# The Public Endorsement of Our Mining Properties

## If You Have Not Read It Then Do So

The report of the committee appointed by the Salem Board of Trade is printed in your daily papers. It will post you on what the committee found at the mines. Now we have their endorsement we are in position to urge you to SIGN UP AT ONCE FOR ALL THE STOCK YOU CAN HANDLE. DO IT NOW. DON'T WAIT. We will try and call on you, but don't wait; come to our office and we will put you in a position to make some money. By this time with all the proofs we have furnished no one can question our mines being all we have claimed for them. Now, remember we are talking for the Gold Creek Mining & Milling Company's property. Our stock is selling at 10 cents. We have 17 claims in our group. We have a saw-mill, electric light plant, electric drill in our equipment and we have A MINING ENGINEER WITH US WITH A REPUTATION OF DOING THINGS in charge. We have spent \$20,000 more on our property than all the other mines on the creek combined. We have the ore opened up to show for it. There are five great ledges across our properties. We have 1300 feet of work done showing the ore. The smelter people ask us to supply ONE-HALF THE ORE REQUIRED FOR THEIR SMELTER. As much as all the others are required to furnish. Why? Because it was there. Our engineer told the smelter people that within 90 days from the time the road was completed he would furnish the full 100 tons per day they required, and he knew he could do it. Now don't it look as though our mines were the ones to invest in—we are boosting Marion county's resources, and want you to help us succeed.
