## TO EXTEND RAILWAY TO COAST AT COST OF OVER \$70,000,000

(United Press Leased Wire.)  
New York, Nov. 24.—A man who has been thoroughly familiar with the details of the new improvement of the work of the Chicago, Milwaukee and St. Paul railway, said today that the actual cost of the main line of the extension to the Pacific coast would probably be \$70,000,000, but would not exceed \$75,000,000. This, he said, would include not only the cost of grading, tunneling and laying of track but also the acquisition of rights of way and terminals. In the event of the parent company lacking money with which to complete the main line of the extension the work will be finished at a saving of at least \$25,000,000 over the original estimate.

investigated today in an effort to learn the identity of the person who fired the shot.  
Gager, who was 22 years old, was seen to stagger and fall to the street late yesterday. Before he died the young man whispered that he had been struck by a bullet. There are several who think they heard a pistol report but no one with a revolver could be found. Judging from the way Gager spoke, the police are inclined to think that he knows who is responsible for his death.

### MT. ANGEL ROBBER WOUNDED

The city of Mt. Angel is now noted for the protection it gives the residents there when necessary. On last Thursday night, some unknown party broke into the depot at that place and blew open a safe, and made a successful escape. Thursday the Mt. Angel people appointed a night policeman, and while covering the city for the first time, he chanced to observe a suspicious character fumbling with the back door of a certain saloon and upon asking him what he was doing there, the stranger started to run. The officer pulled his gun and shot at him, and from the trail of blood following the direction he took, the officer made a good shot. However, the man escaped so far, but the officials there think they have a clew which will undoubtedly lead to his arrest in a few days.

### ASK FLEET TO BE LEFT TO PROTECT PACIFIC

(United Press Leased Wire.)  
San Francisco, Cal., Nov. 24.—A request addressed to President Roosevelt that the Atlantic battleship fleet be kept in Pacific waters, signed by Edward R. Taylor at the request of the board of supervisors, is on its way to Washington today. A resolution requesting the retention of the fleet in the Pacific was passed unanimously by the supervisors late yesterday.  
A portion of the resolution reads: "Its departure will leave exposed our possessions in the Pacific and our Pacific coast cities and, in view of all the circumstances, it is extremely desirable that the fleet should remain in these waters."
