ON TO VOTE ON IMPORTANT CHANGE IN CITY'S CHARTER

amendment to the city Charter, dealing with the assessing of land and property, which is to be held on at the coming election, is set below. This amendment is designed to give more freedom to the people and is said to be a benefit to property holders.

An Act.
Amend Section 70 of an Act entitled "An Act to incorporate the City of Salem, and to repeal an Act to incorporate the City of Salem, approved October 15, 1863, and an Act to incorporate the City of Salem, approved February 15, 1893, and to repeal all Acts and parts of Acts in conflict herewith," and to repeal Sections 61, 62, 63, 64, 65 and 66 of the Charter approved February 17, 1899.

acted by the Common Council of the people of the city of Salem, Oregon: That Section 70 of an Act to incorporate the City of Salem, and to repeal an Act to incorporate the City of Salem, approved October 15, 1863, and an Act to incorporate the City of Salem, approved February 15, 1893, and to repeal all Acts and parts of Acts in conflict herewith, be read and the same is hereby amended to read as follows:

Section 70. The procedure for the laying out, establishing, widening, altering or extending of a street or alley in the City of Oregon, shall be as follows: Whenever the council shall deem it expedient to open, lay out, establish a new street or alley, or change an existing street, by widening, altering or extending the same, it shall by resolution direct the engineer to make a survey of the street or alley, or change, and to make a plat of the same, and a report containing a full and complete description of such street or alley, and of the boundaries thereof, and of the portions of each tract of land to be appropriated therefor. The city engineer shall make such survey, report and plat the same with the records of the city of Salem within ten days from the date the same is ordered by the council, unless the council grant him further time.

When the council deem said survey and report satisfactory, it shall by resolution direct the engineer to view such proposed street

or change and make an assessment of damages and benefits as provided in the next following section of this charter, and shall assign a day and place for them to meet, and shall cause a notice to be given by publication for ten successive days in a newspaper published in Salem of the appointment of such viewers, with their names and the time and place appointed for them to meet, and specifying with convenient certainty the boundaries and descriptions of the private property to be appropriated for such purpose; and the recorder shall send by mail, postpaid, a copy of such notice to each of the property owners whose property is proposed to be appropriated, or to the agent of such owner, when the postoffice address of such owner or agent is known to him, and if such postoffice address be unknown to him, then such notice shall be directed to such owner or agent at Salem, Oregon. The published notice herein provided for shall be deemed conclusive notice to all owners of property whose property shall be appropriated for such purpose.

5. The recorder shall at least 5 days before the day set for such meeting (cause said viewers to be notified of their appointment and of the time and place of such meeting, and said viewers shall meet at the time and place designated, and shall then be sworn faithfully to discharge the duties assigned them. They shall then, on any subsequent day to which they may adjourn (which adjournment shall not exceed one week at a time), proceed to view the proposed street or change, and to determine and assess how much, if any, less valuable lands or other property, or any part thereof through or over which the proposed street or alley is to be opened, laid out, established, or changed, will be rendered thereby; and shall also ascertain the respective interests of all persons claiming to the owners of the lands, or other property aforesaid, or of the improvements thereon, or to have any interest in such lands or improvements and the damage which each of the said owners respectively will sustain, but the right and title of the owners of such improvement shall not be affected by such proceedings and the appropriation of such lands shall be completed or within such further time as the council shall allow therefor, remove such improvements from said lands; otherwise such improvements shall become the property of the city of Salem. Said viewers shall also make a just and equitable estimate and assessment of the value of the benefits and advantages of said proposed street or change to the respective owners, and other persons

interested in all lands, or other property, which said viewers shall deem specially benefitted by such opening, laying out, establishing or change.

Said viewers shall thereafter, at their earliest convenience, report the assessment for damages and benefits as in this section required to the council, but any failure to state the name of any owner, or a mistake in the name of any owner, or a statement of a name other than that of the true owner, in such report, assessment, or in the ordinance adopting such report, or in the Docket of City Liens when the name is entered, or in any other notice required by this charter, shall not render void nor in any way affect the lien of such assessment upon such assessment upon the property assessed. The viewers shall receive as compensation for their services the sum of four dollars each day actually engaged in said service, to be paid by the city and charged as costs, and assessed as part of the benefits by said viewers.

Upon the filing of said report of the viewers with the recorder, he shall immediately cause a notice to be published for a period of five successive days in a newspaper published in Salem of the filing of said report, giving the date when the same will be considered by the council, describing with convenient certainty the boundaries of the district assessed by the viewers in said report, and notifying all persons interested to present, in writing, their objections to said report, if any they have, and said objections, if any there be, together with said report, shall be heard and determined by the council.

It shall also be the duty of the recorder, forthwith, to send by mail, postpaid, a notice of each assessment staying the date when the same will be considered by the council, and directing all persons interested to present in writing their objections to said report, if any they have, to the owner (if known) of each lot or part thereof, or tract of land assessed, or any part of which is appropriated for the proposed street, or to the agent of such owner, when the postoffice address of such owner or agent is known to him, and if such postoffice address be unknown to him, then such notice shall be directed to such owner or agent at Salem, Oregon. If such report shall appear to the council to be in all respects reasonable and just, it may be adopted by ordinance embodying such report, or if it shall appear to the council that the damages or benefits assessed are unreasonable, unjust or insufficient in any respect, the council may send the same back to the same viewers for further consideration, and the viewers may alter and revise the same as they shall deem just, and again report the same to the council, who may thereupon adopt or reject the same, or said council may appoint new viewers with like powers, duties and obligations as the first viewers, and make such assessments and awards and to report the same to the council, which shall have the same power over such reports as over the original.

5. When it is deemed advisable to open, lay out, establish, widen, alter or extend any street or alley in said city and the benefits and damages on the account thereof have been ascertained and determined and the proceedings hereinbefore stated acted upon favorably by the common council, the said common council shall, by resolution, direct the recorder to enter in the Docket of City Liens, the respective sums of benefits over damages, so assessed upon each particular lot or part thereof or parcel of land benefitted, on account of the opening, laying out, establishing, widening, altering or extending of any such street or alley, and the names of the owners or other parties interested in any such lot or part thereof or parcel of land so benefitted, and assessed in like manner as assessments for street improvements are entered in the City Lien and Docket, and when so docketed said sums shall be a lien or charge upon each lot or part thereof or parcel of land assessed, but said excess so assessed shall be paid to the treasurer of the city of Salem within ten days of the time of entering the same in the Docket of City Liens, or the same shall be determined delinquent and thereupon shall be collected, in like manner as provided for the collection of delinquent street improvement assessments for said city. All money arising from such assessments or benefits shall be kept in a separate fund and be applicable to the satisfaction of the excess of damages over benefits, assessed to owners and other persons interested in property taken, or damages for the purpose of laying out, opening, establishing, widening, altering or extending any street or alley, in the manner in which said benefits are assessed and for the payment of expenses incurred by the city for surveying, advertising

and for reviewers in said proceeding.

Section 2. The sections 61, 62, 63, 64, 65 and 66 of an Act to incorporate the City of Salem and to repeal an Act entitled "An Act to incorporate the City of Salem, approved October 15, 1863, and an Act to incorporate the City of Salem, approved February 15, 1893, and to repeal all Acts and parts of Acts in conflict herewith" approved February 17, 1899, be and the same are hereby repealed.

Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so despondent life seemed almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last summer I saw Dr. Miles' Nervine and Heart Cure advertised. I resolved to make one more trial which I did in the purchase of one bottle of Nervine and one of Heart Cure. In a few days I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way; in body, mind and spirits since. I make a special point to recommend the medicine, and I feel a sincere pleasure in knowing that several persons have been benefited through my recommendation."

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows: "When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."
Another from Newark, N. J. "I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.
