WILL SUBJECT CHINESE TO RIGID EXAMINATION

(United Press Leased Wire.)
San Francisco, Sept. 19.—It is announced at the office of Commissioner of Immigration H. H. North, immigration measures referring to Chinese will be tightened considerably following a recent decision by the United States supreme court forbidding the immigration officials to examine returning Orientals for disease. The court has decided that when an Oriental has been a resident he cannot be subjected to an examination for trachoma before he is admitted to the United States. The decision will result in more rigid examination being made of incoming Orientals to establish their identity. Hitherto it has been possible for them to be barred on the ground they were suffering from trachoma, if there was any doubt about their admission on other grounds.

PUSHING WORK ON BIG CALIFORNIA POWER PLANT

(United Press Leased Wire.)
Oakland, Cal., Sept. 19.—It is announced at the offices of the Great Western Power Company today that work will be rushed on the new auxiliary steam power plant of the company, which is to cost \$2,000,000. H. P. Wilson, of New York, vice-president of the power company, arrived here from New York last night, and will superintend the starting of the work. The Great Western has invested \$10,000,000 in a power plant on the Feather river, and the new plant here is to supplement the power from that place, and to be used in case of emergency when the wires go down. Mr. Wilson denied today that his company had been bought out by the Harriman interests, or that the railroad magnate is even interested in the company.

STUDENTS' FAVORITE WINS PARTIAL VICTORY

(United Press Leased Wire.)
Pacific Grove, Cal., Sept. 19.—In a session of the Methodist conference, which lasted until an early hour today, Dr. W. W. Guth, of Cambridge, Mass., was elected president of the University of Pacific, San Jose. As acting president M. S. Cross was elected vice-president, and his salary increased from \$1300 to \$1600 per year, the threatened walk-out of a number of students, dissatisfied with the proposed election, has been averted. The session was stormy, and it was only after much argument that a selection was made. The opponents

of Dr. Guth wished to postpone his election for a year, and retain Dr. Cross in the interim, as a compromise, but lost.

A communication from the students was received, stating that, while they objected to the selection of Dr. Guth, they would abide by the action of the conference.

MURDER OF STEVENS DRIVES SISTER INSANE

(United Press Leased Wire.)
Oakland, Cal., Sept. 19.—Believed to be mentally deranged by brooding over the death of her brother, the late Durham Stevens, advisor to the Korean emperor, who was assassinated in San Francisco some months ago, Miss Rose Stevens is under surveillance here today. The warrant which caused the arrest of Miss Stevens was sworn to by Perry W. Rochester, director of the Berkeley Chamber of Commerce. He charges that her actions have caused himself and his family much anxiety. Miss Stevens' sister is heart broken over the affair. Miss Stevens was recently brought here from Atlantic City.

Fight With Holdup.

San Francisco, Sept. 19.—It is believed by the police today that a Japanese, who held up Alfred Greenbaum, president of the Alaska Cod-fishing Company, late last night, is responsible for a number of recent hold-ups, which have baffled the police. A search is being made for Greenbaum's assailant, but as only a meager description was obtained of the Oriental, it is doubtful if a capture will be effected.

Greenbaum was returning to his home when a Japanese jumped from the shadow of a lumber pile and brandished a revolver. Greenbaum struck his assailant a hard blow in the face. He fell and dragged down his intended victim. In the struggle the Japanese's revolver was discharged. The bullet passed through Greenbaum's overcoat, but did not injure him.

Fearing that other shots might be fired, Greenbaum released his hold on the Japanese, who fled at top speed, and could not be found when the police arrived.

ANNA HEID HAS A 13-YEAR-OLD DAUGHTER

New York, Sept. 19.—There was no little surprise among the followers of the theatrical world when it became known that Anna Held, "the perfectly formed woman," is the mother of a girl aged 13. No mention of Anna

Held's daughter has been made by the press agents.

Anna Held's husband, Florenz Ziegfeld, Jr., and wife have kept the existence of their child a secret, even from their most intimate friends.

The girl was brought over here from Paris several weeks ago, and is kept by a French maid during her mother's absence from this city.

LOUISIANA POLITICIANS

TO FIGHT DUEL

Falquemine, La., Sept. 19.—The friends of Calvin K. Schwing, successful candidate in the recent primaries for the judgeship declared today that he undoubtedly would accept the challenge made by Leblance, his opponent in the election, to fight a duel. Schwing won the contest by one vote. Leblance sued to mandamus the district attorney to recount the ballots, but neither Schwing nor Leblance could decide on a judge to try the suit. When Schwing was granted a writ of prohibition by the supreme court yesterday Leblance was so angry that he formally challenged Schwing to a duel.
