BEAUTY AND BAD BREATH

Cannot Go Together No Matter How a Woman May Try to Make Them.

It does not matter how beautiful a woman may be, if she is afflicted with bad breath she will be shunned and plied by men and even women will studiously avoid her.

If any woman doubts this statement let her make a point of asking a friend in whom she may confide, a man friend or relative. If he be honest he will tell her that foul breath from the mouth of a woman will drive men from her more rapidly than any other personal affliction.

Foul breath arouses in man disgust and where this quality is brought into play no amount of self-denial or reasoning can overcome the natural repugnance which comes to man when he is in company with such a woman.

What is true of bad breath in woman is not true in so great a degree in men. Women are looked upon as the incarnation of sweetness, breeding, virtue and refinement. Foul breath will sicken a man so that he cannot feel for such a woman a companionship necessary to make him desire to be in her company.

There is absolutely no occasion for bad breath in either men or women. Charcoal, the strongest absorbent known, when taken into the stomach, will prevent this repugnant tendency or affliction.

Stuart's Charcoal Lozenges are sold in tremendous quantities all over America and Canada. They cure and have cured all forms of bad breath. A single box will convince you of this fact. One should eat some of these lozenges after each meal and upon retiring. You might eat 50 of them without harm. They are not medicine, but pure willow charcoal mixed with sweet honey to make them palatable and compressed into lozenges to preserve their peculiar and lasting strength.

The next time you wish to go into company and don't want your foul breath to humiliate you, eat several of Stuart's Charcoal Lozenges and your breath will be pure and sweet.

Every druggist carries them, price 25 cents, or send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 200 Stuart Bldg., Marshall, Mich.

Thousands Have Kidney Trouble and Never Suspect It.

Prevalency of Kidney Disease. Most people do not realize the alarming increase and remarkable prevalence of kidney disease.

While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address: Dr. Kilmer & Co., 183-185 Broadway, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

ALL EMOTION IN MONDAY'S PLAY

One of the most successful plays of the present season is "The Little Prospector," a comedy-drama which comes to the Grand opera house on Monday, September 21. "The Little Prospector" was written especially for "Chic" Perkins by a master hand in stage-craft, and the lines and "business" fit her like a kid glove. The character of the self-assertive, independent, yet lovable daughter of a degenerate physician is interpreted with a charm that wins the audience and sets the gallery gods in a furore, and the real critic is the gallery god, he is honest to himself and the players and he won't stand for phoney goods. "Chic" Perkins is surrounded with a group of theatrical satellites that are an important factor in the success of the new play, and give the magnetic little star excellent support, which causes "The Little Prospector" to run as smooth as the waters of a mountain brook. There is

"CHIC" PERKINS.

"Prospector" as interpreted by "Chic" Perkins that makes the play a success, for it tells the story of human emotions in which love, hate and romance are skillfully blended by a playwright of international fame. Success from a financial artistic standpoint has crowned the efforts of the strenuous magnetic "Chic" and the little star deserves the laurel of fame.
