The house wife who has been induced to buy a phosphate baking powder by grocers or canvassers will be somewhat chagrined to learn that this character of goods is made from burned bones, mixed with diluted oil of vitriol.

MARSHFIELD IS STILL FLOODED

(United Press Leased Wire.)
Marshfield, Or., Jan. 26.—The residences in the flooded district of Marshfield are still surrounded by water. The sidewalks have been raised, so that it is possible to go about town, but no work can be done in the district.

This portion of the town has been protected by a dyke, but the high tide of last week washed it away, letting in large quantities of water. When the break had been repaired the water still remained. The flooded portion of the city is to be drained by the use of flood gates.

DAWSON WEATHER WAS 60 TO 70 BELOW

Dawson, Jan. 26.—The cold spell has been broken. For the past two weeks the thermometer has ranged from 60 to 70 below, but today the weather is showing signs of moderation. For two weeks traffic by stages in all directions has been suspended on account of the intense cold.

Jackies in Cuba.

Havana, Jan. 26.—The officers and jackies of the American battleships Missouri and Maine are today enjoying the hospitality of Havana, having arrived yesterday. It so happened that the two ships arrived on the eleventh anniversary of the arrival here of the old Maine, the wreck of which can still be seen in the harbor.

In real life you cannot hope for the same success in thwarting the villain that comes to the hero in the play.

ATTACHMENT LAW IS ONLY A SKIN GAME

BILL TO PULL TEETH OF A VICIOUS SYSTEM

House bill No. 93, by Campbell, by request, is to abolish the old unjust Oregon attachment law. Under that law any creditor can swear out a complaint and start an attachment suit and attach anything a man or corporation has got. In other civilized states an attachment suit must allege fraud, or that the debtor will abscond.

Here in Oregon any jack lawyer

will start an attachment suit, slap on big fees and make costs, for a business man against whom he has a spite. This bill will be fought by lawyers who want to keep this Oregon boot on the limbs of the creditor class to make fees out of it, while some of the biggest and ablest attorneys in the state. It amends the law so as to require some allegations of fraud. It should pass.

CONSTIPATION

"For seven long years I suffered with chronic constipation and during this time I had to take an immense amount of medicine, but none of them did me any good. I could have an action on my bowels daily. I tried Cascarets, and found it was a well known, reliable and safe remedy. I used Cascarets for a long time and finally with the use of Cascarets I was free from my long-continued constipation. You can see this in the testimonials on the wrapper."

TUG CAPTAINS ARE EXONERATED

(United Press Leased Wire.)
Seattle, Wash., Jan. 26.—Cable advices from Juneau today state that United States Marine Inspectors Whitney and Newhall have exonerated Captain Erwin Farrar of the tug Hattie Gage and Captain Patrick Hamilton of the tug Kyack on the charge of cowardice made by the captain and crew of the bark Star of Bengal, when the latter craft was wrecked on Coronation Island, Alaska, last fall and 111 lives were lost. The charge was made at the time of the investigation that the captains could have saved all of the lives on the Star of Bengal provided they had stayed by the wrecked ship instead of deserting the craft and leaving her to her doom. The Alaskan Inspectors believe that the captains of the tugs did all in their power to render aid, and say it was difficult owing to the gale. The Star of Bengal was loaded with salmon and the crews of the fishing station at Coronation Island at the time of the wreck and was enroute to San Francisco.

Don't Take the Risk.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis, or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. Its many remarkable cures of coughs and colds have won for it this wide reputation and extensive use. Sold by Dr. Stone's drug store.

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Throats, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and \$1.00. Guaranteed by J. C. Perry. Trial bottle free.

Don't Neglect It

It is a serious mistake to neglect a weak heart. It is such a short step to chronic heart disease. When you notice irregularity of action, occasioning short breath, palpitation, fluttering, pain in chest or difficulty in lying on left side, your heart needs help—a strengthening tonic. There is no better remedy than Dr. Miles' Heart Cure. Its strengthening influence is felt almost at once.

"I have used 10 bottles of Dr. Miles' Heart Cure and can truthfully say it has done me more good than anything I have ever used, and I have tried nearly everything that I know of. The doctor who attended me asked me what I was taking and I told him Dr. Miles' Heart Cure, he said it was not going to do me any good, but it did. I have not taken any for a year now, and while there is occasionally a slight symptom of the old trouble, it is not enough for me to continue the use of the medicine. If I should get worse I would know what to do. Take Dr. Miles' Heart Cure as I did before, I consider myself practically cured of my heart trouble."

DR. MILES' HEART CURE is sold by your druggist, who will guarantee that the best bottle will benefit. If it fails he will refund your money.

The Pure Food Law.

Secretary Wilson says: "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as not mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Dr. Stone's drug store.

Unless It's a Good Store It Will Not Pay to Advertise It!

UNLESS you know a person—unless that person comes into your life in some way—you are not greatly concerned about whether he is good or bad, desirable or objectionable.

It's so with a store. The people who never visit it care nothing about it one way or the other. It doesn't exist—for them. But—when they are persuaded to patronize it—when they come to turn the spot-light of their attention on it—when it comes to have a part in their lives, as some stores must have in all lives—then it's different; then it DOES matter whether it strives to win confidence; it does matter whether or not its price concessions are genuine, dependable.

If it meets all tests that a good store must stand when it is advertised—when it thus invites the critical attention of people—then advertising "makes" the store. If it fails in most of the vital things—if it proves, under the light of publicity, not to be much of a store, THEN ADVERTISING WILL NOT PAY—for it will emphasize shortcomings as well as merits.

For these same reasons it is generally assumed that the store which does not advertise is seeking to avoid close inspection and comparison, and that the store which does is courting them.
