REPTILE WORSHIP RETARDS CIVILIZATION

(United Press Leased Wire.)

Seattle, Wash., Feb. 20.—Although 3000 of their number are killed every year by cobras, which they worship fanatically, the Brahmins of Poona, Bombay presidency, are retarded in their approach to civilization by their constant veneration of the reptiles, and even when Christianized, cannot bring themselves to kill one of them. This was the statement of Rev. N. P. Nielson, of Poona, an independent missionary, who has just returned here from India.

The animal and reptile worship of India is startling," said Rev. Nielson today. In every living thing, through the doctrine of reincarnation, and the worship of ancestors, the Brahmins see a forefather, and to kill a cobra, with them, is to kill a grandmother. They safeguard the lives of these venomous creatures with jealous care. I have known many of them in the bitterest state of poverty to starve their babies in order to feed milk to these deadliest of enemies, which strike them down a moment after having had their fill.

PROBABLY TOOK THE BETTER WAY

(United Press Leased Wire.)

Missoula, Mont., Feb. 20.—Instead of leading Minnie Vandern to the altar last night when they were to have been married, Claire McGee, 22 years old, entered the barn in the rear of his home and committed suicide by shooting.

It is reported today that shortly before the hour set for the wedding Miss Vandern sent McGee word that she would not become his bride. Thereupon, the young man rushed to take his own life.

Hexamethylenetetramine.

The above is the name of a German chemical, which is one of the most valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical textbooks and authorities as a uric acid solvent and anti-septic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. J. C. Perry.

FOUL BREATH

Made Pure and Sweet by the Use of Stuart's Charcoal Lozenges.

Trial Package Sent Free.

Do not go among your friends with a breath so odious as to make your presence distasteful. Foul breath is capable of easy removal if you will take a little time to overcome it. Generally foul breath comes from one of two causes, impure gases or foul digestive fluids.

Charcoal is the strongest absorbent of foul gases known. It positively attracts poisons and neutralizes their evil effects.

A noted French physician swallowed strychnine enough to kill three men, and with a teaspoonful of charcoal removed the bad effects of this terribly swift poison.

A little charcoal in a bed room or cellar will make foul air pure. Pure willow charcoal mixed with honey are the component parts of Stuart's Charcoal Lozenges and pure breath is the result of their use after meals. Simply dissolve two or three after meals and at bed time and foul breath flees at once. No matter how you cause these gases, whether by bad food, alcohol or abuse of the stomach, Stuart's Charcoal Lozenges will stop gas making and sweeten the breath.

They are perfectly harmless and the eating of a box would cause you no inconvenience whatever.

Charcoal is hard to prepare for the stomach, because it must be strong and pure, and most people will not take it unless made palatable. Stuart's inimitable process presents charcoal to the taste and system in all the nicety desired.

Choice virgin willow is burnt into desirable charcoal; this is mixed with pure honey and the combination is compressed under tremendous power into a lozenge of great pleasantness and efficiency.

Don't let your bad breath make people cross the street to avoid you; go to the nearest drug store and buy a box of Stuart's Charcoal Lozenges today and eat what you will. Two or three after the meal will sweeten your breath at once. If you want proof of this fact send us your name and address and we will send you a trial package by mail free. Address E. A. Stuart Co., 200 Stuart Bldg., Marshall, Mich.

JAPAN WILL NOT ABANDON SEATTLE

(United Press Leased Wire.)

Seattle, Wash., Feb. 20.—Declaring that at no time have plans for participation by Japan in the Alaska-Yukon-Pacific exposition been brighter, and that the exhibits already arranged for shipment to Seattle will constitute one of the most comprehensive views of the nation's social and commercial importance ever assembled, Hon. T. Takesawa government commissioner for the exposition, has arrived in this city. Commissioner Takesawa came to take charge of the erection of a Japanese building at the grounds, and will remain during the fair. Today the commissioner is holding conferences with exposition officials and Japanese Consul Tanaka, at the conclusion of which he will complete detailed building plans and urge forward the work of construction.
