## MACHINE LEADERS

(Continued From Page 1.)

The machine wants Fat McArthur and Jay Bowerman at the head of the two houses because they are young, weak, feeble and non-resistant to the grafts that the good administration. Campbell or

Patton will stand for the same thing in the house. "McArthur or Bowerman will do the bidding of the wing of the party that is against all the reform measures adopted by the people, and will execute a program which will put through. The machine does not want strong, capable men in those positions who have a mind to do right and listen to the

demands of the people for lower taxes and better administration. McArthur and Bowerman are the machine candidates and no honest, decent representative of the people in the general assembly should be found backing the machine program."

### Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by Dr. Stone's drug store.

### SIDEWALKS SHOULD BE CLEANED OF SNOW

The street department of the city should get busy clearing sidewalks. There are no crosswalks kept open, and few, if any, of the sidewalks are cleared off. This is a very bad condition as it keeps people from attending church, and schools are deserted, business is almost suspended, because people cannot get around. Somebody should get busy and property owners should be ordered to clear their walks. There should be an ordinance requiring property owners to clear their sidewalks, or have it done at the expense of the city.

### GOLDFIELD TO HAVE A SCRAPPING MATCH

Goldfield, Nev., Jan. 8.—Abe Attell today began training for a fight with Freddie Weeks, following the signing of articles last night. The featherweights will meet under the auspices of the Tex Rickard Club next Thursday night.

An effort will be made by the club to secure James J. Jeffries as referee, or Jack Walsh, of San Francisco, if the retired champion is too busy in vaudeville.

The fighters will weigh in at 125 pounds, ringside. The Marquis of Queensbury rules will prevail, the

men to break at the command of the referee. Each of the principals and the club posted \$500.

SMILES.

It was 46 degrees below zero at Winnipeg on the Canadian Pacific read this morning, and still a boggling.

It is a good thing for Oregonians to get a taste of cold weather and to wade around in "the fleecy, just to appreciate the splendid climate with which they are blessed.

The weather man says more snow tonight and colder tomorrow, so there is some hopes of higher temperature and rain. When it comes to guessing snow in the Willamette valley Uncle Sam himself would out-guess himself.

Some doctors say it is easy to keep warm. All you have to do is to take a long, deep breath occasionally. As there is plenty of ozone in Oregon that the trusts have no control over, the remedy is certainly cheap, and so is the advice, but probably worth only what it costs.

The street men say it is entirely unnecessary for old Dame Nature to be putting on a new white nightie every time it gets dark.

Jack Lucas took a job as "mahout" on a bob-sled on the South Salem hill last night. He explained the fact that he ran into a fence, looped the loop and tried to climb a tree, by saying the beast he was riding had only been in captivity a short time and wasn't broke.

Lawrence, the grocerman, says he noticed this morning that every path in town eventually leads to his store. That is what the snow showed him.

The mystery of the disappearance of Professor Sawyer of the Oakland, Oregon, school, has been cleared up. He drew \$2000 from the bank before leaving, and then the dispatches mention a 14-year-old "boy," who joined him at Red Bluff.
