**California**

When summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal summer for those who cannot endure a more severe climate. California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodation, congenial companions and varied, pleasing recreations.

**SOUTHERN PACIFIC CO.**  
Will be glad to supply some very attractive literature, describing in detail the many delights of winter in California.  
The rate from Salem to Los Angeles and return is \$55. Limit six months, allowing stopovers in either direction. Similar excursion rates are in effect to all California points.  
For full information, sleeping car reservations and tickets, call on, telegraph or write agents, Salem, or

**WORTH MOUNTAINS OF GOLD**

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Va.—"I was prostrated through the change of life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Va.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

**MRS. DAISY RUFFNER PROVES TRUE TO NAME**

(United Press Leased Wire.)  
Tacoma, Wash., Feb. 8.—Charged with having held up her hostess, Mrs. Daisy Ruffner, and after compelling her to disrobe, carrying the discarded raiment away with her. Mrs. Marie Hunter is in jail here today.  
Mr. and Mrs. Hunter were visiting with Mrs. Ruffner, when the two women became involved in a heated controversy. As a climax to the dispute, Mrs. Hunter, it is alleged, suddenly flourished a revolver and compelled her argumentative opponent to doff her clothing. Then, in a spirit of revenge, it is charged, the enraged Mrs. Hunter made a neat bundle of her hostess' apparel, and, accompanied by her husband, who had been an interested spectator, took her departure, leaving Mrs. Ruffner in a disturbed state of mind and no clothing.

**SAY ANGORA GOATS CLIMB APPLE TREES**

(United Press Leased Wire.)  
Tacoma, Wash., Feb. 8.—Can Angora goats climb trees, fences and other horizontal bars? Neighbors of Ike Carson, Angora goat magnate, whose ranch is near Stellacoom, declare they can. Carson is skeptical, and has consulted Prosecuting Attorney McMurray, with a view to securing warrants for the persons who, during the past few weeks, have been endeavoring to exterminate his herd. He told the prosecuting attorney today that he was tired of picking buckshot from wounded goats and burying the dead.

On the other hand, neighbors of the aggrieved rancher declare they are weary of chasing the nimble animals out of their apple trees. The goats, they aver, have lately discovered that the small branches of the fruit trees make excellent provender, and their squirrel-like tendency has enabled them to ruin valuable orchards.

**SEATTLE SPIRIT PUT IN PRACTICE**

(United Press Leased Wire.)  
Seattle, Wash., Feb. 8.—Evidently inspired with a desire to emulate the monkey of tradition, which crawled out on the limb of a tree and then cut off the branch between himself and the trunk, James C. Morrison, a carpenter 50 years old, is today suffering from several broken ribs, sustained when he climbed to the top of a flight of stairs he was demolishing, and knocked out the braces.  
Morrison fell 15 feet with the wrecked stairway, and was removed to the Wayside hospital.  
"It was the bumpiest piece of work I ever did," said the injured carpenter, "but I certainly got those stairs down in a hurry."

**NEW PLACER MINES ON STEWART RIVER**

Vancouver, B. C., Feb. 8.—New placer diggings which promise to enormously increase the gold output of the Yukon district this year have been discovered, according to D. R. McFarlane, inspector of public works at Dawson, who arrived here. The finds were made last fall, too late in the season to carry on any extended work. They are located on the tributaries of the Stewart river. Miles of ground has been located by pioneer prospectors, and the yellow metal is expected to be extracted in abundance. As high as \$2.50 a pan has been secured.
