BOARD OF TRADE MAKES FINE SHOWING

At the adjourned meeting of the Salem Board of Trade last evening, some active work was done for the furtherance of the city's interests. All speakers, among the business men present, heartily endorsed the work done the past year and were in favor of pushing things ahead with doubled vim and vigor this year. Several methods of securing funds were discussed, and, to bring things to a focus, it was suggested that membership cards be passed around. This was done, and, of the ten signed, about \$1000 was pledged. This was done in less time than it takes to tell it. The ten names did not include any of the heaviest subscribers of the past, and it was a very fine indication of the temper of the Salem business people.
A method of securing this fund was finally settled by a motion for a committee of 50 to take the matter in hand. This was carried, and the chair appointed the following named gentlemen to act such committee, and, in fact, any member is authorized to help in the work:

SUPREME COURT HANDS DOWN SEVERAL OPINIONS

The following decisions were handed down by the supreme court this morning:
John Harrington, appellant, vs. Wilbur Jones, sheriff of Jackson county, Oregon, respondent; appealed from the circuit court of Jackson county; H. K. Hanna, Judge; reversed and remanded.
Charles B. Andrews, respondent, vs. Ella G. Andrews; appellant; appeal from the circuit court of Multnomah county, A. L. Frazier, judge; affirmed. This is a suit for divorce, based upon cruel and inhuman treatment and personal indignities by the defendant toward the plaintiff. The supreme court held that there appeared to be a disposition on the part of the defendant to make the plaintiff's life burdensome, and so affirmed the decree of the lower court.
G. J. McCoy and H. R. McCoy, respondents, vs. Charles Huntley, appellant. Appealed from the circuit court of Wheeler county, W. L. Bradshaw, judge; remanded.
Alex Melnis and E. G. Reed, respondents, vs. D. E. Buchanan, appellant. Appealed from the circuit court of Multnomah county, A. L. Frazier, judge; modified and affirmed.
Chas. Ray, W. H. Short, John Nasberg, William Terry, Frank Gardner, W. F. Cook, Dave Clink, appellants, vs. State, respondent. Appealed from the circuit court of Coos county, J. W. Hamilton, judge; affirmed. This is a suit where the appellants were indicted and convicted of violating the city charter of North Bend prohibiting gambling, by playing various games. The court held that the charter does not purport to give the city of North Bend exclusive jurisdiction either to prevent gambling or take from the circuit court the jurisdiction to try statutory offenses and the violations of this character.

TO RAISE TALLEST FLAG POLE ON EARTH

(United Press Leased Wire.)
Seattle, Wash., Feb. 23.—Arrangements have been completed by the Washington Society of the American Revolution to erect the tallest single-piece timber flagstaff in the world on the Alaskan-Yukon-Pacific exposition grounds. The staff will be of fir and will be brought here on a special train from Buckley. It will be erected with ceremonies by the society. The staff erected on the Lewis and Clark exposition ground, at Portland, previously held the record for tall flagpoles. The long timber will be cut by a large lumber company at Buckley, and a special train of five flat cars will be necessary to transport the staff to Seattle. From the top of the pole will be flung a 36-foot flag.

ILLINOIS MAN MAY GET INTO CABINET

(United Press Leased Wire.)
Chicago, Feb. 22.—While receiving the congratulations of friends up on the news that he has been chosen secretary of war in the cabinet of President-elect Taft, General Jacob M. Dickinson, Democrat and Confederate veteran, today informed them that he had not voted for Taft at the last national election. General Dickinson almost immediately put himself right by saying that he did not vote for Taft's opponent, and that he did not vote at all.
Dickinson refused to deny or confirm the rumor that he has been chosen to succeed General Luke E. Wright, but he repeated emphatically that he is still a Democrat.

ONE WAY OF PAYING HIS WIFE'S BILLS

(United Press Leased Wire.)
Wallace, Ida., Feb. 23.—A widow and five children who are penniless and without food, are today mourning the loss of husband and father, J. S. Murray, a miner, who yesterday ended his life because his wife had articles bought at a store charged to his account without his knowledge.
The family lived at Gem, Idaho. When Murray returned from his work his wife informed him that she had been given a little more credit by the grocer. He became angry, demanding to know what right she had to accept groceries under such conditions. Murray retired from the room and a few minutes later was dead, the victim of strychnine taken with suicidal intent.

HINDUS CONSPIRE TO OUST THE ENGLISH

Victoria, B. C., Feb. 23.—Evidence supporting that already in hand that a conspiracy exists among the Hindus of Victoria and Vancouver, B. C., to smuggle arms into India, in an attempt to overthrow British rule in that far-away country, has just been disclosed in sworn testimony given in a police court hearing here.
Following an inflammatory speech made here by a Hindu preacher against the English government, several arrests were made, and it was the subsequent testimony in the case that furnished the evidence of the conspiracy. It is said that the preacher has induced the Hindus of Victoria and Vancouver to contribute all their savings to a fund being raised to purchase arms and ammunition to be smuggled into Calcutta.
The money collected here has been sent to Seattle, where the purchases were made. The Hindus are laying the foundation for a revolution in India with the greatest secrecy. The Sikhs are keeping the facts well to themselves, as the murder of one of their number who recently disclosed information is fresh in their memory. Secret agents of the government are working hard to discourage the conspirators.

WOUNDED TWO DAYS BEFORE DISCOVERED

Stockton, Cal., Feb. 23.—An investigation of the road houses near this city was the outgrowth today of the stabbing of 15-year-old Arthur Conly who was brought to the Emergency Hospital last night. Conly had suffered three deep stab wounds on the neck and said that he did not remember how he received them.
The boy declared that he went with companions of his own age to a roadhouse, and that all became intoxicated. He dimly remembers that a fight started. He was found unconscious, and investigation showed that the boy had been stabbed nearly two days before he was found.

Terrill against President Roosevelt, former Governor Ferguson, of Oklahoma Territory and other officials, has been dismissed. UNCLE TOM'S CABIN WITH THE ROOF OFF

"Uncle Tom's Cabin" drew a large house last night. The Grand opera house was filled from the bald headed row clear back to the last edge of standing room, and the audience was rewarded for its enthusiastic attendance with about "the worst ever." Of course, the modern Uncle Tom's Cabin companies are expected to furnish the worst there is, but this one "painted the lily, gilded refined gold, and added fresh perfume to the violet" of worseness. There seemed to be only one female in the troupe, outside of Little Eva, and between doing stunts to fill the bill from the acnte brunette of Eliza to the carrot-topped old maid, she was decidedly overworked.

Little Eva was an energetic child, and when she saw how large the audience was, and what an opportunity there was to sell her pictures as soon as she got back from heaven, hardly took time to die. In fact she expired as suddenly as though some one had drawn her last breath with a corkscrew, and she went to heaven with a

rush and skiddoo that was unseemly for so solemn an occasion. The celerity with which she returned from the Celestial Shore, with an armful of pictures of herself, suggests the idea that she never got farther than the "nigger heaven."

"Liza's stunt in crossing the Scappoose on single bolts was thrilling, but she unfortunately made the trip and reached the shore safely, much to the chagrin of the audience.

Legree looked as though he was running a blind pig in Eugene, and suspected the sheriff was after him, while the bloodhounds were as gentle and mild-mannered as a Statement One man at the organization of the Oregon legislature.

ADOPT NEW RULES FOR MAKING STEEL RAILS

(United Press Leased Wire.)
Chicago, Feb. 23.—Radical changes in the specifications for the manufacture of steel rails will be recommended, according to authoritative information today, by a committee of experts in a report to be submitted at the annual meeting of the American Railway Engineering and Maintenance of Way Association, which will be held here in March.
The committee was given the subject for investigation months ago when the American Railway Association was unable to come to a definite conclusion regarding the subject. It is understood that the committee will recommend what is known as the drop test, and will present specifications for the manufacture of a drop testing machine for use in the manufacture of steel rails.
The members of the committee have made an exhaustive research into the causes of broken rails and their effect upon the operating record of American railways. It is understood to be the opinion of the committee that the manufacturers are not furnishing the railroads as good rails as they should.

HAD PREMONITION OF HIS MURDER

(United Press Leased Wire.)
San Francisco, Feb. 23.—"Whoso sheddeth man's blood, by man shall his blood be shed." The scriptural quotation was regarded by Thomas J. Guinea as applicable to himself and he told his friends that it was a premonition of his death, according to Miss Pauline Harris today. Guinea was shot and killed early Friday morning by Harry Howard, a night clerk, after a quarrel.

Howard shot Guinea in the shoulder and at the time the bullet was thought to have inflicted only a superficial wound. It had penetrated several vital organs, however, and Guinea died two days after he was shot.

Shortly before the shooting he told Miss Harris that the biblical quotation had kept recurring to him for several weeks. Miss Harris said that she was reading the bible one morning when Guinea called her on the telephone and she told him at that time that she was reading from Genesis where the passage occurred. Later they went to a play together and the fatal lines occurred in the dialogue. At the time Guinea remarked that it was a warning.
