. About 60 per cent of the total registration voted.
Coagrove is getting a majority of the second-choice votes. So far as King county is concerned, early returns indicate the success of McBride for governor and Jones for senator.

ILLINOIS DEMOCRATS CONVENTION

LISTENS TO BRYAN AND OTHERS

(United Press Leased Wire.)
Peoria, Ill., Sept. 9.—It is estimated that 40,000 visitors were here today to attend the session of the Democratic state convention and to hear addresses by Bryan, Johnson and others.
When the convention was called to order Adelaide Stevenson was introduced, and, after a big ovation, delivered an address on the issues of the campaign, speaking boldly and optimistically of the outlook. The early routine business of the convention was then carried through and William J. Bryan was introduced. The crowd cheered for several minutes. Bryan spoke after the adjournment in the court house square, and was heard by an immense throng.
Tonight Governor Johnson, of Minnesota, and John H. Atwood, of Kansas, will be the main speakers.
The subject of Bryan's address was "The State and the Nation." He spoke in part as follows:

SCHOONER WRECKED IN CHANNEL

AND ENTIRE CREW IS LOST

(United Press Leased Wire.)
London, England, Sept. 9.—The schooner Phyllis Gray was lost today off Devonshire, and her crew of 19 men drowned. The boat was unable to weather the terrific storm which is sweeping the west coast and the British channel, strewn wreckage on the shores in all directions.
The storm is as severe as that of ten years ago, and it is feared that the loss of life will be heavy. Reports of boats being driven aground are being received from all parts of the coast.
Messages from France say that the damage to craft along the shores of that country is equally serious. Many small vessels are still missing.

CATHOLICS ASSEMBLE IN LONDON

CARDINALS RECEIVED BY EDWARD

(United Press Leased Wire.)
London, Sept. 9.—For the first time in over 300 years a papal legate was received by an English monarch today, when Cardinal Vincent Vannutelli, of Palestrina, was received by King Edward of England in historic Westminster cathedral, at the opening of the nineteenth annual eucharist congress.
Cardinal Vannutelli, arrayed in his robes of state, made an imposing figure. The immense hall where British kings have been crowned "defender of the faith" since the reign of "Bloody Mary," was crowded to suffocation with a distinguished assembly of clericals as has ever assembled on British soil.
Because of the fear that the anti-Catholic agitation would result in street riots, the immense procession that was to have been the greatest clerical demonstration of modern times, was abandoned at the suggestion of the police, and the congress was opened with the ceremonies at Westminster.
The dusky recesses of the famous cathedral, lighted only by the flaming candles on the altars, and dimming even the brilliant red robes and hats of the eight cardinals and purple robes of the 100 bishops assembled, presented a picture never to be forgotten.
Over 60,000 people thronged the streets about the entrance to Westminster, and all the thoroughfares leading to the three halls where the various sessions of the congress are to be held. It is estimated that no less than 200,000 Roman Catholics from Europe are visiting London, and that almost as many more Americans are here.
After the ceremonies of the opening of the congress were over, the prelates marched in little groups to their meeting places. The sight of priests, of both the Latin and Oriental rites, in the streets of London dressed in the cassock and hood was most unusual.

DR. RUSTIN AGREED TO BE KILLED

IS TESTIMONY OF MRS. RICE

Omaha, Neb., Sept. 9.—The net was tightened about Charles Edward Davis today at the inquest into the strange death of Dr. Frederick Rustin, who, Mrs. Abbie Rice testified, formed the most remarkable triple suicide-and-murder pact that has ever come into the courts of America.
Davis, who is a brother of Fred Davis, vice-president of the First National bank, admitted that he had obtained poison from Dr. Rustin for the purpose of killing himself, and that he was in the neighborhood of Dr. Rustin's home on the night that the doctor was shot and killed. He denied positively, however, that he shot the doctor, according to the plans outlined by Mrs. Rice, who explained that Dr. Rustin wanted to be murdered, rather than commit suicide, as his family would receive the benefit of \$75,000 in life insurance that he carried.
E. Hans, janitor at the Catham Hotel, at which Davis lived, was called to the stand this morning. He testified that he passed Davis' room last Wednesday morning at 5 o'clock and that it had not been occupied during the night. The proprietor of the hotel testified that Davis burned up all of his effects on Tuesday of last week, and apparently arranged everything for his death. He said that Davis had not come in when he locked the front door of the hotel at 1 o'clock Wednesday night, but said that Davis had a key and could have entered later.
Davis, himself, took the stand and said that he could not tell what time he reached the hotel, and did not know how long he was in the vicinity of Dr. Rustin's home.
"I went to the doctor's office and told him that I wanted something that would make me sleep quick," he said. "I had been under his care for a long time. He gave me some morphine and chloride of gold, and I began taking the morphine right away. I remember that he put me on a car and after that when I awoke, all that I know is that I was about two blocks beyond the Rustin place. I don't remember much about how I returned to the hotel. I was angry because I had not died, and I took the chloride of gold. That acted as an emetic, and I think I walked all the way back to my room."
Under this statement, and with the testimony of the hotel attendants the authorities believe it can be shown that Davis was at Rustin's home just before the shot was fired that resulted in the death of the doctor, who, when found by his wife, said: "A man shot me."
The fact that all three members of the strange triple death agreement are known to have tried suicide before tends to lead the police to believe the story told by Mrs. Rice.
The woman today repeated in perfect calmness the details of the plot. She told how Rustin begged her to shoot him; how they planned the killing several times, and how her nerve always failed because she loved him so much she could not kill him. She said that Rustin finally became disgusted at her failure, and told her he had a man who would do it. She

the count is the surprisingly small Democratic vote. Many Democrats participated in the Republican primaries. Colonel Blothen, Democratic editor of the Times, was among others who challenged at the polls. Democrats will poll less than 10 per cent, and will be forced to hold conventions in the future.
The first precinct in King county complete, Hot Springs, gave McBride, for governor, 43 first choice votes. No ballots were cast for Mead. Atkeny secured 35 and Jones 15.

SHAW SPEAKS AT REPUBLICAN CONVENTION
Springfield, Ill., Sept. 9.—Former Governor Richard Yates and several of his leaders refused to attend the Republican convention here today, which endorsed Albert J. Hopkins for re-election to the United States senate, and commended Governor Denen.
Speaker Cannon was temporary chairman of the convention. The platform is a replica of the one adopted last March, except that the liquor and personal liberty questions are not included. The legislators are urged to take their instructions on the senatorship race from the state vote in general, rather than from the vote by districts.
Scores Democrats.
Leslie M. Shaw, former secretary of the treasury, was the principal speaker. He declared that Democracy has failed every time it has been tried. In relation to the tariff he spoke at length, scoring the attitude of the Democrats, and saying:
"The Republican party promises the people a protective tariff and commits the working out of the details to the representatives of the people." Speaking of the financial situation Shaw said:
"The recent panic was simply the result of the cry of 'fire' in a crowded hall, when there was not even any smoke."
Shaw paid a personal tribute to Bryan, but said that he was wrong on every public question. He concluded the speech with a high tribute to Taft, and a prediction of his election by a tremendous plurality.

AMERICAN GERMANS SURPRISE BERLIN JUDGE
(United Press Leased Wire.)
San Francisco, Sept. 9.—Judge Karl Von Lewinski, president of the Imperial Court, at Berlin, is today wondering what surprise he will next receive at the hands of his countrymen.
The German judge was a guest in the court of Judge Van Fleet yesterday, in which naturalization examinations were being heard. Several of his countrymen were questioned in the usual manner. The supreme test to citizenship qualifications was the requirement that the applicant renounce his allegiance to the mother country, and take up arms against that country, if necessary.
Imperial Judge Von Lewinski was painfully surprised at the avidity in which his countrymen agreed to make war on the Kaiser, if necessary.

CONFESSES REGARDING HUSBAND'S MURDER
(United Press Leased Wire.)
Lewiston, Idaho, Sept. 9.—Mrs. Nancy Bachus, under arrest here in connection with the murder of her husband Saturday night, is said to have made a complete confession, the exact nature of which has not been made public.
The police intimate, however, that her statement will not make R. D. Anderson, who is also under arrest, any more sure of being released right away. Mrs. Bachus had been in the "sweat box" four hours before she told her story.
Bachus was burned to death in his home. Mrs. Bachus' first account was that her husband, while carrying a lamp, had stumbled, the burning oil causing the fire. She failed, however, to account for a bullet wound in the body.

SUPPORTER OF GAMBLERS LOSES NOMINATION
(United Press Leased Wire.)
Ithaca, N. Y., Sept. 9.—Defeated for renomination because he voted against the anti-race track gambling bills last winter, State Senator Owen Cassidy announced today that he will make the race as an independent candidate.
When the racing bills were tied up in the senate last winter, and only one vote was needed to swing the result, Cassidy remained "doubtful" till the last minute, and then voted "no." The bills were passed later at an extra session.

Those Present.
The following cardinals were presented at today's opening session: Cardinal Gibbons, archbishop of Baltimore; Cardinal Logue, archbishop of Armagh; Cardinal Moran, archbishop of Sydney; Cardinal Lecot, archbishop of Bordeaux; Cardinal Fisher, archbishop of Cologne; Cardinal Mercier, archbishop of Mechlin; Cardinal Ferrari, archbishop of Milan; and Cardinal Mathieu, from the papal curia of Rome.
Each cardinal is accompanied by his own suite and Cardinal Vannutelli is accompanied by a retinue suitable to his rank as papal legate.
Church dignitaries are here from the United States, Canada, France, Belgium, Holland, Germany, Australia, Italy, Spain, Algiers, Central America, Africa, Cape Colony, India, Burma, Mexico, Brazil, Austria and New Zealand.

Services.
After today the most important service of the congress will be the closing ceremonies next Sunday afternoon. Cardinal Gibbons is to celebrate high mass Sunday morning at Westminster.
By the special permission of the
