

ROYAL BAKING POWDER

Thousands of millions of cans of Royal Baking Powder have been used in making bread, biscuit and cake in this country, and every housekeeper using it has rested in perfect confidence that her food would be light, sweet, and perfectly wholesome. Royal is a safeguard against the cheap alum powders which are the greatest menacers to health of the present day.

ROYAL IS THE ONLY BAKING POWDER MADE FROM ROYAL GRAPE CREAM OF TARTAR

BURIED WORKMEN RESCUED TO-DAY

Seattle, Feb. 24.—After having been imprisoned forty feet beneath the surface of the earth for nearly twenty-four hours, in imminent danger of being crushed to death by the tons of dirt and timbers that hung menacingly over their heads, the nine workmen who were yesterday morning buried by a cave-in of the north trunk sewer near the exposition grounds, were liberated at 8 o'clock this morning.

All day yesterday and throughout the night rescue parties worked with all haste to reach the entombed workmen, and this morning their efforts were rewarded when the drift which

they had been running broke through into the narrow chamber that held their comrades prisoners.

When led from the tunnel this morning the rescued men showed no ill-effects from their terrible experience. Scores of relatives and friends who had been watching and waiting for word from behind the mass of earth greeted the liberated men joyfully, and many affecting scenes were enacted.

It is now definitely known that but two men, Duncan Robertson and August Stebel, whose bodies were recovered yesterday afternoon, lost their lives in the cave-in.

COL. MUNCY WILL LECTURE TONIGHT

Col. J. N. Muncy, member of the legislature from Coos and Curry counties, an expert miner and a splendid speaker, will deliver a lecture tonight at the Unitarian church, his subject being "Coos and Curry Counties and Their Inducements for a Greater Oregon."

Col. Muncy has lived in southwestern Oregon for more than twelve years, and is perfectly familiar with all the conditions of that section. He has devoted years of his life to mining and is enthusiastic over the vast mining propositions in Coos and Curry awaiting development. That this section will put Oregon well to the front as a mining state is his firm belief and the samples of ores the colonel shows are certainly enough to justify his belief. He has specimens of native copper, bornite and copper sulphide that are incomparable. Other specimens of cobalt and antimony, with tellurium compounds running into the thousands of dollars to the ton, and all taken from the remote and thoroughly isolated section of Oregon embraced in Curry, Coos and part of Josephine counties.

Colonel Muncy is a natural orator, with vivid powers of description, and those who attend the lecture at the Unitarian church tonight will enjoy a treat. Governor Chamberlain and

NORMAL SCHOOL REGENTS HOLDING FUNERAL SESSION

The State Board of Regents of Normal Schools met at the state house at 10 o'clock today to consider what to do with the normal schools that have been abandoned by the legislature.

President Resler, of the Monmouth school, which has been running for two years without state aid, made the following statement:

Statement From Monmouth.
In the spirit of "fair play," I should like to request a hearing in the normal school question in Oregon. The Portland daily papers for years have vilified these institutions and repeatedly made charges of graft until there is an idea abroad that dishonesty and incompetency are their chief characteristics.

Now, either these charges are true or they are untrue. If they are true, some person connected with the schools are guilty, and should be exposed. The criminals are members of the legislature, regents, officers or instructors. If the charges are untrue, then it is a gross injustice to continue to circulate and publish them.

In any event, the disposition of the matter by the legislature has settled nothing, but has resulted in the greatest hardship to innocent parties. Certainly it can be considered no crime for instructors to accept employment, legally and regularly made by the Board of Regents. It has never been considered unlawful or blameworthy for young men and women to enroll in a school, which prepares them to render useful service to the state and their fellows.

We have now at Monmouth 113 students who have paid their tuition and completed three weeks of the second semester. Thirty-six of these are in the senior class. To close down the school at once will mean a loss of not less than \$50 each to all non-resident students. Even then, they cannot enter any other institution in the state and complete the year's work. I shall not recite the wrongs of the faculty or innocent citizens who have moved to these towns for the benefit of schooling their children.

I am engaged in the preparation of a statement of the case which will be mailed to you in a few days, and which I respectfully request you to publish if you think proper.

Resolution to Abolish.
Regent Hofer offered a resolution reciting that whereas the legislature had failed to make any provision to maintain normal schools in Oregon, that the schools be discontinued, which was adopted. The regents present were Chamberlain, Ackerman, Benson, Ayer, Maier and Hofer. President Resler appeared and made a statement that Independence and Monmouth had put up enough money to run that school until June 16, when the class of about 40 will graduate. Arrangements will be made through the executive committee to issue diplomas to the graduating classes of the three schools, without further expense to the state.

Save Money by Buying Dr. Chamberlain's Cough Remedy.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but you save money in buying it. The saving is in what you get, not what you pay. The sure-to-cure-you quality is in every bottle of this remedy, and you get good results when you take it. Neglected colds often develop serious conditions and when you buy a cough medicine you want to be sure that you are getting one that will cure your cold. Chamberlain's Cough Remedy always cures. Price 25 and 50 cents a bottle. For sale by Dr. Stone's Drug Store.

A fellow does well to get out of the devil's trap, if he has to gnaw off his leg to do it.

Ask Yourself the Question.
Why not use Chamberlain's Lotion when you have rheumatism? We feel sure that the result will be prompt and satisfactory. It has cured others, why not you? Try it. It costs but a trifle. Price 25 cents; large size, 50 cents. For sale by Dr. Stone's Drug Store.

Hon. W. H. Holmes will also be present and perhaps have something to say. Do not fail to go.

PORTLAND ATTORNEY UNDER ARREST

(United Press Leased Wire.)
Portland, Or., Feb. 24.—Arthur L. Campbell, a former Boston attorney, is today at liberty on \$1500 bonds following his arrest yesterday on a complaint sworn to by Postal Inspector O. C. Riches of Boston, in connection with the alleged fraudulent use of the mails in the sale of Nevada mining stocks.

The authorities in Portland were notified that Campbell was indicted in the east in 1905. Campbell told United States Commissioner March, before whom he waived preliminary hearing, that his attorney at Hanford, Conn., had informed him that the indictment had been dismissed.

He came to California and later to Oregon, where he has been practicing law in Portland for some time.

U. S. STEEL AT WAR WITH INDEPENDENTS

(United Press Leased Wire.)
New York, Feb. 24.—In spite of the sensational declines made yesterday in United States steel stocks, officials of the steel trust, which has opened war on the independents, today profess to be as optimistic as ever, and declare there is no cause for worry.

One of the high officials says the sharp decline has not weakened his faith in the stocks.

"We still believe in our stocks," he declared. "There is no good reason for a raid on them. It will be seen that these stocks will recoup within a few hours, thereby ending the flurry."

If any of the steel trust magnates fear for the future they are successfully concealing any signs of it from the general public.

Those Washington people, who think there is only one White House in the world, have evidently never visited Portland, or, if so, have never wandered up towards Milwaukie.

C. R. Kluger, the Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." J. C. Perry.

BE AN AMERICAN, SAYS AN EXCHANGE

It is one of the greatest weaknesses of human nature that people will look far and wide for things that lie close at hand. Never was this truth better illustrated than in the case of those who are rushing pell mell into Canada. Like a band of sheep many people from this county have rushed up into the frozen north and invested locally earned money in cheap land. Canadian Pacific land agents who have been making handsome commissions, have naturally applauded their action.

But there is no earthly need for a Umatilla county man to go abroad to make profitable investments. This county itself offers golden opportunities. Down in the west end of this county there are thousands of acres of land that is going to be of almost inestimable value. Land that may now be had for \$100 per acre, or a trifle more, is going to be worth \$1000 or more within five years time. Does this sound like a fairy tale? Investigate it and you will find it is the truth. Canadian land agents are claiming that Alberta offers golden advantages for farmers. They are paid to do such work. But compared with the opportunities in the irrigated districts of this county, Canadian investments are a flim-flam. The real gold is right near you if you but look it up.

Just now the Canadian Pacific people are circulating literature derogatory of this country. They claim Oregon offers no good inducements for new-comers or for poor people. This is a slander that is unworthy even a foreign real estate concern. Compared with that bleak northwest territory Oregon is a paradise. This is a land of milk and honey. This is a land where people live; where there are schools and churches; where the American flag makes a man a man. In this county and in other parts of the state there are golden opportunities for honest, industrious people. If you want to invest some money spend it near home. Don't become a foreigner.—East Oregonian.

There is hope of a person who has sense enough to get tired of being a fool.

SEVENTY-EIGHT YEARS AGO

this famous old medicine became favorably known as an effective remedy for Coughs and Colds. Today

DR. D. JAYNE'S EXPECTORANT

is known and used all over the world for relieving and curing Coughs, Colds, Bronchitis, Pleurisy, Croup, Whooping-Cough, Inflammation of the Lungs and Chest, and Asthma. Countless thousands of homes are never without a bottle of this standard medicine.

Sold by all druggists, in three size bottles, \$1.00, 50c. and 25c.

Dr. D. Jayne's Tonic Vermifuge is equally well known as a gentle and effective tonic for the whole family.

The person who isn't going to do right till tomorrow is always 24 hours from it.

Pneumonia Follows La Grippe.
Pneumonia often follows la grippe but never follows the use of Foley's Honey and Tar, for la grippe coughs and deep seated colds. Refuse any but the genuine in the yellow packages. J. C. Perry.

Baby Hands.
Will get into mischief—often it means a burn or cut or scald. Apply Ballard's Snow Liniment just as soon as the accident happens, and the pain will be relieved, while the wound will heal quickly and nicely. A sure cure for sprains, rheumatism and all pains.
Price 25c, 50 and \$1.00 a bottle. Sold by all dealers.
