

Run Down

If you are run down, easily tired, thin, pale, nervous, go to your doctor. Stop guessing, stop experimenting, go direct to your doctor. Ask his opinion of Ayer's non-alcoholic Sarsaparilla. No alcohol, no stimulation. A blood purifier, a nerve tonic, a strong alterative, an aid to digestion.

COUNTY JUDGE

(Continued from page 1)

to make public expenditures in any way, not even for so good a way as good roads. He hopes a law will be enacted, under which permanent highways could be under contract, and where the property would all come in a share of the expense and the payer would get somewhere near as much as he would get if he were retained for his money.

Some Concrete Examples.

To show the injustice of the present system of road building, let us take one piece of road that has just been built and is not yet finished—two feet out towards Rosedale. It cost so far \$8900 of which the county has paid \$2200 and the road district about \$1600 on a special tax. It will cost at least \$1000 to finish the road, at only the coarse crushed rock are laid so far.

The cost of about a mile of what is called the slough road has not yet been footed up, but that district has a tax of about \$2600 to build out a mile of road, and the county pays the rest. The county furnishes the crushed rock and the machinery to roll, and wherever such a road is built and the district has not enough the district falls back on the county to finish the road, and the county does not like to leave a road in an unfinished condition, and a great deal more than was raised at the start.

Costs to Haul Rock.

In present the county is out of money for road purposes, and there are applications for thousands of dollars to help build such roads in different parts of the county. The cost of hauling rock is too heavy. It costs that work for the county a yard at a time, and the county gets only eight hours for a day's counting time from the machinery. The team leaves the barn or the driver leaves home with his team. The contractor properly equipped for work would haul two to three tons of crushed rock at a load and get ten hours work out of the team. The county cannot get as good men nor as good teams as a contractor would employ, and these roads cost nearly double what they would under contract system. The people have to pay for all the work and it explains why the county has not been able to build just a few samples of permanent highway. The state and federal government still more when such work is done with free labor and without consulting it.

Experience of One County.

In Washington county the taxpayers have had the benefit of the services of an old contractor in building permanent highways, and he finds that contractors haul crushed rock about one-half what farmers and property owners charge the county. Under contract all grades have been hauled over there for 72 cents a yard. Here it costs a great deal more. For hauling, the schedule there is 14 cents for first quarter mile, 34 cents for a mile and 55 cents for two miles. The court there says that is too high and will get it down for less. But it is less than what it has cost to haul crushed rock in some cases in this county. The whole system in Marion county has been very expensive. The county pays more for all its work than private citizens do, and more than other counties pay. In some parts

half the time is spent going to and from the work, hunting materials and getting machinery and implements together and getting ready for work. It might be unjust to say that the system is wasteful and extravagant, but it will not be far from the truth to say it is too much so to adopt as a permanent system.

Concrete Tile Expensive.

To haul the concrete tiling this county has been manufacturing is very expensive. In many cases a small wooden bridge could be built for less than the interest on the investment in tiling. The concrete and steel tiling are called for and in one case where a five foot opening was required near Mt. Angel it cost \$205 to lay down the tiling, and then it cost just as much to put it in as it would to build a bridge, and a bridge can be renewed every two years for the interest on the cost of the tiling. Now it has been all right to build a few model sample roads to educate the people to demand good roads but the present crushed rock and concrete tile system is too expensive to meet the needs of the whole county. It costs too much and produces too little. Large sums of money are used up on short pieces of road, and the county has to refuse many meritorious applications for help because it is out of money and has no funds to do anything with.

WHY SO WEAK?

Kidney Troubles May Be Sapping Your Life Away—Salem People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well! Doan's Kidney Pills cure sick kidneys and keep them well. Here is Salem testimony to prove it.

E. E. Gillan, proprietor of livery and feed stable, at 62 Ferry St., and living at 332 Water St., Salem, Or., says: "Years of almost constant driving and a fall I got several years ago which wrenched my back badly had tended to hurt my kidneys. I suffered from backache and lameness so that at times I could hardly straighten up. Sharp pains caught me when I arose after sitting. None of the remedies I tried did me any good until a short time ago I was induced to get Doan's Kidney Pills at Dr. Stone's drug store. In a short time I obtained more relief from the backache and disordered condition of the kidneys, than I had for years. I know of neighbors who have also used your remedy and they all speak of it as the best medicine there is and I believe this to be so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Oregon City needs more school teachers.

Would Mortgage the Farm.

A farmer on Rural Route 2, Empire Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured the two worst sores I ever saw, one on my hand and one of my leg. It is worth more than its weight in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c at J. C. Perry's drug store.

Things Doing at O. A. C.

The civil engineering students attending the O. A. C. have formed a civil engineering association and have started active work in their line. At the last meeting the following officers were elected: President and chief engineer, J. Strieben; vice president, Homer Wall; secretary and treasurer, Alvin Finlay; custodian, R. J. Thompson.

LORD BACON SAID, "DIGEST"

This is the Secret of Life in Business or in Health.

It is claimed that Lord Bacon struck the prime keynote of life when he wrote: "Some books are to be tasted, others to be swallowed and some few to be chewed and digested." He wrote of books; many who have followed him have written likewise of life. The man who digests his business, makes success; the actor or actress who digests his or her art brings fame; the man who lives life and digests it as he should lives as was the intention he should live.

It is not the food you swallow or taste that brings happiness to you; it is the food you digest.

If you swallow and taste and don't digest and chew, nature cannot give you health, for you do not furnish the ammunition.

Stuart's Dyspepsia Tablets contain in pure, concentrated form the essences which, when they reach the stomach, turn dyspeptic conditions into those of healthy digestion.

These little tablets are dissolved in the mouth by saliva; they mix with this fluid and are passed down into the stomach, where they immediately set to work upon the food and digest it. They are many times more powerful than the human digestive fluids, and thus replenish nature with those juices which sickness, abuse or wrongful eating have exhausted.

The world's best chemists in Europe and America agree on the ingredients best adapted to perfect digestion. Stuart's Dyspepsia Tablets are these ingredients presented to the stomach in the most pleasant and lasting form.

Powders and liquids soon lose their effectiveness through chemical actions and decay. Stuart's Dyspepsia Tablets are made under terrific pressure, and their qualities are thus made lasting.

Forty thousand physicians prescribe and use these tablets, and every druggist sells them. Price 50 cents. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

Notaries Appointed.

Carrie Olsen, Portland; J. C. Law, Leuts; R. M. Powers, Weston; W. S. Bowers, Baker City; Henry Lyons, Albany.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free. F. J. CHENEY & CO., Toledo, O.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

A man says he wants to "strike the right spot"!

A woman calls it an "unsatisfied yearning."

Why Colds Are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold, but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale at Dr. Stone's drug store.

Nothing disturbs a man more than to see a lot of fun going on when he isn't having any himself.

Cold Weather Advice.

To all is to beware of coughs and colds on the chest; as neglected they readily lead to pneumonia, consumption or other pulmonary troubles. Just as soon as the cough appears treat it with Ballard's Horehound Syrup the standard cure of America. Use as directed—perfectly harmless. A cure and preventive for all diseases of the lungs.

Price 25c, 50c and \$1.00 per bottle. Sold by all dealers.
