CUP TO BE GIVEN TO GILBERT

BY SALEM BOARD OF TRADE

At an enthusiastic meeting of the Board of Trade last evening it was decided, among other things, that Salem should present a silver loving cup to A. C. Gilbert, the world famous athlete, who was formerly a Salem boy, upon his return to Oregon; that the city should have cheaper gas; and that the stores should close at 11 o'clock in the morning on Salem Day, which will be one of the big days of the fair.

C. M. Bishop, H. H. Ollager and C. L. McNary were appointed as a committee to present the cup to Gilbert. An effort will also be made to have the three Oregon athletes at the state fair next week. It is probable that the necessary funds will have to be raised by subscription, as there are no funds available for this purpose in the treasury.

The board recommended to the city council that an ordinance, requiring the gas company to furnish gas at a cheaper rate, be passed.

It was unanimously recommended that all the stores in the city should close on Salem Day, Wednesday, September 16, at 11 o'clock. Several reports of officers were read, showing the extent of the promotion work in the various departments that is being done by the Board of Trade. Secretary Hofer reported 20,000 pieces of literature had been sent out during July and August, and that during that time new settlers had invested something like \$125,000 in the vicinity of the Capital City.

The deal with the Portland Railway, Light & Power Company has been closed, and the "juice" for the electric streamers will be turned on next week. Chairman Meyers, of the special committee appointed to look after this matter, reported that the contract had been entered into. The price fixed is a very reasonable one, and the company promises good service. The light will be ready by next Wednesday, and possibly Tuesday.

Two monster petitions, it is claimed, will be sent to the railroad commission stating the reasons of the citizens of that section for not wishing to comply with the new order of things. Wade states that under the new schedule it will take the people of Newport two days to come to Toledo, 14 miles distant, and transact their business. And, he says it will take three days to come to Salem.

PETITIONS FOR CARE OF RELATIVE

J. W. Haggard, of Topeka, Kansas, arrived in Salem this morning, and at once made application to have his wife's aunt, Mrs. Emma Brain removed from the state insane asylum, where she was committed ten years ago from Baker City. It is said that Mrs. Brain is harmless, and that she was committed to the asylum because there was no one to take the proper care of her. It seems that Haggard has just learned of his relative's condition.

In one hop wagon passing through Albany for some hop yard was a cage all preceating an odd appearance, looking affair with five kids in it.
