

"ANGELS" TO MEET "CUBS"

(United Press Leased Wire.)
 Detroit, Mich., Oct. 14.—Confident that the Los Angeles team of the Pacific coast league can defeat the Chicago Cubs, Henry Berry and Cal Ewing are in conference today with Frank Chance and Battling Nelson, arranging the details of a seven game series to be played at the conclusion of the present series between Chicago and Detroit for the world's championship.

When Berry, manager of the Angels, and Ewing, president of the Pacific coast league, met Chance and the "Battler" and the Tuller last night a discussion arose as to the merits of the western champions. Berry and Ewing offered to bet \$15,000 that the Angels could win from the Cubs in a seven-game series. Chance and Nelson agreed to pool and cover the money if satisfactory arrangements could be made and a conference was set for this evening. As evidence of good faith in the negotiations the conferees agreed that each side should post \$5000 forfeit money.

PASSENGER STEAMER TAKES FIRE

Seattle, Wn., Oct. 14.—The seafarer Utopia, of the Island Navigation company, enroute from Bellingham and due here this morning, caught fire off Apple Tree cove at 4 o'clock this morning and in order to save the lives of his passengers and the steamer, Captain Hansen beached her.

The fire started in the galley and the flames, eating at the dry wood work, quickly spread. So fast did the flames spread that passengers sitting near the galley barely escaped with their lives. The fire alarm was sounded and the crew, assisted by the passengers who hastily scrambled out of their berths, soon got the flames under control. A high wind was blowing at the time and Captain Hansen ran ashore under a lee.

After the fire was put out the steamer limped into this port. The damage is estimated at \$10,000.

ANTICIPATING RACE RIOTS, NEGROES ARMING

Chicago, Oct. 14.—Detectives are working today in the negro section of the city seeking traces of rifles that have been secreted, by the blacks in anticipation of race riots. The suspicion of the police was aroused by the discovery that negroes have bought 500 of the old Springfield rifles discarded by the army. Further sales will take place and detectives have been detailed to question purchasers.

One negro is quoted as saying that the denizens of the "Black Belt" have taken the advice of their preachers and are arming for self-protection. He asserted that the negroes were not looking for trouble but that they did not wish to be caught unprepared as were the negroes of Springfield.

Newport is to have an electric light plant and water system, the city council having granted a franchise for the purpose to Hall Bros.

CIRCUS UNABLE TO PAY

Globe, Ariz., Oct. 14.—Norris & Rowe's circus is stalled here today as the result of a strike last night of the trainmen and drivers, who claim they have not received any wages for the past six weeks.

The management claims the high license charged here prevented them from meeting their pay roll.

When the regular drivers and trainmen struck the circus men attempted to load their show on the train with the assistance of the canvasmen and other employees. This failed and today they are trying to arbitrate the strike.

SILVER CREEK IS VERY PROSPEROUS

G. Volz, the mayor of Silver Creek, was in Salem the other day and says if all the prosperity promised by Bryan, Taft, Debs et al., were stacked up together it would not equal the wave of prosperity that his section of Marion county has enjoyed the past year. Mr. Volz himself is prosperous and could lend Mayor Rodgers about 50 pounds of avoirdupois and not miss it very much. He says Anthony Fraser has built a barn about 50x70, Herbert Brown has built a new house on the Sullivan ranch. The Swales brothers have built two new houses, and Mr. Larsen a new house and barn. There has been a big improvement in roads, as a two-mill tax raised \$2200 off from the timber lands held by the non-resident syndicates and corporations, who own 85 per cent of the lands. Five years ago in all that country you had to carry axes and saws to cut your way out through fallen timber over the trails called roads. Now they are putting down macadam roads, and the big fellows are paying for it. There is still lots of good land to be had for \$7.50 per acre and up. Mayor Volz says there is plenty to eat for man and beast out that way.

COFFEE

Poor coffee has to be sold in bulk, it isn't worth packing.

Your grocer returns your money if you don't like Schilling's Best; we pay him.

The Wallowa county fair is a great success, a splendid assortment of fruit and vegetables being displayed.

For Chapped Skin.
 Chapped skin whether on the hands or face may be cured in one night by applying Chamberlain's Salve. It is also unequalled for sore nipples, burns and scalds. For sale at Dr. Stone's drug store.

Taft rallies are being planned for Eugene and Medford next Monday and Saturday evening respectively.

The Portland Commission, considering a new charter, recommends the abolishment of city boards and the establishment of civil service.

CASORIA.
 The King for Hair Anaxas Sappo.

be burned alive if they are not reached soon. Six charred bodies have been taken out.

A report received by the government here says that the explosion was caused by coal dust and that it was followed by numerous smaller explosions in various parts of the mine, which carried the fire into all chambers of the workings.

So far an accurate statement of the number of men in the mine has not been obtained, but the best estimate places the number at 200.

EMPEROR

(Continued from page 1)

throne and is said by diplomats here to mark a new era in the history of the Orient.

The Pacific coast business men arrived here today and were welcomed by an immense concourse of people at the depot including the officials and representatives of all the chambers of commerce in Japan.

During the day they were entertained with excursions to points of interest about the city and they were guests at a dinner given at the famous Maple club by the combined Japanese chambers of commerce.

At the dinner the Americans expressed themselves a delighted at the reception.

As the result of the imperial edict issued today, the people of Japan are expecting that an agreement between America and Japan insuring peace and territorial integrity for both nations, will be concluded during the visit of the American fleet here.

The South Salem Bridge, Ed. Journal:—I don not believe this city need spend \$50,000 to build a concrete bridge on South Commercial street. Under the Waters' administration we had bid for seven bridges including a 40 foot bridge on South Commercial for \$35,000. Let us make good permanent improvements but no go crazy. Yours for a bridge that is

FULL WIDTH.
