

# Danderine

### Grows Hair and we can PROVE IT!

The Great DANDERINE Never Fails to Produce the Desired Results.

It enlivens and invigorates the hair glands and tissues of the scalp, resulting in a continuous and increasing growth of the hair.

Letters of praise are continually coming in from nearly all parts of the country stating that Danderine has renewed the growth of hair in cases that were considered absolutely hopeless.

Danderine stimulates the scalp, makes it healthy and keeps it so. It is the greatest scalp invigorator known. It is a wholesome medicine for both the hair and scalp. Even a small bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

## WHERE EATING IS A FINE ART

By Clarence E. Edwards, of The California Promotion Committee

San Francisco's cosmopolitanism with the beginning of the gold era, which in 1849, brought some hundred thousand men from all parts of the world in search of the new metal. With her cosmopolitan population it was a natural sequence that there came a mixture of the cuisines of all nations, and San Francisco became famed for her fine restaurants and good eating even at that early day. As the city grew this became increased, and bon vivants from all parts of the world came to know San Francisco as the place of places where could be found the best of eating, and the best of markets for the supply of those luxuries and specialties most appealing to the gourmet.

gushed travelers, assembled as much for social converse as for the purpose of satisfying the inner man. The hotel St. Francis may be taken as the epitome of San Francisco's aesthetic taste in living, and its rapid return to former conditions is but a part of the return along similar lines to be noted among all the old hostleries and restaurants which for many years have made the city famous all over the world.

### BABY'S ITCH EASILY CURED.

Infantile Eczema Quickly Relieved by External Use of Oil of Wintergreen Compound.

Infantile eczema, which has baffled the skill of the best physicians for so many years at last seems to be curable—and curable with great ease. Results of the last two years indicate conclusively that baby's itch, infantile eczema and other skin diseases of children can be very simply cured by the application of a compound composed of oil of wintergreen thymol and glycerine, as in D. D. D. Prescription.

The Rev. Lewis Stealey, of Weatherly, Pa., writes: "Our baby boy's little face was so dreadfully covered with eczema that blood and water ran from the sores nearly all the time. After using 3 1/2 bottles of D. D. D. Prescription we are so happy to tell you he is entirely cured and the disease has never broken out again. If this letter is in any way a help to other sufferers you may publish it."

If you have a child which is suffering with this terrible itch, we are sure you will not neglect one hour to give your baby the right kind of relief. We have seen too often how quickly the remedy mentioned above takes the itch away at once and how all the cures seem to be permanent; we have seen this too often to hesitate at all in recommending the remedy for your children.

## BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicine. My tongue has been actually as green as grass. My breath has been a bad odor. Two weeks ago a friend recommended Cascarets and after using three I can willingly and cheerfully say that they have entirely cured me. Therefore let you know that I shall recommend them to any one suffering from such trouble."

## The Public Endorsement of Our Mining Properties

### If You Have Not Read It Then Do So

The report of the committee appointed by the Salem Board of Trade is printed in your daily papers. It will post you on what the committee found at the mines. Now we have their endorsement we are in position to urge you to SIGN UP AT ONCE FOR ALL THE STOCK YOU CAN HANDLE. DO IT NOW. DON'T WAIT. We will try and call on you, but don't wait; come to our office and we will put you in a position to make some money. By this time with all the proofs we have furnished no one can question our mines being all we have claimed for them. Now, remember we are talking for the Gold Creek Mining & Milling Company's property. Our stock is selling at 10 cents. We have 17 claims in our group. We have a saw-mill, electric light plant, electric drill in our equipment and we have A MINING ENGINEER WITH US WITH A REPUTATION OF DOING THINGS IN CHARGE. We have spent \$20,000 more on our property than all the other mines on the creek combined. We have the ore opened up to show for it. There are five great ledges across our properties. We have 1300 feet of work done showing the ore. The smelter people ask us to supply ONE-HALF THE ORE REQUIRED FOR THEIR SMELTER. As much as all the others are required to furnish. Why? Because it was there. Our engineer told the smelter people that within 90 days from the time the road was completed he would furnish the full 100 tons per day they required, and he knew he could do it. Now don't it look as though our mines were the ones to invest in—we are boasting Marion county's resources, and want you to help us succeed.
