"THE DEVIL" WILL BE AT THEATER TONIGHT

The always pleasing production "Dora Thorne," was presented to the Salem theater goes last night at the Grand. It was played on a somewhat different plan from what is generally used, but the audience thoroughly appreciated the acting. The troupe which has been presenting different plays here this week, handled their respective parts nicely. Miss Virginia Duncan has the roll of the unfortunate Dora and she executed her part in a good manner. Miss Nichols played the part of Valerably. Oliver Eckhardt, as Smart, gave the audience amusement. The company will present "The Devil" this evening, and as they have a large and excellent repertoire many Salemites will probably take advantage of the opportunity to see it.

The Labor Saver Every Woman Wants

The Hoosier Kitchen Cabinet condenses in a space no larger than occupied by the kitchen table, absolutely everything needed in cooking the three daily meals. Every woman knows that kitchen drudgery is the eternal tramp, tramp from the kitchen range to the kitchen table; from the kitchen table to the pantry an din some cases to the cellar and back again. She knows how much time she could save if she had all the appliances and staples necessary for cooking right under her hands, where for instance, by a simple movement, the flour can be sifted right ready for use; just as much as is needed and no more.

This Can Be Done With a Hoosier Kitchen Cabinet

As Important and Indispensable as the Range, there is no possible investment that will give so much genuine, long lived and complete satisfaction as a Hoosier Kitchen Cabinet. With it the kitchen work can be done with the least effort, cleaning up can be done in half the usual time. If the healthful and cheerfulness of the woman of the home constitutes a family asset, then come into our store and look at the Hoosier Kitchen Cabinet.

Will You Get It For Her?

This labor saver, that will relieve her of so much work and make the time spent in the kitchen so much easier and brighter? Act today, you don't want to lose a single day more in freeing her of the unnecessary work and toil. Have the cabinet shining and new in your kitchen tomorrow, and note the genuine pleasure with which the woman of the house will fill the various cans, trays and shelves with the things she has to use three times a day—the things that are now scattered around the kitchen from morning till night.
