## The HOG is not a Cleanly Animal

Did you know that nine-tenths of the lard you buy is made from "any old" part of the hog, according to the public admission of the leading lard packer? Why, then, under the sun will people who are otherwise particular about their food continue to eat lard-soaked dishes? No matter how temptingly they are prepared, if they contain lard they are sure to cause future trouble.

Cottolene is not only purer than lard, being a vegetable product containing no hog fat, but it is more economical, more palatable, more wholesome.

If you care for your health you cannot afford to longer take chances with lard.

**COTTOLENE is Guaranteed** Your grocer is thereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

**Never Sold in Bulk** Cottolene is packed in pails with an airtight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

**Cook Book Free** For a 2c stamp, to pay postage, we will mail you our new "PURE FOOD COOK BOOK" edited and compiled by Mrs. Mary J. Lincoln, the famous Food Expert, and containing nearly 300 valuable recipes.

Made only by THE N. K. FAIRBANK COMPANY, Chicago

**WILY HINDUS TO DISCARD HEADGEAR** Stockton, Cal., Nov. 20.—The Hindu colony in the grape vineyards near here is split into factions today by the decision of many of the Orientals to discard the turban in order to stand a better chance of overcoming race prejudice in obtaining employment.

There is another faction that refuses to give up the reversed headgear and they predict that Buddha will visit punishment on those who have adopted the common headgear of the street. The Hindus have discovered that Oriental prejudice causes them to be rejected by the white growers whenever there is choice between themselves and negroes or Mexicans. Abolishing the headgear they are enabled to pose as Mexicans and obtain work that otherwise would be denied them.

### BREAKS IRON SEWER PIPE WITH HEAD

Wa la Walla, Wash., Nov. 20.—Robert Johnson, a young carpenter, did not know until today when he regained consciousness, that his skull was hard enough to break a cast-iron sewer pipe in a 20-foot fall.

Johnson fell that distance yesterday while he was working on a roof, his head striking on the pipe. With a part of his skull caved in he was rushed to a hospital, where an operation was performed. His chances for recovery are good. An examination of the pipe showed the damage done by Johnson's skull.
