"YE LIBERTY" PRODUCING "THE DEVIL"

The Ye Liberty has secured for Friday, Saturday and Sunday one of the most novel and sensational pictures that has ever been produced. It is the well known dramatic sensation, "THE DEVIL," that was produced by over 50 stock companies in America the past two weeks, and has been pronounced by the dramatic critics as the greatest play ever produced in New York city. This picture is one of the most expensive ever shown in this city, and will cost the management of Ye Liberty as much as is usually paid for an entire week of attractions.

The following synopsis of the scenes will give the reader some idea of this wonderful attraction, and as it will be played this winter by Henry W. Savage's companies in all the large theaters on the Pacific coast, no one should fail to see this great picture.

"THE DEVIL"—Synopsis of Scenes.—The Spark of Love—Karl, an artist, meets former sweetheart at her husband's home—Both believe their love dead—Olga, a faithful wife; Karl, six years absent—Old memories awake—Husband orders Karl to paint his wife's portrait—To sit following day.

Mimi, The "Model"—Karl passes a restless night—Mimi reproaches for coldness—He promises to visit her—Olga and husband meet Mimi on stairs—Karl and Olga feel an influence—Strive to resist—Husband departs.

The Tempter Appears—Preparations for sitting—Olga removes her waist—Startled by sudden appearance of Devil—His cynical philosophy overcomes scruples—Terrifies Olga—She rushes from room.

Karl and the Devil—Devil praises Olga—Urges, hints, promises—Forees invitation to ball from Olga—Karl and Olga about to kiss when husband arrives—Embarrassment—Devil satisfactorily explains.

Mimi and Olga meet—Mimi calls—Devil hides her—Makes Olga jealous—Reveals Mimi—Karl tries to explain—Olga leaves—Karl goes to Mimi house.

The "Lost Sovereign"—Karl tries to resist temptation—Devil tells story—Shows how he may lose Olga—Madden Karl—Threatens to shoot—A sneer coils.

At the Ball—in honor of Elsa—Olga match makes—Devil creates commotion—Powerless against Elsa—Controls Karl and Olga.

A Devil's Trap—Commands Olga to cloak—Karl fears an elopment—Husband removes cloak—Karl confused—Devil gloats.

The Devil's Letter—Olga decides to write Karl—"Never to see her again"—Devil dictates—"I love you; I am yours; take me"—Olga tries to recover letter—She faints.

Tempter Triumph—Olga visits studio—Devil gives a letter to Karl—He burns it—Goes to his room—Olga chagrined—Turns to depart—Devil intercepts—Gives her real letter—She rushes to Karl's room—Devil watches—His work accomplished.

TOURTING ANIMALS TO ASSIST SCIENCE

Is a Cruel Method to Follow, But It Has Saved Many Human Lives.

Prof. Pawlow, of Russia, was engaged for many years in experimental work, trying to learn the workings of digestion, especially the digestive glands.

He, with able assistants, operated upon dogs, cats, guinea pigs and other animals.

His methods were seemingly painful, but he gave to science a work which won the Nobel prize and made for him an undying fame.

Science penetrated the secrets of nature. Prof. Pawlow saw animals digest food. He analyzed juices from every part of the digestive canal and stomach under all conditions of digestion. He spent years of ceaseless study amid the howling and dying beasts, but he won, and science today looks upon him as a great man.

"To do a great right do a little wrong" Shakspeare said, and Prof. Pawlow obeyed this trite saying.

Stuart's Dyspepsia Tablets are prepared by the most scientific process. They are produced by modern appliances, and meet the demand of the 20th century chemistry.

They give man the means to correct his infirmities of stomach and digestive organs.

They enrich the blood give nature the juices and fluids she lacks, stops the formation of noxious food. They neutralize powerful acids and alkalies which irritate and devour the stomach. They prevent and relieve bowel and intestinal trouble and soothe the nerves.

They should be used after every meal whether one has dyspepsia and stomach trouble or the stomach be naturally healthy. By their use one may eat at all hours and whatever one desires and they help the system digest or throw off such food. They are thoroughly meritorious as their tremendous sale and popularity illustrate.

Every drug store has them for sale, price 50 cents per package. If you would like to test their merits free, send us your name and address and we will send you a trial package by mail without cost. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

A Traveling Man's Experience.
 "I must tell you my experience on an east bound O. R. & N. R. R. train from Pendleton to La Grande, Or., writes Sam A. Garber, a well known traveling man. 'I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said, "There is a woman sick unto death in the car. I at once got up and went out, found her very ill with cramp colic; her hands and arms were drawn up so you could not straighten them, and while a deathlike look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suit case and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it), ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands and in 20 minutes I gave her another dose. By this time we were almost into La Grande, where I was to leave the train. I gave the bottle to the husband to be used in case another dose should be needed, but by the time the train ran into La Grande she was all right, and I received the thanks of every passenger in the car." For sale by Dr. Stone's drug store.

Deafness Cannot Be Cured
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and this is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.
