

BEAUTIFUL MAUSOLEUM FOR FORD ESTATE

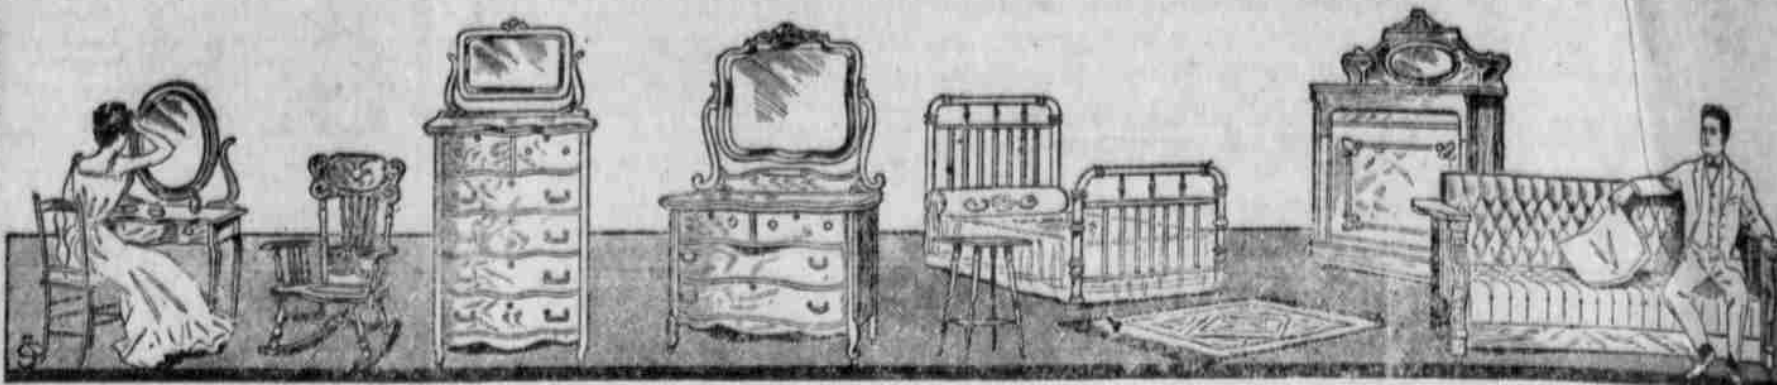

A beautiful mausoleum, 14x11 feet and composed of the richest marbles, stone and bronze, with marble columns, has been ordered built by the estate of the late Tilton Ford, whose remains will be the first to occupy one of the 11 crypts in the vault, which is to be erected in Odd Fellows' cemetery.

N. A. Tibbitts, an Eastern granite man, representative of Otto Schumann, of Portland, has closed a contract with the executors of the estate for the mausoleum.

The facade of the building is to be embellished with polished granite columns supporting the portico; the

columns are surmounted by carved capitals. The vestibule is to be entirely lined with polished Italian marble. The front entrance will contain a standard bronze door, the upper half being open grill work, and back of which is placed a heavy plate glass in a bronze sash. The general dimensions of the structure are 14x11 feet. The interior will contain 10 catacombs or crypts for the reception of the various remains of the Ford family. The building of the concrete foundation will begin at once. Mr. Tibbitts states the structure will be completed in about six months.

EVERY PIECE OF FURNITURE FOR EVERY PART OF THE HOME

If you have not visited us for a few days you do not do yourself justice. We have many new things to show you.

THE HOUSEFURNISHING COMPANY, D. H. JAMES, Proprietor
WE SELL BRENLIN SHADES

NARROW ESCAPE OF THE Y. M. C. A.

A fire broke out in the Y. M. C. A. building this morning about 4 o'clock which would have resulted in the total destruction of the building had it not been discovered in due time for the department to extinguish it. The blaze was discovered by one of the Steusloff Bros., who was coming down to open the market. He was passing in front of the building, when he detected the odor of burning wood, whereupon he made an investigation, and found one of the doors in the center of the structure ablaze. Mr. Steusloff immediately notified Night Officer Murphy, who, in turn, notified the fire department. Nothing was used to quench the flames but the chemical, which did the work in good time. The cause of the conflagration is not known, and is somewhat of a mystery, owing to the fact that no chimney or flue of any description is situated in that particular part of the building.

MRS. HAINS ASKS FOR DIVORCE

Boston, Oct. 5.—Frederick Norton, attorney for Mrs. Peter C. Haines, announced that papers will be filed in the Queen's county court, at Brooklyn, N. Y., this afternoon asking for a decree of divorce for Mrs. Haines from Captain Peter C. Haines, U. S. A., slayer of William E. Axta. She will ask for alimony and the custody of her children. Mrs. Haines does not expect to be present at the trial, as she is not compelled by law to attend.

SOCIALISTS ENTHUSIASTIC OVER PROSPECTS

New York, Oct. 5.—The Socialists here are enthusiastic today over the prospects of Eugene V. Debs, the Socialist candidate for president getting a larger vote in the coming election than has ever been cast for the Socialist ticket.

Debs arrived here yesterday on his "Red Special" from the West, and the crowd that met him at the Grand Central station almost mobbed the candidate before he could escape. The enthusiasm was so great that the police lines were swept away and men, women and children had their clothing torn in the rush to get a glimpse of the candidate.

Debs finally slipped through the crowd, and made his way to a hotel. Last night he addressed two monster audiences. Despite the fact that admission was charged, the halls were crowded.

An overflow meeting was held at the Hippodrome, and was one of the most remarkable meetings ever held in New York. When the candidate appeared he was given an ovation. Men and women waved red flags and wept. Edwin Markham, Upton Sinclair and Rose Pastor Stokes were in the audience.

PRESIDENTIAL ELECTORS WILL NOT VOTE FOR BRYAN

Boston, Oct. 5.—The Democratic party of Massachusetts is casting about today for two presidential electors to take the places of Ferdinand Strauss and Charles A. Davis, who have resigned, declaring they will not vote for Bryan. Strauss announced that he will vote for Taft.

Strauss has been an active Democrat for years. He made an active campaign for Judge Parker four years ago. In his letter to the state committee, he says:

"I have always been an ardent admirer of Mr. Taft, which, in addition to my personal friendship for him, induces me to cast my vote for no other presidential candidate."

Davis simply says he will not vote for Bryan.

BRYAN OFF TO MAKE TOUR OF IOWA

Fairview, Lincoln, Neb., Oct. 5.—William J. Bryan will leave at midnight for Des Moines, Ia., and will make a tour of Iowa. He will take advantage of the situation in the Republican party of the state, which led to the deadlock on the senatorial contest in the legislature. He is much refreshed by his rest at his country home here the last few days.

A straw vote taken in Portland shows the following results: Taft, 1285; Bryan 743; Debs (Socialist), 147; Hughes (Independent), 6; Custer (Prohibition), 53.

BASEBALL

(United Press Leased Wire.)
Chicago, Oct. 5.—With nerves worn to a frazzle, a few million baseball fans are watching the session of the league directors today at Cincinnati for a decision on the New York-Chicago tie, that may give either club the pennant, and are closely following weather conditions in New York, for if the Giants can win their games they will tie the Cubs for the lead.

In the grand vortex lies the possibility of a three-game series in a neutral city to decide which shall claim the flag.

The fans also are in a high strung state over the race in the American league, where Detroit must defeat Chicago once to win. If Chicago or Cleveland lose a game they will be out of the running.

There is hardly a fan in the country who will make a bet on which two teams will meet for the post-season championship series.

New York meets the Boston team for three days at the Polo grounds, if the weather man permits. If the Giants get careless and drop one of these precious three, they land in second place. If the weather turns cold or it rains, McGraw's men may have no use for the decision of the directorate.

Pittsburg went down and out at Chicago yesterday although she still leads by three games. Every man in Chicago is praying for rain in New York. If it rains the flag in Gotham will be at half mast.

Chicago's White Sox are fighting tooth and nail for the American pennant against the Detroit Tigers. Detroit needs one to clinch the flag. Should they get that one precious game, Chicago loses all hope. Cleveland has a chance by whipping the strong St. Louis team in three contests. If the Naps fall in one game and Detroit wins there will be a brand new flag next year in Tiger-town.

St. Louis, Mo., Oct. 5.—In the final series of the season on the home grounds, Cleveland will endeavor to win out while Detroit is trying to keep the lead at Chicago. The batteries for today's game are Liebhart and Bemis for Cleveland, with Dineen and Stephens in the points for St. Louis.

New York, Oct. 5.—The today's game, one of the last three the Giants will play with Boston at the Polo grounds, will have Ames and Bresnahan as the battery for the locals, with Tuckey and Bowerman for Boston.

ARIZONA MAN SWEEP OVER NIAGARA

(United Press Leased Wire.)
Tucson, Ariz., Sept. 5.—Private messages today say that Brewster Cameron, of this city, was swept to his death over Niagara falls last Friday. Cameron alighted from a bridge and was whirled over the American falls. He was largely interested in properties in Arizona, Texas and Mexico. He became prominent when assisting Attorney-General Brewster, his uncle, in the star route cases. He was at one time United States marshal of Arizona, and was offered the governorship when Governor McCord resigned. Brewster is survived by a wife and three children. His identity was established at Niagara yesterday.

W. A. HARTLETT IS MISSING FROM BAY POINT

(United Press Leased Wire.)
San Francisco, Oct. 5.—The police in all the bay cities are looking today for W. A. Hartlett, a contractor, of Bay Point, a small town near here, who has been missing since September 30. It is feared that he has met with foul play, as he had several hundred dollars in his pockets when last seen in this city.

Hartlett has several pieces of business under way at Bay Point, and the carpenters are unable to finish them, or get materials for their construction until they are sure the contractor is dead.

Hartlett was last seen in San Francisco, where he came to buy supplies for the houses under construction.

W. J. Baker, of Hood River, recently returned from a visit to his old home in Jefferson, Iowa, bringing with him a valuable relic in the shape of the army chair used by General Custer in his last campaign.

Pendleton hotels were totally inadequate to handle the tremendous rush to the Eastern Oregon district fair.

GERMAN AMERICANS HOLD A PICNIC

The German-American Verein of Salem and their families had an enjoyable outing at the Savage park, east of the city yesterday afternoon. The Gesang Verein sang some of the national songs of the German people, several addresses were made in the mother tongue, and Peter Bernhard sang a Swiss song with a yodel in the chorus. A delegation was present from Portland, headed by Otto Kleeman, the worthy president of the German Verein there. He was accompanied by Ed. Breitbart, Alex. Hagedorn and R. Buttkofer as delegates, and by Mrs. Kleeman, Miss Kleeman and Miss Goddenthov, one of the German nobility, just arrived from Berlin, who is able to speak almost perfect English and French, although never before away from her native land. Some of the national dances of the German people were executed by Mr. Timm, dances in which the male sex dance alone. Nearly two hundred German-Americans attended and had a very enjoyable time.

THROWN FROM CAR AND HEAD FRACTURED

(United Press Leased Wire.)
San Francisco, Oct. 5.—Mrs. Ella Dunleavy is suffering from a fractured skull today, from which she may not recover, as the result of a peculiar accident yesterday, when she and her little child were thrown from a street car. The child escaped unhurt.

Mother and child were sitting on the outside of an open car, when it got beyond the control of the motorman and dashed around a sharp curve at a high rate of speed.

Mrs. Dunleavy and her child were thrown off the car, both striking on their heads. The mother held the child tightly to her bosom, having its life.

TAFT-SHERMAN CLUB FORMED IN POLK

A number of the voters of West Salem, Polk county, met in the school house Saturday evening and organized a Republican club, to be known as the Taft-Sherman Republican Club of West Salem. Officers were elected as follows: J. R. Chapman, presi-

dent; J. Emlah, vice-president; T. L. Woods, secretary. The next meeting of the club will be held Thursday evening, October 8, at the West Salem school house. All Republicans of this precinct are requested to be present.

WILBUR WRIGHT AEROPLANE FLYS WITH TWO

(Special Correspondence.)
Lemans, France, Oct. 5.—Wilbur Wright took Leon Bollee in his aeroplane today, making a successful two-man flight, continuing in the air four minutes and nine seconds.

The total weight carried by the aeroplane was 238 pounds, and the flight was entirely successful.

Bollee enjoyed it greatly. Wright said he could have remained in the air longer, but that he did not desire to be too ambitious. This feeling is the result of the fatal accident to Orville in America.

Chicago Receipts.
Chicago, Oct. 5.—Receipts, hogs, 25,000; cattle, 32,000; sheep 24,000. Hogs opened steady. Left over Saturday, 5300. Receipts year ago, 30,000. Mixed, \$6.20 @ 7.15; heavy, \$6.80 @ 7.15; rough, \$6.25 @ 7.65; light, \$6.20 @ 7.00.

Cattle, 10 to 15 cents lower; sheep, strong.
Kansas City, Mo., Oct. 5.—Receipts, hogs, 14,000; cattle, 30,000; sheep 15,000.

Omaha, Neb., Oct. 5.—Receipts, hogs, 4200; cattle, 1100; sheep, 10,000.

ALBANY NOTES.

(Special Correspondence.)
Albany is to have another large brick this year.

Architect C. H. Burgraf is at work on plans for a large two-story brick, to be erected for Mrs. Bremer, Dr. Stark and F. G. Will, the jeweler, at the site of the recent fire. There will be single stores for each, with large offices above. There have been many applicants for the store rooms already, as it is a splendid location.

There are a good many houses to be built, but contractors and carpenters cannot be secured, thus builders have to wait. There are a great number of workmen here from other places, but still we can use many more.

Hon. J. K. Weatherford is in Harney county on legal business.

CANADIAN PACIFIC STRIKE IS OVER

(United Press Leased Wire.)
Winnipeg, Oct. 5.—Following the announcement of the settlement of the differences that led to the strike of the mechanics of the Canadian Pacific railroad three months ago, the strikers are today participating in a lively scramble to get their old positions back.

Henry Warnock, of Canby, while hunting ten miles east of Silverton, yesterday, was accidentally shot in the thigh by L. Masling.

JUDGMENT

Good judgment and discretion is bringing the people to the Salem Woolen Mill Store to provide their present and future needs for clothing, furnishings, all-wool blankets, flannels, etc. The sale is still on and those who have already made purchases will tell you that they were surprised at the values offered. There is no false pretension about our sale, but a genuine sacrifice in prices is being made on the selections of clothing and furnishing goods that is brought to Salem to supply the best trade.

Saturday was the record sales-day for the Woolen Mill Store, but today will be larger if the stocks hold out. Do not put off your opportunity until the choice styles and sizes are gone. The Woolen Mill Store is making this sacrifice to protect the trade and you will receive the benefit and will not be obliged to pay a professional brokerage company 20 per cent advance for handling the business. Doors open at 8:30 a. m.

Salem Woolen Mill Store
