The sixty-sixth year of work at the university will begin the present week.

The hour of the daily chapel services has been changed from 9:00 to 10:15 o'clock. The morning classes will begin at 8 o'clock, the last period to close at 12:15.

Prof. Fred Cramer, A. B.
Prof. Cramer and family arrived in Salem Saturday evening and are guests of Rev. Joseph Hepp. The professor preached in the German Methodist church Sunday evening. The committee on registration composed of Profs. Kirk, Bach, Matthews and Tauch are having a busy week.

Prof. M. E. Peck, of the chair of chemistry, is in town, but is confined to his room with rheumatism for a few days. Mr. and Mrs. Peck came from Iowa Falls, Iowa, where the professor has taught in Ellsworth college.

During the few weeks that Dr. Tausch has been in Salem he has proved himself a hustler. Great things are expected of the philosophical department and the courses now offered at Willamette are far ahead of anything now offered in the northwest.

BOURNE TO DISTRIBUTE PEARS AT WASHINGTON
Senator Jonathan Bourne of Oregon has ordered 40 boxes of Com's pears from the Lewis orchard, near Medford, which he intends to present to President Roosevelt and members of the cabinet in order to prove to them some of his tales of Oregon's wonderful pears, which he told in Washington during the last session of congress.

The work of picking and packing the pears was undertaken Monday morning and shipment will speedily follow. Great care is to be exercised in choosing the largest and finest ones, and they will be packed with great care so that they will be in the best condition possible when they reach the east.

The man who is worthy of being a leader of men will never complain of the stupidity of his helpers, of the ingratitude of mankind, nor of the inappreciation of the public. These things are all a part of the great game of life, and to meet them and not go down before them in discouragement and defeat is the final proof of power.—Fra Eibertus.

"THE MISSOURI GIRL" ENTERTAINS

"The Missouri Girl" contains all the elements that go to make up an enjoyable evening's entertainment. A good strong plot with intensely interesting dramatic situations, novel specialties, peculiar dances, the very best scenic and mechanical stage effects, and the most ludicrous situations ever seen in one play. The company headed by Miss Sadie Raymond is the pick of the profession; no "stick" to bore you, but every one an artist in his line. This attraction will be seen at The Grand opera house, Thursday night.

The play is a guaranteed attraction and the theater management is instructed to refund the money if there is one single thing advertised that is not performed to the letter. The claim that it is the best domestic comedy written has never been disputed. The production of the play in this city will be the equal of any ever given of the play. Not a line or a scene cut out, and not a bad actor in the cast.

It has no superior and few equals as an entertainer, because it contains all the elements that go to make up a pleasing performance.

The play has broken records for large business in more than two-thirds of the theaters, played in the past ten years, and this mostly in return dates. This should be a guarantee that the show is "all right."

A good play with a good strong plot and an unusual amount of rich comedy interpreted by a clever lot of people is what will be seen when "The Missouri Girl" appears at the Grand, Thursday night, September 24.

No Fat Women at Lyons.
For true female grace and handsome figures the city of Lyons surpasses all French towns, declared a recent traveler. The women of both "high" and low degree are alike equal in the possession of graceful flowing body lines. They are not thin, but elegant; as a man would say, just right. I understand this highly ornamental condition of the women folk is true wherever Marmola is much used, as it is in this famous old silk town. American women who are over fat, little or much, should adopt this extremely valuable and simple plan of reducing, for Marmola in 14 ounce sealed packages (see it is sealed) is obtainable at all American drug stores. Add to it at home a 1/2 ounce Fluid Extract Cascara Aromatic and 3/4 ounce Syrup Simplex and take a teaspoonful after meals and at bedtime. The whole recent costs but a few cents, but it takes off the fat in wonderful way—over a much as 16 ounces a day without causing wrinkles or any ill effects. Fact is, it improves the health and brilliancy to the eyes and complexion.

Let us forget, the man with a bunch of bills comes around once in a while just to remind us that life is not all milk and honey.
