# CLOTHING SALE

Not Because We Are Broke Not Because We Need Money

## BUT TO PROTECT OUR CUSTOMERS

Against itinerant salespeople who drift about the country inveigling honest merchants into a proposition to conduct a fake sale, and give them 20 per cent of the proceeds.

We will be our own brokers and give you the 20 per cent.

We have been solicited by such brokers for the last five years. They claim that they can get more for the goods than we can. That the unsuspecting public will buy during the excitement, and when they discover they have been duped just blame the brokerage company, who by that time are GONE to search for another merchant who can't run his own business.

## You Have Seen It Done Right Here In Salem

## Don't Let It Happen Again

We will give you all we promise, and at the same time assure you that we do it willingly. To lose a few days' profits in the interest of our customers and Salem in general will be a worthy sacrifice. Depend on us, believe us, we live with and are your neighbors, and cannot afford to let you go elsewhere when you have been our faithful customers.

**Today!** **Today!**

We did not close to mark the goods up. The same tags, marked in plain figures, will be used, but the prices will be shamefully slashed.

Lawson declared that if Bryan should be elected he would be powerless to carry out the policies which Roosevelt has established, and complete the work which Roosevelt has started. He said that Taft would hold the people where they are, and the public would be satisfied with his administration.

### BRYAN OBSERVES WEDDING ANNIVERSARY

(United Press Leased Wire.)

Lincoln, Neb., Oct. 1.—Bryan is at his country home, Fairview, today quietly observing the 24th anniversary of his wedding. All callers were denied admission, and Bryan is spending this afternoon attending to his correspondence. He will remain at home until Monday, when he will start on another tour that will take him through Illinois, Kansas, Missouri and Nebraska. The Commoner is in good physical condition, and shows no effects of his long trip through the East.

### ROOSEVELT SUMMONS HITCHCOCK POST HASTE.

Washington, D. C. Oct. 1.—The announcement today that Chairman Frank H. Hitchcock of the Republican National committee has been summoned into a conference with President Roosevelt has set political circle agog with excitement and the rumor has spread that the president willl take the Republican campaign manager to task for alleged mismanagement.

No confirmation of the rumor can be obtained, but it is admitted that Hitchcock will confer with President Roosevelt within a few days.

### FOREIGNERS WANT BRYAN ELECTED.

Washington, D. C., Oct. 1.—That British merchants desire the election of Bryan as president of the United States and the reduction of the tariff so that they can make a bid for the American markets is the statement made here today by Congressan Bartholdt of Missouri who has just returned from the Inter-Parliamentary union for the promotion of arbitration which has been in session at Berlin.

"The British delegates to the conference strongly favored the election of Mr. Bryan," said Congressman Barthold today, "because that would mean the reduction of the tariff, enabling Europe to capture the America nmarkets."

### TAFT GETS OVATIONS AL LOVER NEBRASKA

Beatrice, Neb., Oct. 1.—William H. Taft is being given a continual ovation today on his tour through the state, following his reception in Lincoln last night. Taft's voice is much improved, and he speaks with ease.

His eleven addresses yesterday seemed to strengthen his voice.

On the way to Omaha today he will deliver a number of addresses. Crowds greet the train at every stop.

# FIVE HUNDRED THOUSAND BRITISHERS MAY STRIKE

(United Press Leased Wire.)

London, England, Oct. 1.—A strike that would affect 500,000 railway employes of England, and tie up transportation on many lines in the United Kingdom, is imminent as the result of a referendum vote shortly to be taken among all the railway employes. The officials of the various unions in England are today making arrangements for the taking of votes, and it is thought that a strike will undoubtedly result.

The unions ask an increase in wages, averaging about 25 per cent, and the definite limitation of the hours of work, with double pay for all over time.

The wage of the English signalman averages about $5 per week, skilled engineers get about $16 a week, and guards, corresponding to conductors in America, get $8 a week. It is claimed that the employes are forced to work from 10 to 18 hours a day.

# WANT CUPID'S ERRORS REMEDIED

Clarita J. Stubbs has filed a complaint in the circuit court asking a divorce from her husband, Orville Stubbs, on the charge of desertion without cause. The couple were married in this city October 11, 1905, and on October 31, same year, Stubbs left his wife. Mrs. Stubbs asks the custody of the one child. S. T. Richardson is attorney for the plaintiff.

Another divorce case, charging immoral relations with other women was filed this morning in the circuit court by Bessie H. Stockwell against her husband, George H. Stockwell. The two were married in Albany in 1904, and the complaint states that for the first few years Stockwell gave every attention to his wife, but of late has been associating with other women in Jefferson, Salem and Albany.

and the Nebraska Republicans are showing great enthusiasm over the candidate, who is enjoying the journey. Congressman Hinshaw and Secretary William Hyward, of the Republican national committee, joined the party at Lincoln this morning, and will remain on the train until Omaha is reached this evening. It is expected that the meeting at Omaha tonight will be one of the largest held in the state.

### INSANE UNDERTAKER KILLS HIMSELF

(United Press Leased Wire.)

San Jose, Cal., Oct. 1.—That he was mentally deranged as the result of an injury sustained in an automobile accident some months ago, is the only cause which can be given here today for the self-destruction of Orville H. Saunders, a prominent undertaker of this city, late yesterday.

## Jewelry For October

"October's child is born for woe;
And life's vicissitudes must know;
But lay an opal on her breast,
And hope will lull those woes to rest."

An authority says of the Opal: "It's a precious stone which hath in it the bright, fiery flame of the carbuncle, the fin refulgent purple of an amethyst, and a whole sea of the emerald's green glory."

Opals come principally at the present time from Austria. They are also found in Hungary and Mexico.

By a strange freak of fashion, opals were at one time falsely accused of bringing ill-luck, but the mistaken idea has now gone the way that all superstitions must.

Cosmos is the October birth flower.
