STOCKTON

IS ANOTHER CASE FOR HENY

[United Press Leased Wire.]
West, Feb. 26.—Following investigation into the death of

Joseph Koller, a watchman, whose body was found on a railroad track near here last night, detectives today announce that the man had been killed for giving information to the authorities against timber thieves.

CUSHMAN WANTS PLUMS FOR FAMILY USE ONLY

Tacoma, Feb. 26.—The report from Washington, D. C., to the effect that Congressman Cushman of Tacoma, through an agreement with Senator Piles of Seattle, will be allowed to name his brother, Ed Cushman, as the new federal judge for this district, will undoubtedly bring forth a determined protest from prominent members of the bar.

The fact that Congressman Cushman is attempting to keep the federal plum in the family, however, is not the basis for the complaint. Prominent attorneys here object to the elevation of Ed Cushman because of his attitude upon progressive governmental and civic issues. His position on these matters is aptly stated in his own words used at the time when Francis J. Heney was shot down in San Francisco recently. On learning of the attempted assassination, Cushman is reported to have said: "That's good. I wish he had been killed. He deserved it."

JORDAN WILL TELL WHAT HE DOESN'T KNOW

Stanford University, Cal., Feb. 26. With the object of drafting international laws to cover fisheries and fishing in the waters on the boundary lines between the United States and Canada, E. E. Prince, special commissioner for Great Britain and the Dominion of Canada, will arrive here within the next few days to confer with D. S. Jordan, United States special commissioner.

The laws which those authorities will evolve will set to rest many questions which have been the cause of international disputes heretofore. The result of the conference, with a draft of the laws, will be presented to President Taft on June 3 by Jordan and to the British parliament by Prince. Taft will put the report before the next congress, and should it and parliament approve of the laws embodied, they will become part of the international code.

Marshall Is "Unco" Good.

Indianapolis, Ind., Feb. 26.—Governor Marshall today vetoed the bill permitting Sunday baseball in this state.

SALEM HIGH WILL MEET JUNCTION CITY

The Salem high school debating team went to Junction City this morning to debate and settle the question whether "the country should maintain the unit school administration, rather than the present district system."

Salem has the affirmative, and is represented by the following bright students:

- Howard Tinneyman.
- Seth Axly.
- Robert Minton.

Professor Eastham, who has coached the team, accompanied them.

This is the third debate for the Salem team, it having won the two previous ones. This debate settles the district championship. If Salem wins, the team will meet the Southern Oregon champions for state honors.

WHICH WILL SEND THE WORST SHOWS?

[United Press Leased Wire.]
Chicago, Feb. 26.—After the acquirement of the booking control of 56 theatres in Iowa and Illinois for a consideration of \$275,000, the Shubert Bros. today have become a stronger and more dangerous rival of the Klaw & Erlanger theatrical syndicate. It is believed that the move of the Shuberts presages a bitter fight for the control of the Chicago theatrical world.

The circuit acquired by the Shuberts had a working agreement with Klaw & Erlanger, who have heretofore represented it in the East. The firm still retains booking control of more than 200 theatres in the territory entered by the Shuberts, but it is believed that the Shuberts will obtain the bookings of territory from Indiana to the gulf, along the Mississippi river.

HANDS BURNED OFF BY GASOLINE

San Francisco, Feb. 26.—After having soaked his hands in gasoline to remove paint stains, Frank Buntz, whose home is at Sausalito, picked up a lighted oil lamp at the Vallejo street wharf this morning. In an instant his hands were covered with flames. Without hesitating a moment he jumped from the wharf into the water below and extinguished the flames. He then swam to the pier and after clambering up a rope, ran to the Harbor emergency hospital, where he was treated.

The bones of his hands were about all that were left, the greater part of the flesh having been burned away. Buntz had just finished painting a little launch, which he owns, when the accident occurred.

POLITICS RUINED SPARKS.

Nevada's Late Governor Lost All in Struggle for Office.

Reno, Nev., Feb. 26.—The home ranch of the late Governor Sparks has been sold at public auction here by the sheriff to the Farmers & Merchants Bank of Reno for \$46,709.23. The property includes 317 acres of land with improvements and water rights. The governor, at one time, was rated one of the wealthiest men in the state, but spent most of his fortune being elected governor and trying to be elected United States senator.

BURGOMASTER COMING WITH FIFTY GIRLS

At last a real, genuine comic opera, presented by a company of exceptional merit, will prove quite an innovation to local music lovers. That musical gem, "The Burgomaster," with many of the first and original company is booked to appear at the Grand Opera House Friday, March 5. The present company is headed by Harry Hermosen and Ruth White, who are both well known to the comic opera stage, and the supporting company numbers over half a hundred others.

GRAFT PLOT IN CHICAGO.

Saloonkeepers Must Tell Who "Men Higher Up" Are.

[United Press Leased Wire.]
Chicago, Feb. 26.—An alleged grafting plot, said to involve Chicago politicians of state-wide influence, was responsible for the appearance of nearly 100 saloonkeepers before the grand jury. They were faced with the alternative of indictment for maintaining gambling devices or revealing the identity of those to whom they are alleged to have paid tribute.

The clique to which the tribute is said to have been paid is alleged to have divided \$40,000 within a year, through farming out unlawful privileges to keepers of saloons.

Are doctors good for anything?

Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you.

J. C. Ayer Co., Lowell, Mass.

ROSANO HAS A FEW BUSY MOMENTS

[United Press Leased Wire.]
Berkeley, Cal., Feb. 26.—While suffering from cancer, L. Rosano, a patient, armed with a surgical instrument, and clad in his night clothing, last night wrecked the furnishings of the Cancer Hospital here, and terrorized the other inmates and nurses until finally subdued by the police. He now lies in a precarious condition at the Central Hospital, where his mental condition will be examined.

Rosano, in his dementia, slashed window curtains, upholstery and bedding. He broke chairs, glass jars and apparatus, and threw open all the doors and windows of the building.

Nurses succeeded in attracting the attention of citizens, who summoned the police, and Rosano was overpowered and disarmed.

SHUBERT BROTHERS OR KLAU & ERLANGER

[United Press Leased Wire.]
San Francisco, Feb. 26.—The prospects of a match between Johnny Coulon and Monte Attell on St. Patrick's day are bright today, according to Jimmy Coffroth, who has plans made out for staging the match at his Mission arena.

Coulon telegraphed Coffroth that he would meet the winner of the Attell-Moran fight shortly, before that battle, and is said to have declared that he would fight at 115 pounds, and that the weight need not be made at the ringside.

It is believed that Coulon has accepted the inducements offered by Coffroth, and that he will leave New York soon for this city.

Attell's manager, Harry Foley, gave out a statement that Attell would meet Coulon at 115 pounds six hours before entering the ring. Attell is also willing to meet Walsh and Reagan again.

With Coulon claiming the bantam championship in the East, and Attell laying claim to the title in the West, a match between the two would make a good card for Coffroth.

AS WISE A JUDGE AS WAS GOOD PORTIA

[United Press Leased Wire.]

Frankfort, Ky., Feb. 26.—Newspapers throughout the state today are commenting favorably upon the action of Governor Augustus Wilson, who yesterday pardoned the publishers of the Louisville Herald, charged in two counties with criminally libeling Judge Thomas P. Cook and Commonwealth Attorney D. P. Smith in connection with the night-riding trials in western Kentucky. In pardoning the newspaper men, Governor Wilson wrote:

"If the courts don't put an end to the rule of crime in the counties in which the judge and the commonwealth attorney are elected to uphold law and order, the only hope of permanent relief from such conditions is an enlightened public sentiment aroused by the press of the country, and instead of punishing the newspaper which makes a fight against such conditions, it should be regarded as fulfilling a duty."

The Pure Food and Drug Law

Has not only brought the pure foods and drugs of the country up to a higher standard of purity, but it has eliminated the harmful medicines with which this country was flooded.

Such medicine, however, as Lydia E. Pinkham's Vegetable Compound, purely a roots and herbs product, will continue its beneficial work among women.

TEE DOG WAS AT LEAST HONEST

Santa Fe, N. M., Feb. 26.—After finding a wallet containing \$5000 in currency and notes, a dog owned by Frank Owen was today presented with a valuable collar by B. F. Pankey of Topeka, Kan., owner of the pocketbook.

Owen's dog which is a thoroughbred setter, carried the wallet to his master's office last night and it is believed he picked it up in the street.

For Weak Kidneys

Inflammation of the bladder, urinary troubles and backache use

DeWitt's Kidney and Bladder Pills

A Week's Trial For 25c
