Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The victim was removed to a hospital, where, the doctors said, his chance of surviving was excellent.

[United Press Leased Wire.]
Los Angeles, Cal., Feb. 5.—Jim Jeffries is making preparations today to go to Bakersfield next Tuesday, where he will give the opening performance of a two-week tour of the interior towns of the state.
This tour will be preliminary to his Eastern engagement, which opens in New York March 8, and will run for 20 weeks.

The California tour is expected to net enough money to cover the entire expenses of Jeffries' Eastern engagement, for which he is to receive \$2500 a week. Thus Jeff will clear up \$5000 clear profit in less than five months, making his daily wage more than twice that of the President of the United States.

[United Press Leased Wire.]
London, Feb. 5.—Demands of the admiralty for six new battleships of the Dreadnaught type to cost 12,000,000 pounds (\$60,000,000) have precipitated a crisis in the British cabinet today. The daily press has taken up the matter and the Daily Chronicle, while predicting that the cabinet itself will not fall to pieces, says that rumors of impending resignations affect the portfolios held by David Lloyd-George, chancellor of the exchequer, Winston Spencer

AMERICAN ACQUATICS—ENGLISH HORTICULTURE

New York, Feb. 5.—Tom Longboat, the Toronto Indian Marathon runner and Alfred Shrubbs, of England today are in excellent condition for their match tonight for the Marathon championship of the world. Shrubbs is a favorite in the betting over Longboat by odds of 7 to 5 but his supporters give no reason for his choice.

Tom Flannagan, explaining a letter written by the Indian advising friends not to bet on him because of illness, explained today that the Indian was peculiar and probably felt depressed on the day he wrote the letter.

Flannagan declared that the Indian was in the best of shape and that he expected him to win and make the English champion quit in a mile of 20 miles.

JOHNSON PAYS THE PENALTY

Walter Montgomery Johnson, convicted of the crime of murder in the first degree, for the killing of Elmer Purdue, in Hillsboro, Washington county, December 14, 1908, was hanged at the state penitentiary at 12:40 o'clock today.

At 12:27 the prisoner left his cell, accompanied by the prison officials and Rev. W. H. Selleck. He marched to the gallows and ascended the steps firmly. When asked if he had anything to say, he straightened himself up, and in a firm voice said: "I am guilty of the crime. I did not commit it in self-defense, as alleged upon my trial, but for the money there was in it. I have nobody to blame, or no fault to find, and I am ready to pay the price. It was simply the fact that I had been drinking heavily, and was not myself, that caused me to commit the crime."
He delivered a short talk on the evils of intemperance. At 12:40 the black cap was drawn down over his head. Just as this was done he said to those in charge, "Be sure and break my neck." He also asked that Sheriff Stevens do not hold it against him because he made a false statement in his confession during the trial.

The trap was sprung at 12:42, and death was apparently instantaneous.
