The red man was from the Siletz country, and had come over to attend the fair. Four of the last week's prisoners are putting in a few days each cleaning up around the city hall.

RESCUED FROM

BOTTOM OF WELL
(United Press Leased Wire.)
Chico, Cal., Sept. 21.—After he had been pinned in a well 29 feet below the surface of the ground for more than 10 hours, and two men had nearly lost their lives in trying to rescue him, while 50 others worked frantically in the meantime to save him from being buried beneath the caving walls of the well, J. N. Calpin is a live man today, and has a chance to live, although he is seriously injured.

Look for opportunities to boost, not to knock.
