## MARION COUNTY IN FACTIONAL WARFARE ACCUSES LUMBER TRUST OF SELLING SAWDUST FOR BRAN

### LEGISLATURE IN WASHINGTON GETS DOWN TO BUSINESS OBJECTS TO TREATING AND SAYS MILL- MEN ARE GIVING THE STOCK GROWERS TWO MUCH SAWDUST FOR BRAN

[United Press Leased Wire.]  
Olympia, Wash., Feb. 15.—The house and senate were both slow in getting down to business today. The house did not begin work until 1:30 p. m. and the senate was 30 minutes later to start, among the interesting bills introduced today was one in the house for the protection of live stock. Live stock is now being placed under the protection of pure food

legislation. It is claimed that since the slump in the lumber market the mill owners have been making pretty fair profit furnishing sawdust to the manufacturers of stock foods, and that a considerable proportion of the stock food now being sold in the state is liberally adulterated with fir and cedar sawdust. The bill will

### PLUNGE TO DEATH DOWN MOUNTAIN SIDE

[United Press Leased Wire.]  
Los Angeles, Cal., Feb. 15.—John Freitas, 17 years of age, is dead and Joseph Schultz, aged 19 years, is badly hurt today, following a wild plunge down the snow-covered sides of Mount Wilson yesterday.

The youth, accompanied by Raymond Lennon, left this city Saturday night to climb the mountain. Early yesterday, while they were near the summit, Freitas slipped upon a piece of ice, and his body hurtled through the air, bounding from point to point on the hillside, and finally lodged in the crags 600 feet below.

Schultz attempted to crawl down the mountain side and secure the body of his comrade. He also slipped and fell a distance of 300 feet, his life being saved by a clump of bushes into which he dropped.

Lennon rushed to the Mount Wilson hotel and summoned aid. Rescuers lowered members of their party over the cliffs and rescued Schultz, then, after several unsuccessful attempts recovered the body of Freitas.

### WATCHED HIMSELF KILL HIMSELF

[United Press Leased Wire.]  
Tacoma, Wash., Feb. 15.—Carl Eggert, an aged German from Oskosh, Wis., stepped to a mirror in his room, at the Grand Hotel, last night, and, placing a .38-calibre revolver to his right temple, fired and fell dead. The bullet passed through Eggert's head, crashed through a heavy glass window, and barely missed striking M. E. Peterson, the hotel proprietor, who stood in the hallway.

Long brooding over the death of his wife, and the recent suicide of a son in San Francisco is believed by the police and county coroner to have been the motive that led Eggert to take his life.

A book on his person showed that he was a member of Oskosh Modera Woodmen of America, Pinery Camp No. 378. It is said that he had valuable property holdings in Oskosh. He was about 55 years old.

### ON WITH NEW LOVE NOT OFF WITH OLD

Tacoma, Wash., Feb. 15.—It is persistently reported here in well informed circles today that Miss Margaret Illington, the actress and the wife of Daniel Frouman, the theatrical manager, will marry Edward J. Bowes, a local millionaire, if she is to secure from her husband a divorce as rumored.

Bowes, who is a prominent club man and member of the Chamber of Commerce, owns large property interests. He came here from Oakland, Cal. a few years ago. It is observed, Mr. Bowes' friends point out, that he has been quite attentive to Miss Illington whenever she visited Tacoma.

### OIL COMPANY DIGS UP \$50,000

Jefferson City, Mo., Feb. 15.—The Waters-Pierce Oil Company today paid to the state by certified check delivered to the clerk of the supreme court \$50,000 and filed papers agreeing to accept every provision of the "ouster" decree issued December 23 last.

Good Actor, Poor Manager.  
[United Press Leased Wire.]  
New York, Feb. 15.—Raymond Hitchcock, the actor, today filed a petition of involuntary bankruptcy in the United States district court. His liabilities were stated at \$28,249, all unsecured.

### BIG TIMBER DEAL ABOUT COMPLETED

[United Press Leased Wire.]  
Portland, Ore., Feb. 15.—Negotiations are about to be closed for one of the largest timber deals ever made in the Pacific northwest, the purchase price being approximately \$4,000,000. The sale pending includes the entire holdings on the Columbia river of the Benson Logging Company, one of the biggest concerns of its kind in the world.

Besides some 40,000 acres of timber in Columbia county, the deal includes a system of logging railroads, logging camps and equipment to a value of many thousands of dollars in the vicinity of Clatskanie and the large log rafts in course of construction at that place for transportation to San Diego next summer. The camp in the Benson holdings is one of the largest on the coast, several hundred men being employed felling timber and preparing the logs for the water the year round.

### CHAMBERLAIN SIGNS HIS CREDENTIALS

Washington, Feb. 15.—Senator Bourne today presented to the senate the credentials of Senator-elect Chamberlain, governor of Oregon. The document was the shortest on record. It was a novel one also from the fact that the credentials of Senator Chamberlain were signed by Governor Chamberlain himself.

- Taft's Cabinet Selections.
- Secretary of State—Philander C. Knox, Pennsylvania.
- Secretary of Treasury—George M. Reynolds, Illinois, or some other Illinois man.
- Secretary of War—No selection.
- Attorney General—George W. Vickersham, New York.
- Postmaster General—Frank H. Hitchcock, Massachusetts.
- Secretary of the Navy—George von L. Meyer, Massachusetts.
- Secretary of the Interior—Richard A. Ballinger, Washington.

### KING EDWARD HAS FAINTING SPELL

Berlin, Feb. 15.—Despite strenuous official attempts at secrecy, it was learned today through reliable channels that King Edward fell in a faint while conversing with the Princess of Pleas at the British embassy last week. It is stated that the king remained unconscious for some time.

### AUSTRIA WILL FIGHT SERBIA

Berlin, Feb. 15.—A declaration of war by Austria upon Serbia early in April is predicted by the Daily Tageblatt today. The Tageblatt declares that it possesses official information that unless Serbia ceases a campaign of insult and provocation Austria will take action.

It is rumored that Austria sought last Saturday to obtain the consent of the European powers to a temporary occupation of Serbia. It is believed that Austria's failure to obtain their consent resulted from the opposition of Russia to the scheme. The nagging of Serbia has increased to the point of Austria's irritation since the annexation of Bosnia and Herzegovina.

### BILL TO RAISE MARION COUNTY ASSESSOR SALARY BEING FORCED THROUGH BY COUNTY CHAIRMAN JONES IN INTEREST OF HIS BROTHER

The bill to raise the income of the assessor's office in Marion county \$900 has resulted in a fierce conflict in county politics. It pays the chief deputies \$900 and \$600, respectively, and pays the assessor \$1200 salary at present and \$2300 for field deputies. The total bill carries \$4400, and it is not the amount asked or the increase of \$900 desired by the assessor for deputies that causes the merry war in county politics, but it grows out of the little deputyship at Jefferson, for several years held by F. E. Wall, who has given pretty general satisfaction. For some reason a senator Fred Rice appointed Precinct Committeeman J. T. Jones, a brother of County Chairman Jones. The change raised a row. A large delegation of the biggest taxpayers in the precinct and the biggest business men demanded of the delegation in the legislature that would hold up

the assessor's salary increase, and it was done until Saturday. The bill was then forced out of the delegation by Senator Smith, who took up the battle of his protegee, County Chairman Jones. In the meantime, to pacify both sides, Rice is said to have offered Precinct Committeeman Jones the \$75 to let go. But the Jones, who represent the postoffice crowd, that has run the politics of that city for many years, would not have it that way. They want the power to assess the other fellows for a while, and are now using the whole power of the political machine to force the bill through. It is believed the other salary bills will go through without objection. County Superintendent Smith's bill carries \$500 only for office help when he is out visiting schools. Sheriff Minto's bill only readjusts the deputy allowance already given to his office.

### GREAT STORM HITS EASTERN STATES

Chicago, Feb. 15.—The worst storm of the worst year in the last decade has paralyzed the Middle West, according to reports coming in today from the great plains. Suffering and disaster is widespread and a blizzard, which shows no signs of breaking away, has the country in its grip.

Railroad transportation is tied up; train schedules have been swung awry; telegraph and telephones have been rendered useless in many sections and the result of demoralization of all communications is the isolation of many communities.

The wind died down during the night in this city, but Chicago is still in the grip of the blizzard. Great damage has been wrought throughout the city. One person died from the cold, and suffering in the poorer parts of the city is intense.

Scores of persons have suffered injuries resulting from weak conditions and traffic is practically at a standstill.

### MONTANA IN LINE AGAINST JAP INVASION

Helena, Mont., Feb. 15.—There seems to be no feeling of doubt here that the Morton anti-Japanese memorial will be favorably reported by the committee on labor of the house, and that it will pass that branch of the Montana legislature.

Members of the committee think the bill will be amended so as to ask that the Chinese exclusion act be extended to include other Mongolians. It is probable that the bill to segregate Mongolian children will pass the legislature.

### CONGRESS LETS KNOX GET IN

Washington, D. C., Feb. 15.—After a special rule providing for a reconsideration of the vote, the bill enabling Senator Knox to take his place as secretary of state in the cabinet of President Taft, passed this afternoon by a vote of 147 ayes to 129 noes.
