ADVERTISING OREGON.

The Senators voted to abolish the Normal Schools and established a state institution for consumptives at a cost of $45,000.

IS THAT A GOOD WAY TO ADVERTISE OREGON?

The Senate strikes down training schools for public school teachers.

It establishes another asylum in Eastern Oregon.

IS THAT A GOOD WAY TO ADVERTISE OREGON?

The Senate passed a bill that every young man must be examined by a physician before he can get a marriage certificate, to show that he has no vile disease.

THAT IS TO ADVERTISE THE YOUNG MANHOOD OF OREGON.

We display our defects, advertise our liabilities and conceal our assets too much.

WE HIDE OUR VIRTUES, REVEAL OUR DEFECTS AND ADVERTISE OUR VICES.

We appropriate money for armories, for horse racing establishments, for salmon hatcheries; we create new offices from deputy constables to Supreme Judges in defiance of the constitution—all to advertise Oregon.

CAMPAIGN FOR DEVELOPMENT WINS.

The fight conducted by the Oregon Development Congress for accomplishing some of the greater things in Oregon has won out.

The general port commission act was put through the legislature by pressure of citizens from the outside.

THE BILL WAS NOT DRAFTED BY ANY MEMBER OF THE LEGISLATURE.

The bill for free locks and canal at Oregon City was extended three years to give Congress another lease of activity.

The Crater Lake road bill was forced through the legislature **BY THE ACTIVITY OF THE MEDFORD BOOSTERS.**

It means that something like Yosemite or Yellowstone Park shall be developed in the confines of Oregon.

The amendment to permit state-aided railroads was put up to the people after being forced **THROUGH BOTH HOUSES BY THE DEVELOPMENT ORGANIZATION.**

It was drafted by delegates to the Oregon and Idaho Development Congress held at Salem, and will be put through the Idaho legislature.

The really big things for the development of the state had to be fought for **BY MEN WHO WERE IN NO WAY CONNECTED WITH THE LEGISLATURE,** and won out.

The campaign for the development of a Greater Oregon has won, but its inception came not from within the legislature.

SALEM COMPANY'S SAFE IS BLOWN

The Salem Improvement Company was the recipient of some unexpected attention from the gentlemen of the road last night. The company appreciates the genial visitors about $150 worth. Yesterday the manager, expecting to meet the bills of employes today, kept rather a larger sum of money on hand than usual, putting it in the safe, an oldfashioned Wilbur, for "safe" keeping. When one of the employes came down this morning to feed the stock he discovered that the office door was open—and so was the safe. It condition showed that it had been opened by the use of dynamite or some other powerful explosive. He at once notified the manager, but all the latter could do was to pronounce the safe blowing a remarkably good job. The safe crackers had bored a hole through the door over the lock, and a couple of sticks of powder showed the means by which the burglars had persuaded the door to open. A burned fuse some two feet in length showed that the burglars had a great regard for their personal safety, for it would burn two minutes. The door was blown open, the lining or packing being simply blown to pieces, but the joints still held, in places, the soap with which they had been packed. The books and papers were scattered over the floor, but were not damaged, evidently being removed after the explosion in the search for valuables.

Mr. J. N. Smith, the manager, was unable to state this morning the exact amount of money in the safe but it was probably about $150.

No clues were left, and, of course, suspicion is not fastened on any one.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks so you I am free from all that this morning. You can use this in behalf of suffering humanity." H. F. Fisher, Roanoke, Ill.

THREE TRAIN ROBBERS NONE OVER SIXTEEN

Great Falls, Mont., Feb. 0.—Although he is only 16 years old, Albert Hatch today stands convicted of a train robbery.

After deliberating for 30 hours the jury that had listened to the evidence in the case, branded the youth as a criminal. The testimony showed that Hatch, in company with two other boys, each 17 years old, held up a passenger train on the Shelby branch of the Great Northern railroad, a mile west of Great Falls, a few weeks ago. While one of the youths held a revolver at the head of the engineer, the other two searched the pasesngers, securing about $100. William Randall, one of the accused, is now o ntrial.

THE ORIENT A MARKET FOR OUR APPLES

Seatle, Wash., Feb. 20.—That the Orient presents opportunities for extending the export trade of Washington-grown apples is the statement of E. Wagner, of Wenatchee, who arrived in Seattle yesterday from Japan on the steamer Tongo Maru. Wagner visited New Zealand, Manila, China and Japan for the purpose of promoting the export trade, taking with him 70,000 boxes of Eastern Washington apples.

The entire lot went speedily and Wagner has booked orders for 150,000 cases next fall. The quality of the fruit was highly praised, and in many important features the Orientals rated it superior to any fruit ever seen.

It seems to me," said Wagner today, that with the rapid increase in appleculture in this state any excess crop can readily be sent to the Orient, and command a profitable price. The shipment I delivered was distributed in many ports between Vladivostok and New Zealand."

PRESENTED McARTHUR A FINE GOLD WATCH

Late Friday night there was a sudden uproar in the proceedings. Mahone was in the chair and Campbell was pawing the air. Three members were demanding recognition at the same time. One man demanded a call of the house and the officers flew in all directions to gather in the missing members. The speaker was missing and messengers were sent for him. When found he was brought in and all kinds of accusations were hurled at him for various rulings he had made by Campbell and others. He was confused and got red in the face and as the din increased got next the job. Then McDonald and Davis of Multnomah and Glenn Holman for the third house handed him some eulogistic bouquets and a fine gold watch. He was visibly embarrassed and mounted the rostrum and made some appropriate remarks. The lobbies were full of people and all enjoyed McArthur's troubles and his difficulty in finding adequate and suitable vocabulary to express the feelings that welled up in his heart.
