'ISLE OF SPICE' COMPANY COMING

After record runs of 221 night in Chicago, four months in Boston and weeks in New York city at the Lyceum theater, the "Isle of Spice" described as a piquant musical mix-up, has been meeting with great success on the road, and will be seen at the Grand opera house next Monday night.

Nervous women should profit from Mrs. Barton's experience with Lydia E. Pinkham's Compound.

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made of roots and herbs, has been the standard remedy for female ills.

day night. The entire company, principals and chorus, numbering over 60 people, that were responsible for the phenomenal success it attained in the cities mentioned, together with the scenery, costumes and sensational electrical effects, will be seen here. A perfectly drilled army of musical supernumeraries, youthful, pretty of face, graceful of movement and exquisitely costumed, fill the scenes continually, it is said. Lights, and all the other accessories of brilliant stage surroundings dazzle the eye, while the music tickles the palate, and the comedy pleasurably excites the risibilities.

Although there are nearly 20 musical numbers in the piece, it has been said that there are more popular song hits in the "Isle of Spice" than in any other musical comedy or comic opera ever written. Among them may be mentioned: "The Goo Goo Man," "Peggy Brady," "Silly Sailors," "You and I," "Ching Ling Fong," "Take Me Home" and "How Can You Tell Till You Try," the latter rendered by a quartette of clever singers. The music is by Paul Schindler and Ben M. Jerome, while the book and lyrics were written by Allen Lowe and Geo. E. Stoddard.

The production is under the direction of H. H. Frazee and has everywhere been received with an appreciation that at times has approached extraordinary enthusiasm.

INFLUENCE SECURED COURT CLERK'S RELEASE

(United Press Leased Wire.) Sacramento, Cal., Oct. 8.—It became known here today that H. W. Griffin, clerk of the supreme court of Utah, spent 15 days in the county jail here on a charge of disturbing the peace.

The story came out through the investigation of the action of Justice of the Peace R. M. Clarken, in authorizing the liberation of Griffin, after he had pleaded guilty to the charge.

the chief justice of the Utah supreme court brought influence to bear, and Griffin was haled into court a second time and released. The case was not recorded on the minutes of the court. It was claimed by Griffin's friends that he had been visiting in San Francisco, and was drugged and did not know what he was doing.

FORMER DETECTIVE CHIEF RESIGNS

(United Press Leased Wire.) San Francisco, Oct. 8.—The police commission received notification today from Police Captain Henry H. Colby that he will ask for retirement December 29, after a service of 25 years. On that date he will have served the three years as captain re-

Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so despondent life seemed almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last summer I saw Dr. Miles' Nervine and Heart Cure advertised. I resolved to make one more trial which I did in the purchase of one bottle of Nervine and one of Heart Cure. In a few days I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way; in body, mind and spirits since. I make a special point to recommend the medicine, and I feel a sincere pleasure in knowing that several persons have been benefited through my recommendations." A. S. MILTON, Ashville, N. C.

quired by the charter to enable him to receive a captain's pension. Colby has been confidential clerk to former Chiefs Lees and Crowley. He was in disfavor during the Dinan regime, and served as captain of detectives under present Chief Biggy, until placed in command of the southern district. Lieutenant Wall will probably be promoted to fill the vacancy.

The Capital Journal don't believe in too much for nothing. This city would get a far better city government, get more for its money if it paid for having its business transacted as the county pays the county judge and the two commissioners. Those three men run the business of the whole county and three or five men paid for their work could run this city far better than fifteen men can run it free gratis.

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, chemists and writers on Hygiene.

Not a single person who has taken the "Golden Medical Discovery" has ever been disappointed. A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections accompanied with catarrhal discharges, hoarseness, sore throat, lingering, hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is unlikely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will sell cure the infection that lead up to consumption, & others in time.

LAZY LIVER

"I had Cascarets so good that I would not be without them. I was troubled a great deal with torpid liver and headaches. Now since taking Cascarets Candy Cathartic I feel very much better. I shall certainly recommend them to my friends as the best medicine I have ever used." Anne Dastock, Oakton Mill No. 2, Fall River, Mass.
