

**LOST BOTH WIVES AND ALL HIS MONEY**

(United Press Leased Wire.)  
San Francisco, Jan. 13.—Because the claims of his two divorced wives have tied up his fortune in the courts, L. B. Coates, formerly of Los Angeles is having a hard time to pay his daily expenses.

In Judge Trout's court today he said:  
"I am living on wad, your honor, and I would like this settled as soon as possible."

Coates and his first wife, Ida, lived on a Southern California ranch, where, in the course of a number of years, they amassed a fortune. Then Coates came to San Francisco and met Mrs. Coates No. 2, whose charms were quite different from those of his rustic spouse, who obtained a divorce. The change from the ranch to the Bialto was too much for Coates, and soon he was defendant in another divorce action. Wife No. 2 obtained a decree on the ground of cruelty, and a goodly portion of his money. Then somebody told wife No. 1 about the "community interest law," and she told a lawyer the story of her long years of struggling on the ranch. Now the whole estate is tied up, and Coates has no wife and no money.

**JAPAN NOT READY FOR EXPOSITION**

(United Press Leased Wire.)  
Washington, Jan. 13.—The reasons for the postponement of the Japanese imperial world's exposition at Tokyo were revealed today when a representative of the commission to the exposition was sent to congress. The report shows that the announced intention of foreign governments to co-operate on a great scale has caused the Japanese government to postpone the date in order to provide suitable accommodations.

The Japanese government discovered that, owing to the disposition of foreign governments to participate on an extensive scale, the original date of 1912 would not give time enough to prepare for the exposition.

A bill has been adopted providing an engineering and financial program comprising extensive plans for boulevards and street improvement, the construction of harbors, piers and railway facilities. The bill automatically and with no extraordinary expenditure completed its work by 1914, so that by the following year the government will be ready for the exposition of 1917.

The year 1917 will be the fiftieth anniversary of the emperor's coronation.

The report recommends that the commission be placed on waiting orders, with nominal compensation until 1914, when its activities may be renewed and salaries be restored.

The commission reports that the United States has secured excellent accommodations for exhibits.

**HERD JURORS TO PREVENT BRIBERY**

(United Press Leased Wire.)  
San Francisco, Jan. 13.—Further precautions against jury tampering were taken by the judiciary of this city today when Judge Frank J. Murray ordered under-sheriffs to guard seven sworn jurors who are to try Attorney A. S. Newburgh on a charge of offering a bribe to a prospective juror.

Both prosecution and defense were taken by surprise. District Attorney Langdon expressed his gratification at the action of the court. Langdon, following the recent acquittal of Attorney Frank J. Murphy in connection with the same alleged bribery, openly charged that the jury had been influenced.

A greater part of the day was taken up in futile examination of witnesses.

**CLEANED OUT LITTLE BANK AT BURBANK**

(United Press Leased Wire.)  
Burbank, Cal., Jan. 13.—Robbers dynamited the vaults of the Burbank State Bank early today and carried off a large quantity of loot in a wagon. The cracksmen secured between \$200 and \$400 in silver from the outer vaults but officials of the bank have been unable to determine the amount stolen from the inner vaults.

The robbers entered the building through a window some time after midnight. No one heard the explosion and the robbery was not discovered until the bank was opened at 9 o'clock.

Sheriff Hammel was called from Los Angeles, and is trying to run down the robbers.

**BURTON IS ELECTED SENATOR FROM OHIO**

Columbus, O., Jan. 13.—Theodore Burton, of Cleveland, was elected senator today to succeed Joseph B. Foraker. He will serve with Senator Dick.

Burton was born at Jefferson, O., December 26, 1851. He entered the practice of law in Cleveland in 1875. He was elected to congress in 1889, and returned in 1895, since which time he has served continually in the house of representatives. He is chairman of the rivers and harbors committee, and a member of the committee on banking and currency.

When Charles P. Taft and Foraker withdrew from the race recently they left the field clear for Burton.

**THOUSANDS OPPOSE SUNDAY REST BILL**

(United Press Leased Wire.)  
Sacramento, Cal., Jan. 13.—Simultaneously with the introduction of the Sunday rest bill in both houses of the legislature, there has come to the capitol a strong lobby, emphatically telling the lawmakers that they don't want to have their religious liberty restricted.

That this lobby intends to be active is shown by the fact that an enormous petition, containing 35,535 names, was presented yesterday to both the senate and the assembly. This petition stated that the passage of a Sunday rest-day bill would work a hardship to some sects, and would tend to destroy the peace of neighborhoods, without elevating their morality.

**WILL SKIP WITH MOSE TO ESCAPE ENEMY**

(United Press Leased Wire.)  
New York Jan. 13.—After her marriage tomorrow to Moses Mendel, a butcher of Elizabeth N. J., Mrs. Joseph Jones, heiress to a million dollars, plans to flee with her husband to California, to escape a mysterious enemy, who has pursued her for several months.

Despite the activity of the police and private detectives, the enemy has backed at the doors of Mrs. Jones' home; has thrown acid over the carpets of her home and has committed numerous other depredations. The police think the woman's enemy is a disappointed suitor. The bride and groom have taken elaborate precautions to elude him, whoever he may be.

**SHOOTS CRAZY MAN TO SAVE HER HUSBAND**

Napa, Ca., Jan. 13.—With steady aim and remarkable presence of mind of Mrs. C. H. Cordey, wife of a farmer living near here, today shot down a maniac who otherwise probably would have killed her husband.

Cordey was at work near his home when the maniac approached from behind and attacked him with a pitchfork. They grappled, but the farmer was no match for his antagonist, and if Mrs. Cordey had not heard his cries, he would not have lasted long.

Mrs. Cordey seized a rifle, and walking close to the maniac, shot him in the left side. The man was identified as M. Avilla, a farmer, who became violently insane yesterday. He was taken to the state asylum, which is located here.

Washington, D. C., Jan. 13.—The executive council of the American Federation of Labor, after a conference with Alton B. Parker and Arthur H. Hays Sulzberger today, decided to press an appeal from Judge Wright's decision adjudging federation officers guilty of contempt of court. The appeal will be presented to the highest possible court.

Costly Gasoline.

Nashville, O., Jan. 13.—The collision of a gasoline stove here today caused a fire that destroyed a business house, with a loss that will exceed \$100,000.

**Cold Stopped His Work**

Ferry Larsen, the well-known Salem boat-builder, arrived yesterday from Eliza Springs, where he has been employed in building a launch, but was compelled to discontinue his intensely cold work on the boat as the result of the weather in the territory becoming

**ENGLANDS TREATMENT OF HINDUS BRUTAL**

(United Press Leased Wire.)  
Calcutta, Jan. 13.—Ango-Indian officialdom is fighting over the government's method of attempting to stamp out sedition in the dependency.

Advocates of the use of the strong hand are in control at present and the recklessness with which they are doing their work is declared by the moderate party calculated to precipitate the threatened general native outbreak.

It is charged, indeed, that a deliberate effort is being made to drive the country to the last extremity of desperation on the theory that its spirit will either be completely broken or that mutiny will be hastened—the authorities being prepared for it now, the period of suspense through

which they have been passing for months being intolerable and the native being as yet poorly armed.

Those who are protesting against the severity of the dominant party's measures were themselves former advocates of vigorous action against anti-government conspirators. They did not dream, however, they say, of a resort to such extreme measures of rank injustice as it is asserted are being perpetrated.

Nothing ever done by the English in India, it is maintained, has equalled, in outrageous indifference to the natives' rights, the deportation of the millionaire, Aswini Kumar Dutt, and the editor, Krishna Kumar Mitra, for no offense but moderate support of the movement for home rule of their country.

**PROPOSED LAW WILL EXCLUDE JAPS ALSO**

(United Press Leased Wire.)  
Washington, Jan. 13.—Discrimination against the Chinese will be abolished, but exclusion even more absolute than now will result if a bill which is being prepared today is passed by congress.

The plan adopted by the lawmakers who are framing the new act to incorporate the exclusion law in the general immigration laws and insert in section two which enumerates those classes which are excluded from this country, the words, "Asiatic laborers." This action is calculated to solve the Japanese immigration problem, and is reported to have met the approval of the administration.

**SEVERAL WIDOWS AND SCORES OF CHILDREN**

(United Press Leased Wire.)  
Ogden, Utah, Jan. 13.—Scores of children and several widows are today in mourning following the death yesterday of Lorin Farr, 87 years old, who was one of the first converts to Mormonism and the first mayor of Ogden.

Farr was drowned while bathing at Utah Hot Springs. His body was found floating in one of the pools.

He was the progenitor of 300 children, grandchildren and great grandchildren. He was present when the golden spike was driven at Promontory on the completion of the transcontinental railroad in 1869.

**DEADLOCK IN ILLINOIS LEGISLATURE BROKEN**

(United Press Leased Wire.)  
Springfield, Ill., Jan. 13.—The legislative deadlock over a recount of votes to determine the election of Charles S. Deneen as governor of Illinois, was broken today with the filing of petitions for a recount in both houses.

The Democratic members allege that 15,000 men not naturalized, voted for Deneen; and 15,000 citizens not registered voted for him and that 20,000 Stevenson votes were counted for the Republican.

**Pittsburg Briber convicted.**

Pittsburg, Jan. 13.—Charles Cameron, president of a local traction line, convicted yesterday of bribing a councilman today was refused bail, although he secured \$25,000 in sureties for his freedom. Cameron's attorneys moved for a new trial.

**The Pure Food Law.**

Secretary Wilson says: "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. **RESIDENCE DESTROYED —TWO BURNED TO DEATH**

(United Press Leased Wire.)  
New Haven, Conn., Jan. 11.—Fire which completely destroyed the home of some residence of Samuel Higgins, general manager of the New York, New Haven & Hartford railroad, caused the death of his mother, Mrs. Isabelle H. Moore, aged 84, and probably the fatal injury of his mother-in-law, Mrs. M. E. Corbin, early today.

Higgins, his wife, his daughter, Isabelle, and his young son, barely escaped with their lives by jumping from second-story windows. The fire was caused by an over-heated furnace. Higgins was awakened by the smoke, and aroused the family.

The flames were well under way, and the manner of escape was by jumping. All sprang from their beds as soon as the ywere awakened and leaped from the windows. Mrs. Moore was killed in trying to escape, and Mrs. Corbin was hurt in jumping.

It was bitter cold and the victims, who had not stopped for clothing, were given shelter at the homes of neighbors.

**FELL THROUGH SKYLIGHT INTO ARMS OF BEN HUR**

(United Press Leased Wire.)  
San Francisco, Jan. 13.—Leah Miley, a young photographer, plunged through a heavy glass skylight in the roof of Bushnell's gallery, fell into the arms of Ben Hur, General Lew Wallace's hero, yesterday afternoon, and today is in a hospital suffering from severe cuts inflicted by broken glass.

Miss Miley was making prints on the studio roof and members of the Ben Hur theatrical company were posing before the lens in the studio below when the accident happened. Miss Miley, in placing prin frames, stepped on the glass, which gave way beneath her weight, and she crashed through the skylight. The surgeon at the Central Hospital worked for an hour on Miss Miley before the flow of blood from her wound was staunch.
