COUNCIL ORDERS MORE STREET IMPROVEMENT

Resolution for Public Playgrounds Referred to Park Committee—Appeal for Fairer Treatment for the Three Suburban Wards.

City council met Monday night with only 10 of the 14 members present. A number of good improvements were ordered made.

Routine Proceedings.

Mr. Greenbaum, from the committee on accounts and current expenses, reported a resolution that street bonds for certain streets draw interest from November 19, 1933.

Petition for sewer in Knight's addition. Committee given more time. Mr. Greenbaum reported on petition on light at Winter and Oak streets favorably.

Treasurer's report showed balance on hand of \$6,292.77. Referred to ways and means committee.

City engineer reported grades established on Oak street between Commercial and Liberty streets. Referred to city attorney, with instructions to prepare ordinance.

City engineer submitted plan for improvement of North Capital street, north from Mill creek to Fair Grounds road. Referred to street committee.

The mayor's veto of the street car franchise was read. Also communication from street car corporation agreeing to pay \$1500 toward cost of such bridge.

Mr. Greenbaum made the point that as five aldermen were absent it could not be passed over the veto.

Mr. Stolz saw great difficulty in accepting the proposition as made by the corporation. He favored sustaining the veto.

Mr. Stockton moved to adjourn to Monday night, when the contract could be ratified and the bill passed over the veto. Carried.

Mr. Hofer moved that the city attorney be instructed to prepare a contract with the street car company to cover expense of this bridge. Carried.

For Public Playground.

Resolution offered by Mr. Hofer. Be it resolved by the council of the City of Salem that the members of the park commission enter into negotiations with the owners of blocks 14 and 15, within the city of Salem, Marion county, Oregon, for the purpose of purchasing or leasing the same as a public playground and park.

Referred to park committee. Citizens protested against widening sidewalks on extension of State street from Commercial west. Specifications do not provide for such widening.

Application for license by Neumann Bros. to committee on license. Petition for are light at Mill and Seventeenth street, to committee on lights.

Resolution of Mr. Stolz, asking

for a 60-foot wide bridge on South Commercial street, to committee on bridges.

Resolution for sewer on Hood streets, from Twelfth street to river, to committee on sewers. Adopted.

Resolution for six-inch main in Englewood. Adopted.

Committee on fire and water reported for purchase of 500 feet of hose, ladder and smoke protectors. Adopted.

Bids on one block Liberty, Cottage Church and State streets, with certified checks by Warren Construction Company. Referred to street committee.

Mr. Greenbaum asked for repair of a crosswalk at State and Fourteenth streets. Referred to committee on streets.

Mr. Stockton moved that street committee be authorized to contract for fair grounds road.

Mr. Millard moved for crosswalks at 17th and D and 18th and D streets. To committee on streets.

Another ordinance for improvement of streets. Read first and second times. To ordinance committee.

Fire and water committee authorized to prepare plans and specifications for East Salem fire department. Ordinance to license junk dealers. Read first and second times. To ordinance committee.

Petition for sidewalk from end of street car line on Twelfth street west on Cross street, B street and Lincoln street to Fairmount hill. Referred to street committee.

Attacked Street System.

Mr. Hofer, of the seventh ward offered a resolution that \$1000 be set aside for each of the three suburban wards, the fifth, sixth and seventh wards, for general street repairs, crosswalks, drainage, etc. and that \$600 of said sum be expended for one main highway leading into city.

Mr. Hofer stated that the people in the suburbs were dissatisfied to have so much of the street funds paid by them in the shape of a mill and a half tax expended outside of those wards, and that in some of these suburbs not ten cents on the dollar paid by them had been spent there.

The total provision for street funds this year in the budget is \$16,500. Part of this money is from other sources. The levy of one mill and a half on the property of the city produces \$12,599.63. Net receipts from poll tax \$1081.60. Total direct taxes on property and people of city \$13,681.23. This is equivalent to about \$2000 a ward for each of the seven wards of the city.

The records of the street department show that for the past two years there has been done 2042 1/2 days' labor by men and 658 1/2 days' work with men and team, or man and cart, or about 400 days to a ward for two years.

Under this system the three suburban wards have not had \$2000 a year each expended under the head of street work. Street work includes cleaning streets, building and tearing up crosswalks, repair or grading streets, bridges, culverts and sewers.

Under the system the three suburban wards have not had 200 days each per year.

The suburban wards have suffered for lack of improvements. They have not had the improvements they are entitled to, and their growth has been hampered. I am not saying they should have as much of the street funds as the older parts of the city, but I am saying they are entitled to at least half of what they pay to be spent in their own boundaries, if it is only \$500.

The mayor ruled the resolution out of order, but Mr. Hofer asked that it might be referred to the street committee, and asked that they make some statement as to what they deemed right for the suburban wards.

THE MARKETS

SAN FRANCISCO MARKETS.

San Francisco, Cal., Jan. 10.—Wheat—No. 1 California club, per cental, \$1.07 1/2 @ 1.10; California white milling, \$1.75 @ 1.80; northern bluestem, \$1.75 @ 1.80; off grades wheat, \$1.50 @ 1.60; Reds, \$1.62 1/2 @ 1.67 1/2.
