WANT OFTEN TO WITNESS THIS PLAY

"A Knight for a Day" Was Produced 500 Nights in Chicago.

solid year's run of "A Knight for a Day" at the same theater in Chicago certainly gives this new production a permanent place in theatrical records, and in its third month at Wallack's Theatre, New York, this wonderfully interesting and picturesque musical comedy is on its way to even surer success and all records of all kinds of dramatic and musical. Over a million people have seen this comic operatic craze in Chicago, and its production here at the Grand opera house Thursday will enable seekers after this kind of amusement to verify and enjoy the immense success in the two great cities in this land. How many of these visitors to "A Knight for a Day" have returned more than once is a conjecture, as the attraction seemed to have a hypnotic influence over all who enjoyed it from first, as has been demonstrated by the unprecedented popularity of the Hubbell music and the vogue of the play. It is safe to estimate 25 per cent of the attendance was "re-

peaters," who came again and again to enjoy the delights of the performance. The intense potency of this, the latest and newest musical craze, has decided the management to take

the entire production en tour to a few of the largest cities. It will be seen here complete, the same expensive

production as presented over 500 performances at the Whitney Theater, Chicago.
