

# Liver Pills

Ask your doctor if he knows a better pill for a sluggish liver than Ayer's Pills. Then follow his advice.

It is impossible, simply impossible, for any one to enjoy the best of health if the bowels are constipated. Undigested material, waste products, poisonous substances, must be daily removed from the body or there will be trouble, and often serious trouble, too. Ayer's Pills aid nature, that is all.

## THE POLICE AND THE GOLDEN RULE

After more than eight months' trial of the new Golden Rule policy of making arrests in Cleveland Chief of Police Kohler has pronounced it unqualifiedly a success, and accordingly in the last month has given the policemen of that city still greater power of discretion. The number of arrests in Cleveland in eight months of this year has shown a decrease of more than 65 per cent over the same period last year, while, at the same time, no greater number of serious crimes than usual have been reported, despite the large number of first offenders allowed to go who, under the old regime, would have been arrested. However, Chief Kohler says that there are still too many arrests, and he is urging that further care be exercised in keeping the number down. Other cities are preparing to follow the same course.

The Golden Rule policy, which Chief Kohler put into effect last January, provided that policemen should use judgment and common sense in dealing with offenses which are merely a violation of city ordinances and punishable by a small fine. They were told to take into consideration the intent to violate a law or an ordinance, and also the question of maliciousness on the part of the offender. They were instructed to warn a drunken man and send him home, rather than drag him to jail on his first offense, and that two men fighting, if for the first time, should be separated, reasoned with and not arrested. Old offenders, those intentionally violating the law or those committing felonies should be as severely dealt with as ever. A record is kept of the cases of all persons released or even warned.

The object of the new plan was to dispose of trivial misdemeanors without arrest and prevent the humiliation and disgrace of persons who, through thoughtlessness, passion or temper, or in a spirit of frolic or mischievousness, violated the law. Likewise it is intended to prevent the humiliation and disgrace of near relatives of such offenders. It was thought, too, that it would

lessen the work of the police department and the attaches of the police courts.

How well the plan has succeeded in reducing the number of arrests is shown in the following table, which covers the period from the time it was put into effect to September 1:

## NEW STEAMBOAT FOR WILLAMETTE

Another steamboat to take the place of the Altona, recently sold to an Alaska navigation concern, will be built by the Oregon City Transportation company for service in the freight and passenger trade between Portland and point on the upper Willamette. A contract for the construction of the craft will be let in time to have her ready for commission by July 1.

Beginning with that date, officials of the company say they intend to provide a daily service between Portland and Corvallis, the head of navigation on the upper Willamette. The other steamers of the line which will

assist in maintaining such a service will be the Pomona and Oregon. It will be the first time in many years that an attempt has ever been made to have a passenger boat out of here for the head of navigation every day in the week.

The new steamer will be the largest of the fleet. She will be 145 feet long, 28 feet wide, of 18 inches draft and capable of handling 250 tons of general merchandise. The capacity of neither of the other boats of the line is more than 150 tons. It is also the intention to equip her with powerful engines to make her as speedy as possible. It is claimed there will be no finer steamer plying in local waters than the new craft, for which plans are being drawn.

With an electric line running to Salem and the railroads catering for business which has been hitherto handled by the steamers, it is explained that navigation companies are forced to provide the best service there is going or retire from field. The competition for the trade has reached such a stage, it is held, that nothing will satisfy the public but the best, and it is for this reason steps are being taken to add to the water transportation facilities.

Though more railroads are being built each year through territory served by the steamboat companies, it is claimed there will be more craft in operation each season. It is pointed out that the increase in both land and river transportation means the more rapid development of the varied resources. As a consequence the traffic is greatly increased, and both modes of transportation are needed. The rivermen declare there is no immediate prospect that any steamers will be driven out of service by the extension of electric or railroad lines—Telegram.

## Had a Close Call.

Mrs. Ada L. Croom, the widely known proprietor of the Croom hotel, Vaughn, Miss., says: "For several months I suffered with a severe cough, and consumption seemed to have its grip on me, when a friend recommended Dr. King's New Discovery. I began taking it, and three bottles affected a complete cure." The fame of this life saving cough and cold remedy, and lung and throat healer is world wide. Sold at J. C. Perry's drug store. 50c and \$1.00. Trial bottle free.

## A PERILOUS FEAT

Caging a Savage Hippopotamus in the London Zoo.

Many more little dramas are enacted at the zoo than the outside public wots of, says the London Standard. Behind the lion house there is a black leopardess which is implacably savage and tries to eat her keeper. Her neighbor is a great romping leopard which a lady reared in India. He comes out to play when the British public is represented by only a liveried zoo man. Sometimes the animals get out without consent of their keepers. One which did not was Obash, the hippopotamus. He proved a savage indeed when the attempt was made to deprive him of his liberty. Happily the gardens were closed at the time. Try as they would, the keepers could not entice or coerce the monster in the direction of his den. At last the superintendent called up an assistant whom the hippopotamus hated. The chief put a bank note into the man's hand. "Scott," he said, "throw open the paddock gate, show yourself to Obash, then run for it." Scott did. The animal went for him, raging along the path and after him into the paddock. Scott climbed the railings just in time, and the hippopotamus on turning found the gate secured behind it. Presently a press representative arrived to investigate the story, which had somehow become known. "Hippopotamus escaped? Oh, dear no! Come and see him in his den," he was answered as they led him to where the monster was recaged.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine causes out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.
