

### TOURMENTING ANIMALS TO ASSIST SCIENCE

Is a Cruel Method to Follow, But It Has Saved Many Human Lives.

Prof. Pawlow, of Russia, was engaged for many years in experimental work, trying to learn the workings of digestion, especially the digestive glands.

He, with able assistants, operated upon dogs, cats, guinea pigs and other animals.

His methods were seemingly painful, but he gave to science a work which won the Nobel prize and made for him an undying fame.

Science penetrated the secrets of nature. Prof. Pawlow saw animals digest food. He analyzed juices from every part of the digestive canal and stomach under all conditions of digestion. He spent years of ceaseless study amid the howling and dying beasts, but he won, and science today looks upon him as a great man.

"To do a great right do a little wrong" Shakespeare said, and Prof. Pawlow obeyed this trite saying.

Stuart's Dyspepsia Tablets are prepared by the most scientific process. They are produced by modern appliances, and meet the demand of the 20th century chemistry.

They give man the means to correct his infirmities of stomach and digestive organs.

They enrich the blood give nature the juices and fluids she lacks, stop the formation of noxious food. They neutralize powerful acids and alkalies which irritate and devour the stomach. They prevent and relieve bowel and intestinal trouble and soothe the nerves.

They should be used after every meal whether one has dyspepsia and stomach trouble or the stomach be naturally healthy. By their use one may eat at all hours and whatever one desires and they help the system digest or throw off such food. They are thoroughly meritorious as their tremendous sale and popularity illustrate.

Every drug store has them for sale, price 50 cents per package. If you would like to test their merits free, send us your name and address and we will send you a trial package by mail without cost. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

**CASTORIA.** The Kind You Have Always Bought. Bears the Signature of *Chas. H. Fletcher*

**The Word "Ogre."** Old fashionable etymologists used to say that the word "ogre" commemorated the sufferings of Europe during the ninth and tenth centuries at the hands of the ravaging "Olgours," or Huns. This derivation, however, is now abandoned. "Ogre," which reached the French language by way of Latin and Spanish, is really Orcus, the Latin hell, afterward the god of the underworld. In Romanesque folklore this god became a shaggy, black man devouring monster, with a particular taste for lost babes in the wood.

**For a Sprained Ankle.** A sprained ankle may be cured in about one-third the time usually required, by applying Chamberlain's Liniment freely, and giving it absolute rest. For sale by Dr. Stone's drug store.

**CASTORIA** For Infants and Children. The Kind You Have Always Bought. Bears the Signature of *Chas. H. Fletcher*

**Cleaning a Clock.** It is very simple to clean a clock, which may sound rather absurd. For an amateur it is not always necessary to take the clock to pieces. With a little care and patience and using some benzine, a clean white rag, a sable brush and some oil a clock can be cleaned and put in first class running order. The benzine should be clean and free from oil. You can test benzine by putting a little on the back of the hand. If it is good, it will dry off, leaving the hand quite clean, but if any grease remains on the hand it is not fit to use.

The oil should be of the very best that can be procured. Vegetable oils should never be used. Clock oil can be procured from your druggist or jeweler.

All loose dirt should be removed from the works by blowing with bellows or a fan or dusting with a dry brush. In the latter case great care should be exercised not to injure any of the parts. Dip the brush in the benzine and clean the spindles and spindle holes and the teeth of the escapement wheel. After washing a part wipe the bush on the rag and rinse in the benzine. This should be repeated frequently until no more dirt is seen.

When the clock has dried all the spindle holes carefully. This may be done with a toothpick or a sliver of wood cut to a fine point. Oil the teeth of the escapement wheel slightly, using a fine brush.—Popular Mechanics.

**A Burglar in Town** his name is "bad cough." He doesn't care for gold or silver but he will steal your health away. If he appears in your house arrest him at once with Ballard's Horehound Syrup. It may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and \$1.00 per bottle. Sold by all dealers.

**MUST BELIEVE IT** When Well-Known Salem People Tell It So Plainly.

When public endorsement is made by a representative citizen of Salem the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

Jacob E. McCoy, retired, living on Capital St., beyond Mill creek, Salem, Or., says: "There has been no reason for me to change my good opinion of Doan's Kidney Pills which I expressed through our papers three years ago. I procured the remedy at Dr. Stone's drug store at that time and received the most gratifying results from their use. I was relieved of kidney complaint of several years' standing. The principal symptoms were in connection with the kidney secretions and any strain or over-exertion often caused hemorrhages of the kidneys. Nothing I had found in the way of medicine gave me any satisfactory relief until I got Doan's Kidney Pills. They gave prompt and lasting benefits. I have recommended them ever since then when occasion has arisen.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

**A Traveling Man's Experience.**

"I must tell you my experience on an east bound O. R. & N. R. R. train from Pendleton to La Grande, Or., writes Sam A. Garber, a well known traveling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said, "There is a woman sick unto death in the car. I at once got up and went out, found her very ill with cramp colic; her hands and arms were drawn up so you could not straighten them, and while a deathlike look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suit case and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it), ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands and in 20 minutes I gave her another dose. By this time we were almost into La Grande, where I was to leave the train. I gave the bottle to the husband to be used in case another dose should be needed, but by the time the train ran into La Grande she was all right, and I received the thanks of every passenger in the car." For sale by Dr. Stone's drug store.

**Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and this is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free. F. J. CHENEY & CO., Toledo, O.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.
