

The Daily Capital Journal

SALEM, OREGON, TUESDAY, SEPTEMBER 15, 1908. NO. 227.

HUGHES NOMINATED ON FIRST BALLOT

INDICATIONS POINT TO A BANNER SALEM DAY TOMORROW

THRONGS OF VISITORS CONTINUE TO POUR IN FOR STATE FAIR

Grounds and Grandstand are Packed But Bigger Crowd Tomorrow

Perfect weather conditions, perfect tracks and splendid attractions nearly all departments are making the state fair a great success. The electric cars from all directions are pouring more out of the city than ever saw this fair before. Wednesday will be Salem Day, and the crowds will be immense for all the rest of the week. The parade this morning was the center of attraction.

All Stores Close.

Salem Day will witness a closing of all places of business from 11 o'clock to the forenoon, and all the grocery stores will be closed all day. Salem people will have to order groceries until Thursday morning.

Tuesday Night Program.

SATURDAY, SEPTEMBER 19	
Rural Sprint Purse, 2:09 trotters (closed)	\$1000
Trotting, Consolation to 2:14 class	1000

GERMANY IS FAR FROM SATISFIED WITH MOROCCAN SITUATION

Berlin, Sept. 15.—While no official statement was given out today, it is believed that the German government is not prepared to abide by the terms of the Franco-Spanish note which was delivered to the acting secretary of the foreign office yesterday. It is understood that Germany will not consent to the demands of France and Spain that Mulai Hafid's government pay the sum of \$10,000,000 for the expenses incurred in the restoration of peace at Casa Blanca before Mulai Hafid is recognized.

Germany has taken the position at the beginning that she will not agree to the addition of Mulai Hafid with the same sum before he is recognized as Sultan. France, not Morocco, should pay costs, says Germany.

The Franco-Spanish note is in two parts. The first part is general and refers to the interests that the powers must insist on being conserved before Mulai Hafid is recognized, namely the confirmation of the Algeciras treaty, and the right of France and Spain to prevent contraband of arms at sea.

The second part of the note is a declaration of the intention of France and Spain to exact from Mulai Hafid a recognition of their rights including the reimbursement of the powers of the restoration of order at Casa Blanca. The note says that Mulai Hafid should assure honorable treatment for Abdul Aziz and confirm all the treaties of the former government before he can be recognized as Sultan.

OFF TO JAPAN
San Francisco, Sept. 15.—The departure of Pacific coast merchants, all who left Japan this fall, will be on September 25, on the Tongo Maru, for Yokohama. They will re-appear at Seattle, Portland, San Fran-

cisco, Eureka, Fresno, Los Angeles, San Diego and other cities. They will stay in Japan until early in November.

"The rich man is wise" when he can compel his servants to work overtime.

LINE TO CENTRAL OREGON

PROBABLE PLAN OF J. J. HILL

(United Press Leased Wire.)
Medford, Or., Sept. 15.—Is James J. Hill at work looking for the necessary finances with which to build a line into Central Oregon? The arrival in Medford of John B. Colgate, a banker of New York City, after following the route recently traversed by John D. Porter, Hill's railroad builder, would indicate as much. Mr. Colgate admits that he crossed the country in order to determine the resources of that section, with a view of placing loans there at some future time, but he disavows any connection with Mr. Hill.

"The trip was not only for pleasure only, I'll admit," said Mr. Colgate. "There was a business side to the deal, and it was simply a matter of looking over the resources of the country with a view of placing a few loans. My house keeps close watch on contemplated railroad lines, and for that reason I made this trip.

"I am not connected with Mr. Hill in any way. I am here in my own interest entirely. Of course, if Mr. Hill decides to build such a line, it is possible that we will furnish some of the money for its construction. This, however, must not be construed to mean that I am here at his request."

EXAMINER NOT DRUNK

WHEN BANK WAS CLOSED
(United Press Leased Wire.)
Washington, D. C., Sept. 15.—Declaring that the condition of the Cosmopolitan Bank of Pittsburg was worse than was at first reported, Deputy Controller Kane today denied that John H. Cunningham, national bank examiner, was intoxicated when he ordered the institution to close its doors.

"We can find no basis for the charge," said Kane. "We did not make an investigation. We made an inquiry, and can find nothing to back up the assertion made in Pittsburg and published broadcast."

The deputy controller's declaration was made in the presence of the examiner, a clear-eyed, clear-cut man, whose appearance carries no suggestion of devotion to alcoholic liquor drinking.

"I was not drunk," said Cunningham. "Judge Oldham was with me when the bank was closed. It was closed upon his advice."

MESBA FOREST FIRES

AGAIN BREAKING OUT
(United Press Leased Wire.)
Calumet, Mich., Sept. 15.—Forest fires are again raging near here today, and a dancing pavilion and several small buildings were destroyed by flames between here and Lake Superior, a distance of three miles.

The school building is threatened, and men are working hard to prevent its destruction.

Reports from Baraga county state the fire has burned itself out after destroying millions of dollars worth of property.

Ontonagon county is not menaced by the forest fires. Reports today say that there are several small fires about Norway and near Ione mountain.

Some people just can't stand it to see a contented person.

IGNORED HUNTING LIMITS

ORIENTALS RUN BUT ARE CAUGHT

(United Press Leased Wire.)
Washington, D. C., Sept. 15.—The department of justice was advised today of the capture of two Japanese vessels and between 30 and 40 Japanese sailors, caught seal poaching within the three-mile limit off Fort Paul Island today. The revenue cutter Bear overhauled the foreign vessels, and captured them after a chase.

The men were taken to Unalaska and will be sent to Valdez for trial. On one of the schooners were found several hundred gulls, and the small boats were covered with blood, showing that the seals had been killed within the prescribed three-mile limit.

MRS. ASTOR ATTACKS SOCIETY

(United Press Leased Wire.)
New York, Sept. 15.—New York's "swellest" were given a terrific jolt today by the publication of the October Delineator of an interview by Mrs. William Astor, who retired today from the leadership of New York society. Mrs. Astor says some cutting things about the climbers of New York and Washington society, and bluestockings here are indignant at what they term her "license."

"I am not vain enough to think New York will not be able to get along very well without me," says Mrs. Astor, in announcing her retirement. "Many women will rise up to take my place. But I hope my influence will be felt in one thing, and that is the discontinuing of the undignified methods employed by certain New York women to attract a following."

Mrs. Astor characterizes the functions of some society leaders as a "circus," and criticizes the wild rush after foreigners.

"I have never entertained a foreigner in my life, unless he came to me with a letter of introduction," she says.

MATCHED TO FIGHT NELSON

San Francisco, Sept. 15.—Information given to the United Press by James Coffroth, the fight promoter, today states that there will be a fight between Packy McFarland and Battling Nelson for the lightweight championship of the world at Colma on the afternoon of Thanksgiving Day. Coffroth says that McFarland has agreed to fight, and that Nelson has practically agreed to the terms of the proposed match.

WANTS CALIFORNIA TO HAVE GOOD EXHIBIT

San Francisco, Sept. 15.—Chairman Arthur R. Briggs, of the local executive committee of the Alaska-Yukon commercial exposition, to be held at Seattle, is today preparing a mass of literature to be sent out all over the state, urging all sections to make ready for the exhibit of the state. The literature is accompanied by a request for funds, and it is the intention of the committee to make a large display at the Seattle fair as possible.

REPUBLICAN BOSSES GO DOWN TO DEFEAT IN CONVENTION HALL

Roosevelt's Choice Is Named Despite Gamblers and Anti-Reformists

(United Press Leased Wire.)
Saratoga, N. Y., Sept. 15.—Chas. Evans Hughes was renominated for governor on the first ballot by the Republican state convention here today.

The official vote on the first ballot in the Republican state convention this afternoon re-nominating Governor Hughes stood:

For Charles E. Hughes—827.
For James W. Wadsworth, Jr.—151.
For John K. Stewart—31.

Hughes the Man.
Saratoga, N. Y., Sept. 15.—That the opposition to the renomination of Governor Hughes is being conducted in the state convention here merely for the purpose of permitting some of the leaders to "make a show of strength" is shown by the statement of William Prendergast, register of Kings county, who said today that State Chairman Woodruff promised him in advance that Hughes would be nominated.

In an interview given exclusively to the United Press, Prendergast today said:

"Woodruff promised me on his honor, before the conferences last night that Hughes would be renominated. The Hughes men in the Kings county delegation then remained quiet and sold for the purpose of allowing Woodruff to make his show of strength and control his own delegation, apparently swinging it against Hughes. As a matter of fact, we knew that Hughes would be renominated, and I am absolutely certain that it will be Hughes on the first ballot."

New England Ratification.
Boston, Mass., Sept. 15.—Thousands of Republicans from the six New England states gathered at Point of Pine today to attend the ratification of the national ticket and the opening of the campaign. Governors Woodruff, of Connecticut; Proctor, of Vermont, and McLane, of New Hampshire, were present and delivered addresses. The celebration was elaborately planned, and was marked by parades and entertainments of various kinds. Pictures of Taft and Sherman, and the usual campaign decorations, were in full evidence everywhere.

NEWS FROM HERE.
THERE AND EVERYWHERE.
Dr. David M. Goodwin, charged with implication in the land fraud cases in this state, died at the age of 75 years in Los Angeles yesterday, attended by his bride of three days, Mary A. King, who married him on his deathbed, according to his last wish.

A turn in the Stanford University affairs; the students have won a slight victory over President Jordan, by getting him to appoint a committee of students and to issue a diploma to Harold Fitch, editor of the college paper, in which derogatory statements were made against Jordan.

The Harriman roads made more money during July than during the same month of any other year, according to the report just issued, the income being increased by retrenching as the gross earning had decreased.

GENERAL ELECTRIC IS BUYING WATER POWER

President E. S. Josslyn and Chief Engineer Sullivan, of the Portland Railway, Light & Power Company, were in the city today looking over the properties of the company, and went back at 3:45 p. m. They would not discuss the subject broached by the reporter, the purchase by their company of the Ladd, water power

and North Mill creek ditch, which, it is rumored, is about to take place. Abstracts of the property are being prepared. Mr. Josslyn said they had expended \$135,000 in the town the past year on the strength of a promise of an amended charter, which the council has not yet seen fit to pass. They were paving High street for the Oregon Electric.

MURDERED BY NEGRO ACCORDING TO DREAM

(United Press Leased Wire.)
Galveston, Tex., Sept. 15.—After dreaming the exact circumstances of his own murder and writing the story in detail four days before the crime was committed, John Buchters, a wealthy farmer, is dead today, a victim of a negro who appeared tallies with the assassin of the vision.

Buchters dreamed that he was shot in the back by a man with a large scar across the back of his neck and whose forefinger was cut off at the first joint. Another man was with the assassin, he was so im-

pressed by the dream that he wrote it out in detail and mailed it to his cousin, James Barry.

Four days later Buchters became involved in a quarrel with Raymond Newton, one of his negro cotton pickers. As the planter mounted his horse the negro shot him in the back. Newton's brother, who witnessed the murder, was captured and lynched, and the assassin spirited away by officers, and is held in the county jail here. He has a scar on his neck, and has lost the first joint of his forefinger.
