ARE WE AMERICAN CITIZENS?

Oregon has a general state law that requires all teachers in the High Schools to be graduates of a Normal School, or its equivalent.

Yet the Oregon Senate has men in it who would abolish Normal Schools in toto, CALLING THEMSELVES AMERICANS.

The Smith bill for one school at Portland, to be submitted to a vote of the people in 1910 abolishes the present Normal Schools.

It makes no provision to continue the three schools that are running in Oregon AND WHICH MUST RUN UNTIL NEXT JUNE.

But what does Smith care? What do any of the Senators of the Ways and Means committee care? They are not from counties that have Normal Schools.

The Senate Ways and Means committee has not shown the slightest courtesy to any member of the State Board of Regents or its secretary.

That board has conducted the four schools one year for the cost of two in the past, has conducted three for the past year for the cost of two, and has made those schools earn AND PUT TWELVE THOUSAND DOLLARS IN THE TREASURY.

Yet not a single member of that board, none of whom reside in the counties where the three Normal Schools are located, WAS EVER SHOWN THE COMMON COURTESY OR DECENCY DUE ANY AMERICAN CITIZEN of being asked a single question on the matter that has engaged their attention for the past two years.

This same Oregon Senate when the One Board Bill was enacted two years ago, refused to empower this board to abolish any of the schools, AND YET THE BOARD ABOLISHED THE DRAIN SCHOOL.

When nine of the best business men of the state and three state officials do the best work they are capable of and do it without pay, ARE THEY NOT ENTITLED TO A LITTLE COURTESY AT LEAST?

Not in the opinion of the honorable Senate that is under the whip hand of a Portland newspaper trying to make poli-

tics of the business of training teachers for the public schools. THE OREGON SENATE CAN DISGRACE THIS STATE by saying we will hire young men and young women trained in the Normal Schools of other states but we will not bear our share in the work of training them.

Isn't that a feautiful attitude to take before the eyes of the world and pass a bill like the Smith bill THAT IS A COMPOUND OF IGNORANCE AND PETTY POLITICS?

The Senate is not composed of men who love the public schools and are willing to have them supplied with teachers of any training.

VICIOUS EFFORT TO AMEND THE LOCAL OPTION LAW.

While pretending all through the session of the legislature that they did not want the Local Option law amended, the Local Optionists have now put through A BILL OF A VERY VICIOUS CHARACTER.

The measure known as House Bill 272, by Mahone, provides for search of private houses, and state constabulary and state assistant attorneys to take execution of law out of the hands of the district attorney.

The Senate will be asked to pass this bill that will make it absolutely A CRIME FOR A MAN TO GIVE A FRIEND A DRINK OF CIDER IN HIS OWN HOME if it has the slightest taint of fermentation in it.

How much more of hypocrisy and sumptuary legislation will the people of Oregon endure at the hands of those who are UNWILLING TO LEAVE IT TO THE PEOPLE TO DECIDE WHAT THEY DO WANT.

The original local option law was put through on an entire misunderstanding of the subject. It was not known by the people generally that they were enacting a drastic prohibition law.

The bill that has now gone through the House is only another step in the same direction of deception and destruction of personal liberty.

KILLED A GOOD MEDICAL PRACTICE ACT.

The Senate either through ignorance or lack of intelligence killed the Nottingham general medical practice act.

That bill sought to put order into the chaotic conditions SURROUNDING THE PRACTICE OF MEDICINE IN THIS STATE.

It sought to harmonize the interests of the conflicting schools, and struck a hard blow at all kinds of quackery.

What respect have members of the Senate for the best efforts of a learned profession TO PURIFY ITSELF OF CRIMINALS AND IGNORANT MEM-BERS?

Not a particle, it seems from the summary disposition of the Nottingham bill in the Senate of Oregon.

FIGHTING BOB WILL LECTURE IN PORTLAND

(United Press Leased Wire.) Portland, Feb. 18.—Portlanders are looking forward to a heart to heart talk with "Fighting Bob" Evans when he comes here on his lecture tour of the Pacific states.

No definite date for his appearance has been fixed, but the rear admiral's manager, Fred H. Nerve Sick

If weak, worn-out, nervous, cannot sleep; have indigestion, headache, neuralgia or periodic pains, it is because your nerves are weak. It is the lack of nerve force that makes the stomach, heart, lungs, etc., work imperfectly—become sick. Dr. Miles' Nervine cures the sick when it restores nerve strength, and puts the power behind the organs to do their work.

"Almost three years I suffered from nervousness, indigestion, and palpitation of the heart. I could not eat or sleep without suffering. Altogether I was in a bad condition. My doctor did not seem to do me any good. I had tried so many remedies that I did not have much hope of any of them doing me any good. Dr. Miles' Nervine was suggested by a friend. I got relief from the first, and after a few days I felt like a new person. It not only relieved my heart and nerves, but has invigorated my whole system. I am very grateful because since I have stopped using it, I have had absolutely no return of my old trouble."

MONEY

Is either idle or industrious. Idle money is carried in the pocket-book or is kept about the house. Not only does it not earn anything but it is soon gone. Industrious money is that which is earning a fair return. It adds to itself constantly. A savings account is a good example, and yet the whole deposit is available when wanted.
