

TAFT SAID COUNTY WAS PROSPEROUS SO WORKERS ASK RAISE

(United Press Leased Wire.)
Muscatine, Ia., Sept. 29.—William Bryan was greeted today by a delegation of strikers from the pear factories, who walked out following the visit of William H. Taft to this city, when Taft told them that the country had returned to normal conditions, and they demanded that their salaries be raised to the scale which prevailed before the panic last fall.

At the time of the panic last fall the men accepted a reduction of wages. They went to hear Taft speak, and, basing their claim on his assertion that the country now is prosperous, and has thrown off entirely the results of the panic, they demanded that the employers re-establish the former scale. When the capitalists refused, the strike was ordered.

COLORADO OFFICIAL KILLS LITTLE GIRL AND THEN HIMSELF

(United Press Leased Wire.)
Denver, Colo., Sept. 30.—According to the incoherent statements made by Mrs. Addie Hicks, Christopher Crezise, treasurer of Gilpin county, shot and probably fatally wounded her 8-year-old daughter, Jennie, and then committed suicide early today.

From Mrs. Hicks it is learned that the shooting followed a demand of some sort made on her by Crezise, and which she refused. Whether the shot was intended for her or her daughter, and what the nature of the request was, she has not disclosed. The shooting created a sensation here, as Crezise was one of the best known men in Gilpin county. He boarded at the home of Mrs. Hicks.

WHOLESALE REMOVALS IN IMMIGRATION SERVICE

(United Press Leased Wire.)
San Diego, Cal., Sept. 30.—Wholesale removals from offices in the immigration service along the Pacific coast are expected to follow the discharge, by telegram from Washington today, of the entire force of the local bureau. The men who were removed here are Chief Emil Engleke, Inspectors John Canfield and Barney Maning, and Interpreter Lee, a Chinese.

Chief Engleke, who is well-known at San Francisco and Portland, where he served in the immigration bureau before coming here six years ago, declared he did not know what caused his dismissal, but said he thought "spite work" was at the bottom of the whole affair.

He admitted, however, that he believed the action of the department at Washington was a direct result of the report of Professors Jenks and Sanford, whose representations in the immigration service was announced exclusively by the United Press on July 3.

"There is no use to fight against my removal," said Chief Engleke, to a United Press representative today. "The message from Washington orders us to vacate our offices at the end of today's work. I do not know what caused the removal of myself and assistants, but I believe Professors Jenks and Sanford had a hand in it. I have always done my duty, and have my record at San Francisco and Portland, before coming here six years ago, to show that there is nothing against me.

Following so closely upon the arrest of two Americans and three Mexicans on charges of smuggling Asiatics here that the ousted officials are accused of negligence in failing to uncover the alleged gigantic smuggling plot that detectives working under the direction of Professors Jenks and Sanford are reported to have discovered.

TORTURING ANIMALS TO ASSIST SCIENCE

Is a Cruel Method to Follow, But It Has Saved Many Human Lives.

Prof. Pawlow, of Russia, was engaged for many years in experimental work, trying to learn the workings of digestion, especially the digestive glands.

He, with able assistants, operated upon dogs, cats, guinea pigs and other animals.

His methods were seemingly painful, but he gave to science a work which won the Nobel prize and made for him an undying fame.

Science penetrated the secrets of nature. Prof. Pawlow saw animals digest food. He analyzed juices from every part of the digestive canal and stomach under all conditions of digestion. He spent years of ceaseless study amid the howling and dying beasts, but he won, and science today looks upon him as a great man.

"To do a great right do a little wrong" Shakespeare said, and Prof. Pawlow obeyed this trite saying.

Stuart's Dyspepsia Tablets are prepared by the most scientific process. They are produced by modern appliances, and meet the demand of the 20th century chemistry.

They give man the means to correct his infirmities of stomach and digestive organs.

They enrich the blood give nature the juices and fluids she lacks, stop the formation of noxious food. They neutralize powerful acids and alkalies which irritate and devour the stomach. They prevent and relieve bowel and intestinal trouble and soothe the nerves.

They should be used after every meal whether one has dyspepsia and stomach trouble or the stomach be naturally healthy. By their use one may eat at all hours and whatever one desires and they help the system digest or throw off such food. They are thoroughly meritorious as their tremendous sale and popularity illustrate.

Every drug store has them for sale, price 50 cents per package. If you would like to test their merits free, send us your name and address and we will send you a trial package by mail without cost. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

It is easier for a camel to go through the eye of a needle than for a man to discard a bad habit.

Mayor Rodgers advocates a bond issue to build all future bridges of a permanent nature. "No more wooden bridges."

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "I have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed. A few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at J. C. Perry's drug store. 50c and 71.00. Trial bottle free.
