

The Daily Capital Journal

VOL. XVIII. SALEM, OREGON, FRIDAY, SEPTEMBER 11, 1908. NO. 224.

ASSAILANT OF DREYFUS IS ACQUITTED

PORTUGUESE QUEEN FLEES AND URGES KING TO ABDICATE

VICTORY FOR TAFT SUPPORTERS

REFORM ELEMENT TOO STRONG

By a tie vote the Salem Republican Club last night first refused to call the club a Taft club. J. N. Smith in the chair ruled against calling it a Taft club.

On motion this was reconsidered, and the organization was officially notified the Salem Taft-Sherman Club.

H. D. Patton, A. Geener and Senator T. B. Kay led the fight against the use of the word "Taft." A. N. Gilbert, F. G. Deckerbach, John A. Carson and John Knight objected to limiting the scope of a Republican club by giving it any one man's name. Kay expressed himself as little disposed to work with Young as anyone.

RELIGIOUS TROUBLES IN LONDON

PROTESTANTS ARE THREATENED

(United Press Leased Wire.) London, Sept. 11.—The Central News announces that Henry Fowler, secretary of the Protestant Alliance, today received a threat that he and the prominent members of his organization would be put to death if they attempted to interfere with the parade to be held Sunday in connection with the Eucharistic congress.

The threat comes from an organization styled "The Catholic Anti-Bogtry Society," and the communication was signed "J. B., secretary." The letter follows:

"You are hereby warned that if any bigotry is displayed by your society in connection with the Eucha-

WANT TAFT AND BRYAN TO DEBATE

BOTH IN CINCINNATI ON SAME DAY

(United Press Leased Wire.) Cincinnati, O., Sept. 11.—Tentative proposals for a debate between William H. Taft and William J. Bryan, to be held here on September 23, were presented to the managers of the two presidential candidates.

Both will be in Cincinnati on that date. Under the present plans Bryan will hold a big meeting but Taft has no important engagement for that day.

There is little doubt that Bryan would accept the challenge to debate the issues of the day with Taft, if the matter is presented to him in a formal way.

The proposal is being submitted to the Taft managers in a preliminary manner, and if it appears at all likely that Taft would receive such a proposition, it will then be presented formally.

A debate between the presidential candidates, it is expected, would draw a tremendous throng to Cincinnati, and the commercial organizations are exerting great effort to bring it about.

GREGORI IS FREED BY JURY

VERDICT COMES AS SURPRISE

(United Press Leased Wire.) Paris, France, Sept. 11.—Louis A. Gregori, the military editor, was today acquitted of the charge of attempting to murder Major Alfred Dreyfus, who he shot at the Pantheon June 4.

The verdict was rendered by the jury in the case, after the advocate-general had made a strong plea, appealing for the conviction and punishment of the defendant. The court's rulings were all adverse to Gregori, and the verdict was a great surprise to the public.

The shooting of Dreyfus by Gregori was one of the most sensational affairs Paris has known in years. The famous major was walking almost beside President Fallieres, at the Pantheon celebration in honor of placing the body of Emil Zola in the hall of fame, when Gregori fired, wounding Dreyfus in the arm. Thousands of people and hundreds of dignitaries were crowded closely about the spot.

The trial was short, having begun only yesterday. Few witnesses were heard. Gregori admitted shooting Dreyfus.

He claimed that he shot in an attack upon the policies of Zola, the defender of Dreyfus, and without personal animosity for Dreyfus. The court did not permit him to elaborate on this theory, as he is well known to be a fanatic on military affairs, and a strong supporter of the old line in the army. He has written many articles on the subject and was constantly engaged in journalism connected with military affairs.

Major Dreyfus charged that Gregori attempted to murder him in cold blood, and fired to kill. The court had to keep the guards actively engaged in preserving order throughout the trial, as crowds gathered and attempts were made to revive the old animosities of the Dreyfus case.

The defense was beaten in every effort to revive the issues of the Dreyfus trials, in order to show justification for the shooting. The president of the court was quick to recognize this plan of the Gregori counsel, and thwarted it. All the testimony held by the court not to show definite facts in justification of the prisoner was ruled out by the court. Gregori was furious at this attitude, and tried repeatedly to bring up the old case.

GUARANTY BANKING LAW LEGAL

DECIDES SUPREME COURT

(United Press Leased Wire.) Oklahoma City, Okla., Sept. 11.—The state supreme court today upheld the bank deposit guaranty law, which has been made an issue in the national campaign by Bryan.

This state adopted the first law of the kind ever put into operation, and efforts were made to prove that it was unconstitutional.

The main difficulty arose when Attorney-General Bonaparte decided that national banks could not avail themselves of the law. This made it hard for the national banks to bid against the state banks for deposits.

The system has proved a wonderful success, from the point of view of the banks operating under the guaranty. Deposits have piled up, and it was through the attraction of funds from Kansas that forced the Republican convention of that state to endorse the guaranty plan, in defiance of the national attitude of the party.

GOES TO ITALY FOR SAFETY

ROYALTY LIVES IN TERROR

(United Press Leased Wire.) Rome, Sept. 11.—Half crazed by worry over the constant threats of a revolt at Lisbon and of attempts on the lives of members of the royal family, the Dowager Queen Maria Pia of Portugal is today preparing to leave her country for Italy, there to make her future home.

It is understood that she has done everything in her power to induce the young King Manuel to abdicate and accompany her, but he declares his duty is to remain, at whatever peril to himself, among his people.

Even King Victor Emanuel, who pressing invited the queen to make her home in this country, has written her that he believes the Portuguese monarch would do wrong to allow himself to be terrified into surrendering the crown.

The queen's decision, and the fact that the King of Italy urged it upon her, are considered here highly significant of the alarming situation in Portugal.

Queen Maria Pia has never recovered from the shock of King Carlos' and Crown Prince Luis' assassination, and August 29, when the Lisbon press predicted that there would be a general uprising, was completely prostrated by terror for herself and members of her family. Her physicians are said to have assured King Manuel, and to have written to King Victor, that she cannot long survive without a change of scene.

CHICAGO STORE

PEOPLES BARGAIN HOUSE

The Newest of the New

IS HERE IN FALL WEARING APPAREL, LADIES' SUITS, LADIES' COATS, MILLINERY, FURS, SILK PETTICOATS, FINE DRESS GOODS, FINE DRESS SILKS, WAISTING SILKS, FALL HOSIERY AND UNDERWEAR, KID GLOVES, RIBBONS, LACES, DRESS TRIMMINGS, SWAN'S DOWN FLANNELS, ETC. come to the CHICAGO STORE, the store that does not want to get rich on every sale we make. It's the volume of business we are after.

SWELL NEW SUITS

Men tailored and Silk Lined, \$9.50, \$10.50, \$12.50, \$14.00 and up.

THE STORE THAT SAVES YOU MONEY

BURNS AND JOHNSON TO MEET AT SYDNEY

(United Press Leased Wire.) London, Sept. 11.—It was learned here today that Tommy Burns and Jack Johnson have been matched to fight at Sydney, Australia, the latter part of November.

It is understood that a syndicate of Australians will finance the fight, giving a purse of \$25,000, winner to take 60 per cent and the loser 40 per cent. The advices received here today state that the preliminary arrangements have all been made, and that the match is a certainty.

The general opinion among fight fans here is that Burns will be whipped by the negro.

NEWPORT LAUNCH AND TWO MEN MISSING

Newport, Or., Sept. 11.—Friends of Frank Saltus and John Coxen, who left Newport Friday in a 26-foot launch, and have not been heard from since, continued the search for them today, though they fear the two men have been drowned.

Saltus, who owned the launch, promised his wife that he would be back Sunday. Immediately after the boat was lost to sight a heavy storm blew and raged for three days. It was thought that Saltus and Coxen might have sought shelter in Coos Bay, but inquiry revealed the fact that they had not been there.

BURNED HIMSELF WHILE DESPONDENT

(United Press Leased Wire.) Dallas, Or., Sept. 11.—Evidence gathered today in investigating the death of George Selby, a rancher, who was burned to death, points to the supposition that, in a fit of despondency, he fired his cabin, and calmly waited for the flames to burn him to death. The fire was not discovered yesterday until it was too late to save the cabin. It was not known that Selby had perished until his charred remains were found.

Those who talked to him before the fire are convinced that it was a case of suicide.

SIXTEEN-YEAR-OLD BRIDE IS MISSING

(United Press Leased Wire.) Oakland, Cal., Sept. 11.—Albert Neussella, a laborer, has asked the police to help him find Therese Neussella, his 16-year-old bride, whom he says, disappeared from their home several weeks ago.

The police suspect that Neussella knows where his young wife is, and are watching the man closely. Neighbors say that the couple quarreled the day before the wife left her home.

Aviator Wright raised his airship sailing record four minutes yesterday when he remained in flight 66 minutes.

JAP AND WHITE OFFICERS ON LINER CLASHES

San Francisco, Sept. 11.—The officials of the Toyo Kisen Kaisha, the Japanese steamship line, are awaiting the arrival of the Tenyo Maru to settle a dispute that has disrupted the service for months, and has threatened a race war between the whites and Japanese officers on the vessel.

The Japanese under officers and crew of the ship have refused to obey the orders of the white officers, and the Japanese know that if the white officers are discharged there will be no passengers from this port to Japan.

The white officers say that the insubordination of the younger Japanese officers is insufferable. Chief Engineer Seaver, of the Tenyo Maru, has not been allowed any sleep by his Japanese assistants for months, according to the white officers, and Captain Going has had to discharge several lots of first and second officers.

An investigation is to be made when the Tenyo Maru reaches this port next Tuesday.

CHARLES DAVIS, WHO ADMITTED ATTEMPTED SUICIDE, WHO WAS IMPLICATED IN THE STORY OF MRS. RICE AS THE MURDERER OF DR. FREDERICK RUSTIN, AT HIS HOME IN OMAHA, HAS BEEN ARRESTED, CHARGED WITH THE CRIME.

Charles Davis, who admitted attempted suicide, and who was implicated in the story of Mrs. Rice as the murderer of Dr. Frederick Rustin, at his home in Omaha, has been arrested, charged with the crime.

Governor Cummins has agreed to defer the senatorial contest in Iowa until after the voters have made their choice; this for the sake of the Republican party in his state.

SENATOR GORE COMING TO OREGON

Portland, Or., Sept. 11.—Announcement was made today that United States Senator Thomas J. Gore, the blind orator, from Oklahoma, will be the principal speaker at the Bryan meeting to be held here September 25. This one will be the biggest rally for the Commoner in Portland during the campaign, and care is being exercised in selecting speakers. Senator Gore will also speak in Roseburg, Or., September 26.

METHODISTS HAMMER CANNON

Danville, Ill., Sept. 11.—Following the bitter attack upon him yesterday by Bryan at Olney, Speaker Cannon came in for another drubbing today at the hands of a conference of Methodist ministers in this city.

Cannon's remarks, charging that Methodist bishops are misinformed, and that "they go off half-cocked" were denounced by the ministers, and characterized by them as "aneers" at the church.

Neither the attack by Bryan or the arraignment by the ministers seems to have had a perplexing effect on "Dale Joe," who expects to be sent back to congress by one of the largest majorities he ever received.

DEMOCRATS NAME LABOR-INDEPENDENT NOMINEE

San Francisco, Sept. 11.—After two ballots had been taken, George A. Tracey, president of the State Federation of Labor, was nominated by the Democrats yesterday afternoon to make the race for congress in the fifth district, against Congressman E. A. Hayes. Tracey is today preparing to make a whirlwind campaign in his district. It is the only congressional district that the Democrats have any hope of capturing in this state, and they are all enthusiastic for Tracey. Tracey had received the nomination of the Independence party, and was opposed by many Democrats on this ground. Former Congressman James G. McGuire wanted the nomination.

SOUTHERN CALIFORNIA HAS BAD WIND STORM

(United Press Leased Wire.) El Centro, Cal., Sept. 11.—Several houses are in ruins today, and damage amounting to thousands of dollars is reported as the result of a severe wind storm which swept the Imperial valley last night.

The four walls of the residence of Charles Staack were torn down, but, marvelously, Mrs. Staack, mother of the owner of the place escaped injury, although she was asleep in her room at the time of the disaster. At Imperial three cottages, two melon packing sheds and numerous tent houses were wrecked.

Two marines were expelled from a Boston theatre when they complied with the military regulation requiring them to stand during the playing of national airs on floors.

WOMAN IS SAID TO BE JAP'S SPY

(United Press Leased Wire.) Boston, Mass., Sept. 11.—Double guard has been placed about the Charleston navy yard, and every visitor is closely scrutinized, following the discovery of two Japanese prowling about the yard.

It became known today that the government suspects an elaborate plan by the Japanese to discover the workings of the new Davis torpedo, which recently proved a great success in the tests at the navy yard.

The appearance here on Labor Day of Chief Wilkie, of the United States secret service, is believed to have some significant bearing on it.

It is rumored that a white woman, well-known at Washington, where she moves in diplomatic circles, is said to be connected with the Japanese, and she is said to be under surveillance here at present. This woman appeared in Washington at the time of the Japanese riots in California, and has been prominent there since that time.

It is no secret that an effort was made to learn the secret of the new torpedo, which has created a sensation in navy circles, and has broken the projectile corner, making it possible for the government to obtain a high grade of torpedo at a much more reasonable figure.

The government officials are unwilling to talk on the subject, and it is impossible to learn whether arrests are contemplated, but it is certain that most extraordinary precautions will be taken from this time forth. Under an order issued this afternoon no cameras will be allowed within the navy yard. The Davis torpedo is said to have proved its superiority to new through heavy armor plate and explode afterward. This would mean that the explosion would take place inside a warship, making the torpedo one of the most effective of all death-dealing machines of modern warfare.

Nevada sheep men are suing Roosevelt and other federal officials to prevent their creating sheep-grazing lands into forest reserves.
