THE TEXT-BOOK EVIL.

The greatest foe of the public schools is the manipulation of textbooks.

It affects the pupils, distresses the teachers and impoverishes parents.

A child of 12 going to school with 20 pounds of textbooks is remarkable.

A child of 12 having to have four dollars worth of textbooks is a humbug.

HOW SHALL THIS EVER BE REMEDIED?

Beyond a change in arithmetics, was there any need of a change in textbooks?

Can any teacher give a clear, lucid and unambiguous reason WHY ANY OTHER TEXTBOOK SHOULD HAVE BEEN CHANGED?

The teachers and children of one generation had barely become familiar with the books (the tools of education) they had when there were sweeping changes.

It would seem as if there could be textbook on the important branches THAT ARE ALMOST CLASSIC.

For instance, has there been any real improvement in reading, arithmetic and grammar?

Did the youth of fifty years ago not LEARN THE COMMON BRANCHES BETTER THAN TODAY?

The navigator or the surveyor of fifty years ago knew his mathematics better, knew more geography, and could chart better than THE SEAMAN OF TODAY.

The same is true of carpentry, of leather and metal workers and textile fabrics.

THERE WAS MORE DOING THINGS AND LESS OF TEXT-BOOKS.

The man who will take his boys and girls to town AND TEACH THEM TO STUDY THE MARKETS they will learn agriculture that is practical and successful.

The markets are the best textbooks in agriculture that can be put in a boy's hands.

The textbook may tell him about THE SCIENCE OF AGRICULTURE, BUT THE REAL DOING WILL ALONE TEACH HIM FARMING.

The multiplicity of textbooks is the manifestation of laziness. THEY TAKE CHILDREN AWAY FROM REAL EDUCATION INSTEAD OF ENLIGHTENING THEM.

The active child whose mind seeks expression is DOING THINGS, MAKING THINGS, CREATING THINGS, IS DWARFED BY TEXTBOOKS MORE THAN HELPED.

Corn above 80 cents a bushel in Chicago as this mess of "feed" is being chopped! Is under-production or over-consumption the cause?

ALTERCATION IN ALBANY LEADS TO SHOOTING

(Special Correspondence.) Albany, Oct. 3.—A very unpleasant affair occurred Thursday evening between J. H. O'Brien, editor of the Albany Daily Herald, and Fred Sanders, an employe of the Albany Iron Works. In a dispute Sanders struck O'Brien, knocking him down. O'Brien then left Sanders standing on the street. In a few moments he returned, walked up to Sanders, pulling a revolver and firing. The bullet just missed Mr. Sanders' face, which was severely burned by the powder. Next morning the case was brought up before Deputy District Attorney Gale Hill, and, upon O'Brien's promising to leave the state for good was dismissed.

As a result of the affair, Sanders has a very sore face, and C. G. Burkhardt's real estate building has a large bullet hole as a reminder of the occurrence.

THE CALIFORNIA PROMOTION COMMITTEE BULLETIN

Recognition of the great possibilities which lie in California for investors was given during the month of September, beginning with the bidding on San Francisco's municipal bonds, and the eagerness displayed by outside capitalists for all sorts of municipal and industrial bonds throughout the state. San Francisco's bonds were bid for fifteen times over, and immediately after their purchase by the brokers, they found sale in the east at a good profit to the original purchasers.

Reports received by the California Promotion committee from other parts of California show that similar desire for good securities is evidenced. The issue of Los Angeles good road bonds was in immediate demand, and so great was the interest taken in them that many banks made strenuous efforts to get them.

Table with 3 columns: Bank Clearings, Building Permits, and values for various cities like Los Angeles, Oakland, Sacramento, etc.

WOMAN'S BACKACHE

The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching. It tells, with other symptoms, such as nervousness, headache, pains in the loins, weight in the lower part of the body, that a woman's feminine organism needs immediate attention.

In such cases the one sure remedy which speedily removes the cause, and restores the feminine organism to a healthy, normal condition is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Will Young, of 6 Columbia Ave., Rockland, Me., says:

"I was troubled for a long time with dreadful backaches and a pain in my side, and was miserable in every way. I doctored until I was discouraged and thought I would never get well. I read what Lydia E. Pinkham's Vegetable Compound had done for others and decided to try it; after taking three bottles I can truly say that I never felt so well in my life."

Mrs. Augustus Lyon, of East Earl, Pa., writes to Mrs. Pinkham:

"I had very severe backaches, and pressing-down pains. I could not sleep, and had no appetite. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a new woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.
