A STORY OF WHIPS, SKIRTS AND FLIGHT

(United Press Latest Wire.) Hillsboro, Or., Feb. 2.—The citizens of Hillsboro awoke this morning wondering if Principal J. C. Clarke, of the public school, here had gathered enough courage over night to return and brave the array of horse whips held by six women who frightened him out of town. As the result of the bribe there was no school yesterday. Principal Clarke, according to Mrs. C. M. Phillips, had caused black and blue marks to appear on her little son because he was unruly. This made Mrs. Phillips angry. She secured some horse whips, handed one to each of the women, held one herself and led her neighbors in the direction of the school. Principal Clarke saw the women, then the whips and then the back door. He has not returned.

Consequently you are weak, worn-out, nervous, irritable, cannot sleep; have headache, indigestion, etc. because there is not sufficient nerve force to keep the organs active and allow them to perform their natural functions. Dr. Miles' Nervine restores health because it restores this nervous energy.
