For President WILLIAM H. TAFT, of Ohio For Vice President JAMES S. SHERMAN, of New York.

SMILES.

Oregon has gone wet again the right way.

Everybody is happy. The mayor will take it again.

Again we say harmonious co-operation with the big concerns, including the corporations, who spend money here and employ labor, is the way to build up this city.

The Journal believes it would not be too late to buy a site for a new schoolhouse and start building while labor and materials are cheap.

After the horse is stolen lock the barn door. The way to have kept that depot car service was to never have let them take it away and tear up their tracks. Even the best will make mistakes.

Oh, yes, it will be a good thing for the politicians who work the big grafts to drag all the normal schools into politics again. And the rest of the state institutions and colleges.

Paving contractors only got caught by a few blocks.

Visitors say our streets are the finest in the valley.

Journal had to print two editions yesterday. Same every day from this time forward. Advertisers will get into both editions if their copy is in early.

When all the children are in from proune picking won't city schools hum?

Salem runs two normal schools without state aid. But that is not an argument.

More Than Enough Is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. SALEM CAR SERVICE MUCH IMPROVED

A new schedule of the Portland general electric lines in this city has been prepared and is now in force. Cars are now run oftener on all lines, as follows:

Yew Park. Yew Park, starting five minutes after hour, every 10 minutes. Fair Grounds and South Salem. Starting even hour, every 15 minutes. All cars start at State and Commercial streets. State Street. Starting five minutes after the hour, every 20 minutes.

HOW TO PREPARE THIS SPLENDID CATARRH RECIPE

Here is a prescription which could be valued by all who are subject to rheumatism, kidney and bladder troubles, and especially catarrh. While the latter is considered by most sufferers an incurable disease, there are few men or women who will fail to experience great relief from the following simple home prescription, and if taken in time it should prevent an attack of catarrh during the entire season.

Any one can mix the following: Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well in a bottle and use in teaspoonful doses after each meal and again at bedtime. Get these ingredients from any pharmacist whom you know handles only pure drugs.

This prescription acts directly upon the eliminative tissues of the kidneys to make them filter and strain from the blood, the poisons that produce all forms of catarrh affections. Relief is often felt even after the first few doses and it is seldom that the sufferer ever experiences a return attack within the year.

This prescription makes a splendid remedy for all forms of blood disorders and such symptoms as lame back, bladder weaknesses and rheumatism pains are entirely dispelled.

As this valuable, though simple recipe comes from a thoroughly reliable source, it should be heeded by every reader who suffers from catarrh.

FIRST MARKET DAY FOR SALEM, SATURDAY, OCT. 17

Salem is to have a sale next Saturday that should interest a great many people. Cooper and Clearwater are conducting it and already have a large number of cows, horses, vehicles, etc., lined up with them and expect a great crowd. There is no reason why a sale of this kind could not be conducted here at regular intervals. A number of much smaller cities in the east have their regular sales days at which time the man that wishes to sell a horse and buy a cow, can do both at the same time. At these sales there is nothing that a man may wish to buy or sell that can not be disposed of. It is to be hoped that the people of Salem and vicinity will do everything their power to boost these sales and make them a regular thing. The sales will be conducted at the old Willamette stables at 10 o'clock Saturday morning.

ALBANY.

Linn county furnishes four jurymen for the U. S. court at Portland. They are D. D. Hackleman, George Cochran, H. L. Kizer of Albany, and Henry Blakely of Brownsville. Yesterday was the fifty-fifth anniversary of the United Presbyterian church of this city, the oldest United Presbyterian church in the world. Rev. W. P. White has been at the head of the church for seven years. Mr. and Mrs. W. F. Rowe of Salem are spending a short time in this, the railroad center.

WORKING AGAINST TRUANCY

Superintendent of Schools Smith is now sending out the new "Notice of Truancy" blanks to the respective teachers in the county with instructions to be put in use hereafter upon the absence of pupils from school eight times or over through truancy. The blank, which is filled out by the teacher and sent to Superintendent Smith, is provided with a summary of the compulsory education law printed on the back, giving the full information regarding the truancy offense. The summary of the compulsory education law is as follows:

"As soon as the school opens, the district clerk must give to the teacher a revised copy of his last census report, showing the name and age of every child, and the name and address of each child's father or guardian. It is necessary for the teacher to have this information in order to comply with the compulsory education law. Every child in the district, who has reached the age of nine years, must attend school regularly during the whole time the school is in session. After the child reaches the age of fourteen years, he is not required to attend, provided he is regularly and lawfully engaged in some useful employment. If not so employed, he must attend until he becomes sixteen years of age.

"In Rele XLIV, page 167, of the school laws of 1907, teachers are authorized to require excuses from parents, either in person or by written note in all cases of absence or tardiness, or dismissal before the close of school. Section 194 of the same law provides that the teacher must count all unexcused absences, and that no excuse shall be accepted except sickness of the pupil, or of some member of the pupil's family, which makes attendance impossible.

"The compulsory law does not apply to eighth grade graduates, or to children who are attending some other school regularly. It does not apply to children between nine and ten years of age if they live more than one and one-half miles from school, nor to older children, if they live more than three miles from school by the nearest traveled road. At the beginning of the term, and every four weeks thereafter the teacher must compare the names of the children on the register with those on the clerk's report, and if the census shows that there are children who are not attending school in the district, whose age is nine years or over, and under sixteen years, the teacher should carefully inquire into the cause of such non-attendance. If at this time, or at any other time during the term, the truancy of any child amounts in the aggregate to more than seven half-days during any four, or less number of consecutive weeks, the teacher must immediately report the truancy of such child.

"When truancy is reported, the district boundary board will send an order to the truant officer to investigate the case. A copy of this order will be sent to the teacher. If, after investigation, the truant officer finds that the law has been violated, he will send a letter to the father or guardian by registered mail, ordering him to start the child to school on the following Monday morning. He will also send a copy of his letter to the teacher, and if the child does not start to school on the day named, the teacher must immediately report the fact to the truant officer, so that he may bring action against the parent or guardian.

"In the administration of this law it is the duty of district clerks and directors to give such information and assistance as they may be able to give, and any teacher, director, clerk, or other officer who neglects to perform his duty may, upon complaint of any parent or taxpayer in the district, be arrested and fined from five to twenty dollars. See page 91, School Laws of 1907."

Nerve Sick

If weak, worn-out, nervous, cannot sleep; have indigestion, headache, neuralgia or periodic pains, it is because your nerves are weak. It is the lack of nerve force that makes the stomach, heart, lungs, etc., work imperfectly—become sick. Dr. Miles' Nervine cures the sick when it restores nerve strength, and puts the power behind the organs to do their work.

"Almost three years I suffered from nervousness, indigestion, and palpitation of the heart. I could not get to sleep with comfort, or speak or talk without suffering. Altogether I was in a bad condition. My doctor did not seem to do me any good. I had tried so many remedies that I did not have much hope of any of them doing me any good. Dr. Miles' Nervine was suggested by a friend. I got relief from the first and after a few days I felt like a new person. It not only relieved my heart and nerves, but has invigorated my whole system. I am very grateful because since I have stopped using it, I have had a tendency to return to my old condition."

MRS. HOWARD BOND, 80 Summit Ave., Worcester, Mass. Dr. Miles' Nervine is sold by your druggist, who will guarantee a full trial. First bottle will benefit. If it fails, we will refund your money. Miles Medical Co., Elkhart, Ind.

HIGHER COUNTY SCHOOLS

The question of submitting to the voters of Marion county at the regular November election a new high school proposition known as "The Lane County Plan" is receiving support in this county that will place it upon the ballot to be voted on in November. In view of this fact, a few words of explanation with regard to the working of this plan will not come amiss at this time.

The plan was first adopted in Lane county, hence it is called "The Lane County Plan." In Lane county it has been tried and proved satisfactory, and it is now proposed to try it in this county, provided, of course, that the proposition receives the popular endorsement of the legal voters. If the plan wins out, the county court will levy a county high school tax, the money arising therefrom to constitute the county high school fund. This fund is under the control and supervision of the county court and other members of the high school board, as provided by the statute. Any school district in the county, provided it has or can get twenty or more high school pupils, may establish a school of this character, and the expense of such high school will be supplied from the county high school fund, at such an amount per day per pupil as the high school board may deem advisable. Lane county pays 20 cents per day per pupil in districts where there are 20 or less than that number of high school pupils and 15 cents where the number exceeds 20.

At this rate 20 pupils would pay for the services of a first class teacher. So it can be seen that the high school is within the reach of the county as well as town districts. It should also be remembered, that all high schools in the county, under this plan, are open and free to any pupil in the county who has passed the eighth grade. As most of the towns of the county have already provided high schools it will be seen that the county districts will be the chief beneficiaries by this plan. Country districts which cannot provide schools of this class will find doors of any high school in the county open to them without cost of tuition.

It is just as hard to encourage some men as it is to discourage others.

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood. It used to be considered that only arinary and bladder troubles were traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. The kidneys and purify the blood that is their duty. Therefore, when your kidneys are or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle sent to you by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
