THE BATTLE FOR THE DEVELOPMENT OF OREGON.

Old undeveloped Oregon was begun to be done away with by holding the Lewis and Clark Exposition.

The corporations and Portland got the benefit of that—NINE-TENTHS OF IT.

The time has come to do something for the promotion of the rest of the state.

The embargo on the Willamette river for forty years HAS TO BE REMOVED.

The blockade of the Columbia river at The Dalles has to be broken through.

The natural wonders and the assets of scenic beauty which enrich California, Montana and Colorado HAS TO BE MADE AVAILABLE.

The campaign cry, "Develop all Oregon," must be made the slogan of progress all along the line.

The constitutional amendment and the citizens' commission bill to make state-aided railroads possible have got to be put through this legislature IF THE HARRIMAN PARALYSIS ON CENTRAL OREGON IS TO BE SHAKEN OFF.

These are some of the big things that this legislature has still unfinished on its hands.

The howl to stop everything in the interest of purse-blind economy is THE CRY OF THE ENEMY OF PROGRESS.

There is economy that is fatal to the best interests of the state and should not prevail.

THE DEVELOPMENT OF THE INDIVIDUAL through education AND THE DEVELOPMENT OF THE COMMON-WEALTH by making its resources available are the lines of progress for all intelligent men to pursue.

HARRIMAN GOES TO TEXAS TO REST

[United Press Leased Wire.]

Birmingham, Ala., Feb. 15.—E. H. Harriman, who, with his party, is today on his way to San Antonio, Tex. where he may remain two months to regain his health, is reported to be more ill than the general public knows anything about.

Just before his train left here yesterday the "wizard" of Wall street brushed to one side a number of New York newspapers that were offered to him. Later it was explained that he was too ill to read. B-sides Mr. Harriman declared that he was on his way to Texas for rest, and did not want to hear from Wall street.

FEEBLE OLD LADY

Has Strength Restored By Vinol

Mrs. Michael Bloom of Lewistown, Pa., who is 80 years of age, says: "For a long time I have been so feeble that I have had to be wheeled around in an invalid's chair. I had no strength and took cold at the slightest provocation, which invariably settled on my lungs, and a cough would result. My son learned of the cod liver preparation called Vinol, and procured a bottle for me. It built up my strength rapidly, and after taking three bottles I am able to do most of my work, and I can walk a quarter of a mile easily. Every aged or weak person who requires strength should try Vinol. I am delighted with what it has done for me."

As a body builder and strength creator for old people, delicate children, weak, run-down persons, and after sickness, Vinol is unexcelled. If it fails to give satisfaction we will return your money.

Unless It's a Good Store It Will Not Pay to Advertise It!

UNLESS you know a person—unless that person comes into your life in some way—you are not greatly concerned about whether he is good or bad, desirable or objectionable.

It's so with a store. The people who never visit it care nothing about it one way or the other. It doesn't exist—for them. But—when they are persuaded to patronize it—when they come to turn the spot-light of their attention on it—when it comes to have a part in their lives, as some stores must have in all lives—then it's different; then it DOES matter whether it strives to win confidence; it does matter whether or not its price concessions are genuine, dependable.

If it meets all tests, that a good store must stand when it is advertised—when it thus invites the critical attention of people—then advertising "makes" the store. If it fails in most of the vital things—if it proves, under the light of publicity, not to be much of a store, THEN ADVERTISING WILL NOT PAY—for it will emphasize shortcomings as well as merits.

For these same reasons it is generally assumed that the store which does not advertise is seeking to avoid close inspection and comparison, and that the store which does is courting them.

MONEY

Is either idle or industrious. Idle money is carried in the pocket-book or is kept about the house. Not only does it not earn anything but it is soon gone. Industrious money is that which is earning a fair return. It adds to itself constantly. A savings account is a good example, and yet the whole deposit is available when wanted.
