### ROGUE RIVER PEOPLE GOOD BOOSTERS

(Medford Mall.)

There was a large attendance at the regular meeting of the Rogue River Horticultural society, held in the rooms of the Medford Commercial club yesterday afternoon. The chair was occupied by President J. E. Watt. After reading of the minutes and a number of communications the president announced that before the important business was considered that he wished to have the secretary of the commercial club read the statement of the club's work.

According to this report, the Commercial club has spent for advertising alone during part of 1906, the whole of 1907 and part of 1908, the sum of \$11,770.95. This was entirely aside from the secretary's salary and other expenses in the way of keeping up the organization.

J. A. Perry and J. D. Olwell spoke strongly about the splendid work the Commercial club was doing and urged all the fruitmen and farmers present to do something toward helping the work along by contributing something in a financial way. An intermission was announced of ten minutes so as those present could go to the desk of the secretary of the club and give their names and the amount they would contribute.

After the intermission the business of irrigation was considered and a number of those present took part in the discussion, all agreeing that it was very necessary that water be secured for irrigation purposes on a large scale. F. J. Blakely stated that he expected that the company he represented would soon be in position to furnish a large quantity of water for the use of the farmers of the valley.

The meeting was brought to a close by the appointing of a committee to look into different irrigation propositions, and the committee will do so and make a full report at the next meeting of the society. The following is the committee:

J. A. Peary, W. I. Vawter, J. D. Olwell, H. T. Finley, S. A. Nye, M. B. Signs, J. E. Watt.

Mulai Hafid has proclaimed himself Sultan of Morocco and has in a note to interested European powers, bound himself to the Algeiras treaty.

Maine, in the gubernatorial contest yesterday, went but 8000 Republican majority, as against 24,534 majority in 1904.
