VACCINE VIRUS IS USED IMPARTIALLY

(United Press Leased Wire.)
Seattle, Wash., Dec. 23.—Guarded by four policemen, who guarded every exit, health department officers have vaccinated everyone of the 299 guests of the Norman Hotel.

Three guests attempted to escape by rear stairs, but were stopped by policemen, taken into the offices and

placed in line before the doctors. Two men tried to elude the police by jumping from a low window, but they were also caught.

Only the guest who could show a purple pencil mark on his hand was allowed to pass out.

The man who starts out to play politics should first prepare for the sum.

Halifax, N. S., Dec. 23.—Refusing to do the work of court reporters, in addition to their own duties, the judges of the supreme court of Nova Scotia are on strike today, having followed the example set by the stenographers. The reporters are out because they declined longer to take notes for their present salary. The judges could not hold court without reporters, so they joined the strikers.
